S. P. O'DONNELL,  
*Offg. Secretary to the Govt. of India.*

No. 8340 A.—The 29th December 1920.—The following Resolution by the Government of India, Department of Education (Ecclesiastical), is republished in the *Calcutta Gazette* for general information :—

No. 448, dated Delhi, the 18th November 1920.

RESOLUTION—By the Government of India, Department of Education, Ecclesiastical.

As a sequel to the action taken on the Report of the Royal Commission on the Public Services in India, the Government of India have for some time had under consideration the question of the pay of chaplains on the Ecclesiastical Establishment as well as the rate of allowances given to other clergy. The Government of India are pleased to announce, with the approval of His Majesty's Secretary of State for India, the following revision :—

2. *Chaplains of the Indian Ecclesiastical Establishment* (Anglican and Scottish).

(i) The rates of pay will be as follows :—

		Rs.				Rs.
1st year	...	600	11th year	...	...	900
2nd "	...	625	12th "	...	...	950
3rd "	...	650	13th "	...	...	1,000
4th "	...	675	14th "	...	...	1,050
5th "	...	700	15th "	...	...	1,100
6th "	...	725	16th "	...	...	1,150
7th "	...	750	17th "	...	...	1,200
8th "	...	775	18th "	...	...	1,250
9th "	...	800	19th "	and thereafter	...	1,300
10th "	...	850				

(ii) No pay higher than Rs. 600 will be granted to any chaplain appointed at an earlier age, until he has completed his twenty-eighth year of age. On completing 28 years of age he will be entitled to draw Rs. 625, if he has already put in 12 months' service, and from that point will advance by the ordinary annual increments.

(iii) A chaplain, who on appointment is over 30 years of age, will start in the time-scale one year in advance of the minimum for each completed year, up to a maximum of 5 years, by which his age on appointment exceeds 30 years.

(iv) Time spent in India on service under the Additional Clergy Society or on other approved service, which already, under Article 576, Civil Service Regulations, counts for probation and pension, will, in future, be permitted to count also for increments of pay up to a maximum of two years.

(v) The concessions announced in sub-paragraphs (iii) and (iv) above will not be cumulative.

(vi) Furlough allowances will be given under the ordinary rules contained in Articles 316 (c), 316-A (e) (ii), 317 (ii) and 319 of the new leave rules published with the Finance Department Resolution No. 1367-C. S., dated the 29th July 1920. But, as this change involves a lower rate of allowance after the expiry of the first two years of each separate period of furlough, any chaplain who was on furlough between the 1st December 1919 and the 30th September 1920 (the date of the Secretary of State's orders) may have his choice of continuing on the old rates or coming under the new rates until the conclusion of his furlough. The allowances will invariably be at the new scale in the case of chaplains taking furlough from any date subsequent to the 29th September 1920.

- (vii) A further announcement will be made regarding rates, etc., of pension.
- (viii) All other conditions of service will remain as at present, with this exception, that Article 600 (a), Civil Service Regulations, under which a chaplain is compelled, unless specially exempted, to retire after 25 years' service, will be cancelled.

In announcing these terms of pay, the Government of India desire to point out that claims had been urged from various quarters that rent-free houses or allowances in lieu of house-rent should be accorded to chaplains. This point has been carefully considered. It has, however, been decided that a more appropriate method would be to accord a rate of pay sufficient to meet expenses in connection with housing. It is to be clearly understood that the rates of pay announced above have been definitely calculated so as to take such expenses into account.

3. *Aided clergy.*—(Anglican and Scottish). Clergy officiating under Article 602, Civil Service Regulations, will be eligible for an allowance of Rs. 125 a month. The allowance granted to clergy under Article 603, Civil Service Regulations, will be Rs. 200 a month, the amounts which local Governments and Administrations are permitted annually to spend for meeting the provisions of that Article being proportionately raised.

4. *Roman Catholic chaplains in civil stations.*—Where a Roman Catholic priest receives an allowance of Rs. 100 a month, he will now receive Rs. 125 a month. Where such a priest receives Rs. 150 he will receive Rs. 200 a month.

5. *Clergy employed at railway centres.*—Such clergy ordinarily receive allowances of Rs. 150 a month. These allowances will now be raised to Rs. 200 a month. In cases where the present allowance is less than Rs. 150, a proportionate increase will be given.

6. The revision announced in the preceding paragraphs will take effect from the 1st December 1919 in all cases [with the exception of furlough allowances in any case where a chaplain elects to remain under the old rules in the manner described in paragraph 2 (vi) above].

7. The revision now sanctioned does not apply to ministers of religion whose grants and allowances are dealt with in Army Regulations, India, Volume I, Articles 380 to 396. The case of these is under separate consideration.

### KING'S POLICE MEDAL.

#### NOTIFICATION.

(POLICE.)

*Delhi, the 1st January 1921.*

No. 1.—His Majesty the KING, EMPEROR OF INDIA, has been pleased to confer the King's Police Medal, including in two cases, a bar to the Medal previously added, on the following officers and men of the Indian Police establishments:—

#### BENGAL.

Name of officer and rank.	Statement of services for which in particular the decoration has been conferred.
14 Rasiduddin Ahammad, Head Constable. 15 Harendra Nath Chakrabatti, Head Constable.	These two Head Constables on the night of the cyclone in September 1919 rendered conspicuous service in saving the lives of others at the risk of their own lives at Lakhpasha in the Narail subdivision of the Jessore district. They saved women and children by dragging them from falling houses, and their courage and coolness of mind were specially brought to the notice of the Government by the Special Commissioner in charge of cyclone relief work.

Name of officer and rank.	Statement of services for which in particular the decoration has been conferred.
16 Mohendra Nath Mukherji, Inspector, Calcutta Police.	This officer joined the Bengal Police as a 2nd grade writer constable in the year 1892 and by sheer merit has risen to the rank of Inspector. He has shown marked detective ability and his services have earned the special commendation of Government. He is at present the senior Inspector in the Calcutta Detective Department, where he has shown himself a most trustworthy and zealous officer and where his work has been of an exceptionally high standard. His intimate knowledge of Calcutta criminals is of the utmost value. During 1919, he succeeded in detecting and prosecuting to a conviction a gang which was responsible for 8 murders of public women. He has also tracked down the criminals responsible for a burglary committed more than a year previously; property to the value of more than 50,000 rupees was recovered by him and the criminals convicted.
17 Didar Husain, Sub-Inspector of Police.	This officer displayed great bravery and presence of mind during the <i>hat</i> looting disturbances in December 1917, in dealing with a mob numbering about 400 persons which had collected in front of a Marwari's shop at Sundarganj in Rangpur and threatened to loot it. He ordered the mob to disperse but, as they refused, he sent for three muskets from the police station and warned the mob, which had already started looting, that he would fire on them if they did not disperse. The mob then attacked the police. The Sub-Inspector fired and wounded two of them, with the result that the crowd dispersed at once and looting stopped. His prompt action had an excellent effect in preventing crime and saving property.
18 George Woods Dixon, Superintendent of Police, Officiating Deputy Inspector General, Intelligence Branch, Criminal Investigation Department, Bengal.	This officer joined the Indian Police in 1906 and was employed on district work till September 1916 when he was specially selected for executive work in the Intelligence Branch of the Criminal Investigation Department at a time when that work involved heavy and dangerous duties. He is most careful and sound in his judgment and can be trusted to conduct the most intricate cases. He was appointed in 1918 to hold charge temporarily of the Intelligence Branch, Criminal Investigation Department, and has again been in charge since April 1919. Throughout his service in the Intelligence Branch, he has shown great devotion to duty and has performed valuable political and secret work at considerable personal risk.
19 Bharat Mukharji, Chandra Head-Constable.	This officer entered the service as a Head-Constable in January 1909 and is now attached to the Central Intelligence Branch. He has on several occasions exhibited unusual courage and tact in conducting enquiries of a secret nature involving considerable personal danger and also in securing valuable information which could not have been procured otherwise than by his means, which he has done successfully.

Name of officer and rank.	Statement of services for which in particular the decoration has been conferred.
20 Derajuddin, Constable.	This Constable showed conspicuous gallantry in the arrest of a notorious offender who had escaped from custody. The man was armed with a <i>ramdao</i> and when resisting attack was tackled and captured by the Constable who was armed only with a <i>lathi</i> .
21 Subodh Chandra Chakrabartti, Inspector of Police.	This officer entered service as a Head-Constable in 1903, received promotion to the rank of Sub-Inspector in 1905 and was specially selected as Inspector in 1918. His work has been marked by conspicuous courage and ability.
22 Shaj Mahamad, Head-Constable.	This Head-Constable showed great gallantry when deputed in September 1919 to arrest a notorious dacoit who had been absconding since 1916. The Head-Constable was unarmed and the dacoit turned on him and inflicted injuries with a knife, but the Head-Constable grappled with him and held him till assistance arrived.
23 Thakur Singh, Officiating Inspector of Police.	This officer has rendered nearly 36 years' service of exceptional ability and merit. He received special rewards for saving life and property in the earthquake in Assam in 1897, for arresting a dangerous armed criminal, on which occasion he was shot in the head, and for the arrest of 10 other dangerous criminals and escaped convicts. He did excellent work as drill instructor in the Rajshahi Constables' Training School, and as Sub-Inspector and officiating Inspector in the Rangpur armed police he has brought that force to a high degree of efficiency.

H. L. STEPHENSON,  
Chief Secretary  
to the Government of Bengal.

No. 3183F.

Delhi, the 16th December 1920.

#### RESOLUTION.

The introduction of the Reforms will bring about a complete change in the financial relations between the Central and Provincial Governments, which will involve some important changes in the general form of accounts and in the prescribed major heads. The necessity for making these changes has at the same time afforded an opportunity of carrying out a complete revision and rearrangement of the existing scheme of major heads which, it has been felt for some time, has needed improvement in several directions. The changes described below have received the sanction of the Secretary of State and are now published for general information. They should be given effect to in the estimates and accounts commencing with those for the year 1921-22.

2. Provincial Governments have hitherto had no separate revenues of their own, their resources being obtained mainly from a share of divided heads of revenue and from lump assignments from Imperial revenues.

Complete separation of Imperial and Provincial accounts.

The transactions of the Imperial and Provincial sections have accordingly been combined, but shown under distinct divisions, against each major head of revenue and expenditure, in the general accounts and estimates. In future, however, definite sources of revenue will be allocated to the Provincial Governments and there will be a complete separation between the revenues and expenditure of the Central and Provincial Governments, though all moneys received from sources of provincial revenue will be paid to the public account of which the Governor-General in Council will continue to be the custodian. It will no longer be necessary, therefore, to record together the Imperial and Provincial transactions against each head of account. The accounts and estimates of the Government of India will, in future, embrace the transactions of the Central Government only under each head of account, the transactions of the Provincial Government appearing in them merely as a net addition to or withdrawal from their banking account with the Central Government.

3. At present all revenue realized and expenditure incurred in England which are finally adjusted in the Home Accounts are treated as Imperial, irrespective of whether they pertain to an imperial, provincial or divided head. In future, the incidence of revenue and expenditure will be determined by the division of subjects between the Central and Provincial Governments; the Secretary of State and the High Commissioner for India will maintain separate accounts of the expenditure incurred in England on behalf of Provincial Governments and the revenue realized, if any, in respect of provincial subjects, and they will furnish to each Provincial Government copies of the accounts and estimates relating to provincial transactions. The net expenditure incurred in England on behalf of each Provincial Government will be charged to its balances in India at the end of each quarter.

4. To avoid an inflation of the accounts and the resultant erroneous impression as to the incidence of revenue in India, the working expenses of Railways are at present deducted from the gross receipts, and the net receipts only are shown on the revenue side of the accounts. It has been decided that the same procedure shall be followed in the case of other two commercial services, viz., Irrigation works and Posts and Telegraphs. Accordingly, the working expenses of Irrigation works and expenditure on Posts and Telegraphs will be shown as a deduction from revenue, interest charges relative to the same being shown on the expenditure side.

5. Gain or loss by exchange on the net home expenditure of Provincial Governments, as also on the net outlay in England on the commercial services will, in future, be credited or charged, as the case may be, to the Provincial Governments or to the commercial department concerned. Gain or loss in respect of the net expenditure of the Central Government not relating to the commercial services will be credited or charged in lump under the revenue or expenditure head "Exchange" in the Central Accounts; this head will also record in the Provincial Accounts the exchange on the net home expenditure of Provincial Governments. For the purpose of these adjustments, the exchange will be calculated monthly on the basis of the average\* of the daily Calcutta Telegraphic Transfer rates on London during the month.

6. A list of the major heads of revenue and expenditure as now revised is given in Annexure 1 to this Resolution. The changes introduced are explained below:—

Description of changes made in accounts.

(i) The transfers now made between the Imperial and Provincial revenues will be discontinued and there will be substituted therefor fixed contributions from the Provincial Governments to the Central Government and also fixed assignments in consideration of the allocation to the provinces of a share in the revenue realized from taxation on incomes. There may also occasionally be some miscellaneous adjustments between the Central and Provincial Governments in respect of services rendered by one to another. The adjusting head "Transfers between Imperial and Provincial revenues" has therefore been replaced by two new heads "Contributions and Assignments to the Central Government by Provincial Governments" and "Miscellaneous adjustments between the Central and Provincial Governments". The heads will be opened on both the receipt and expenditure side, the entry under the former head on the expenditure side representing the payments by the Provincial Governments and the entry on the receipt side the credits to the Central Government. It has also been decided that with the greater independence of provincial finance under the altered conditions the present rule against inter-provincial adjustments in Article 1337, Civil Account Code, shall be rescinded.

(ii) Each Provincial Government will be required in future to set aside from its resources a fixed sum every year for famine insurance, and the appropriation of £1 million a year hitherto made from Imperial revenues for famine relief and insurance now disappears, and with it also the head "Reduction or Avoidance of Debt". The sums thus set aside by the Provincial Governments will be devoted in the first instance to outlay on the construction of protective works and, if necessary, on relief measures, the sum not required for these purposes being utilized in building up a Famine Insurance Fund. The balance at the credit of the fund will be regarded as invested with the Central Government which will pay interest on it, and it will be available for application, when necessary, to any of the objects mentioned above, and also to the grant of advances to cultivators.

In order to give effect to the above scheme for famine insurance by Provincial Governments the major head "Famine Relief and Insurance," which will come under the Miscellaneous Section has been split up into two sub-heads, A. Famine Relief and B. Transfers to Famine Insurance Fund, for the record respectively of (a) outlay on relief measures and (b) the transfer to a separate head in the accounts of the annual appropriations to the Insurance Fund. As it is desirable that the balance in any year, inclusive of the portion met out of the fund, should be shown as

famine expenditure in the Provincial accounts, it is also necessary to open a head on the receipt side to show the transfers from the Famine Insurance Fund to meet famine outlay, and a new head "Transfers from Famine Insurance Fund" has accordingly been opened.

- (iii) Under the present classification, charges on account of irrigation works are shown under five heads, namely, (1) capital outlay on irrigation

works not charged to revenue, *i.e.*, productive works, (2) outlay on protective works financed from the famine insurance grant, (3) outlay on protective works financed from outside that grant, (4) working expenses on productive and protective works collectively designated major works) including interest on debt and (5) minor works and navigation. The receipts are classified under two heads, *viz.*, (1) major works and (2) minor works and navigation. The basis of the existing heads is thus a classification of irrigation works into major and minor works; this distinction is not, however, based, as the nomenclature would apply, on the size of the works; major works are works the funds for the capital expenditure on which are provided wholly or mainly either from borrowings or from the famine insurance grant with the additional reservation that they must be susceptible of having reliable capital accounts kept of them, while minor works include all works not classed as major and met wholly from revenue. A distinction based on the source from which capital expenditure is met cannot, however, be retained under the Reforms Scheme, especially as borrowed funds will not hereafter be required to be applied to productive works only, and it will be permissible to finance from borrowings unproductive as well as productive works.

It has, therefore, been decided to replace the distinction between major and minor works by a classification based on the productivity of the works, and the transactions relating to irrigation works will in future be exhibited in the accounts as follows:— (1) The outlay on the construction of irrigation works not charged to revenue will be shown under a single major head outside the revenue account as at present, but subdivided into productive and unproductive. (2) The outlay on the construction of irrigation works charged to revenue will also be shown under a single major head in the revenue section, subdivided into (a) works financed from the famine insurance grants and (b) those financed from ordinary revenues. (3) The receipts and charges relating to waterways and navigable canals and to embankments and other purely agricultural works will be separated off from those relating to irrigation works proper and shown under a separate head "Waterways and Embankments". (4) For the purpose of showing maintenance charges, irrigation works will be divided into two classes, *viz.*, those for which capital accounts are kept and those for which such accounts are not kept, and each of these classes will be represented by a distinct major head in the revenue section of the accounts, the latter of which will also include miscellaneous expenditure on surveys of irrigation projects, etc. (5) The works for which capital accounts are kept will be further subdivided into (a) productive, (b) protective and (c) unproductive works, direct receipts, working expenses and the portion of land revenue due to irrigation being shown on the receipt side separately in respect of each of these classes of works and the interest charges on the expenditure side.

It has also been decided that for the purpose of determining the productivity of an old work developed by the British Government, the capital expended by the Government be regarded as capital at charge on which interest is payable, and that when a work which was expected to be profitable, and which improves to be unproductive as defined in the Government Code

or *vice versa*, the necessary transfer of booked outlay between the productive and unproductive classes of works be effected so as to bring the accounts into accord with facts.

- (iv) The outlay on the construction of Railways charged to revenue is now shown under three distinct heads,—Construction of Protective

Railways, Construction of Railways charged to revenue in addition to that charged under Famine Insurance and Construction of Railways charged to Provincial Revenues. It has been decided to provide a single head in place of these three, the incidence being Central or Provincial according to the source from which the funds for construction are provided.

- (v) At present, capital outlay on telegraph lines is shown under a minor head subordinate to the major head Posts and Telegraphs, petty

outlay on buildings up to Rs. 2,500 is treated as contingent expenditure of the department and outlay in excess of this amount is adjusted as a charge of the Public Works Department. The Post and Telegraph Department is a commercial department and it is desirable that all expenditure incurred on its account should be brought together. A new head has, therefore, been opened on the expenditure side to record all expenditure of a capital nature.

- (vi) Substantial sums are now being set apart from revenue for the purchase and cancellation of the long term loans which have been floated in recent years, while Provincial Governments may hereafter devote borrowed funds to unproductive purposes provided they establish sinking funds for the discharge of the unproductive liability. It is desirable, therefore, to introduce a separate head to show the application of these funds and a new head "Sinking Funds" has been opened under the section relating to interest charges, the heading of the section being altered to "Debt Services".

- (vii) A new major head "Currency" has been opened on both sides to bring together the receipts and charges on account of the Currency

Department which are now scattered over several heads of accounts; and owing to the growing importance of the expenditure involved separate heads have been provided for expenditure on Audit and Civil Aviation. The existing head "Scientific and Miscellaneous Departments" has been split up into three major heads on the expenditure side, *viz.*, "Industries", "Scientific Departments" and "Miscellaneous Departments", and two on the receipt side, *viz.*, "Industries" and "Miscellaneous Departments". Annexure II shows the distribution of the existing minor heads between the three expenditure heads; on the receipt side the transactions relating to the Scientific and the Miscellaneous Departments will appear under the head "Miscellaneous Departments".

- (viii) To discriminate the stamp receipts pertaining to commercial and court-fee stamps respectively, the head Stamps has been subdivided into Non-Judicial and Judicial both on the receipt and expenditure side.

The expenditure  
into four  
retari

General Administration" will be split up  
of Provinces, Legislative Bodies, Sec-  
retariat, and Commissioners;

and the head "Education" into five sub-heads both on the receipt and expenditure side, *viz.*, University, Secondary, Primary, Special and General, the last sub-head being used for the exhibition of receipts and expenditure common to, or outside, the different classes of education.

- (ix) The head "Provincial Rates" both on the receipt and expenditure side has been abolished; no expenditure is incurred under that head at present, while the receipts are insignificant and may suitably be included under Land Revenue.

The charges for refunds and assignment at present follow the incidence of the head of revenue to which they relate, being Central or Provincial according as the corresponding revenue head is Central or Provincial. There is no particular advantage in bringing together all charges on account of refunds or assignments under separate major heads, while the mixing up of charges of varying incidence results in confusion. The expenditure heads "Refunds and Drawbacks" and "Assignments and Compensations" have therefore been abolished; the charges will be transferred to the respective subject heads, refunds and drawbacks appearing as deductions from revenue and assignments and compensations as expenditure.

The head "Civil Furlough and Absentee Allowances" is rarely used in India as the leave allowances of officers paid in this country are debited to the same head as their salaries, and the only charges recorded in India under that head are the trifling sums paid by Government to officers proceeding on leave from foreign service. It has been decided that payments of leave allowances in England and to officers on foreign service in India should be charged to the respective subject heads and the special head for these allowances has therefore been abolished.

- (x) The designations of the existing major heads "Income-tax", "Courts of Law", "Jails" and "Sanitation" have been altered respectively to "Taxes on Income", "Administration of Justice", "Jails and Convict Settlements" and "Public Health".

- (xi) In the section relating to expenditure not charged to revenue, the head "India's financial contribution to the War" has been omitted and a new head "Outlay on Waterways" has been opened to show the outlay on the recently sanctioned Grand Trunk Canal in Bengal. Additional heads will be opened as necessary when Provincial Governments undertake expenditure on objects other than the construction of Railways, Irrigation Works or Waterways from borrowed funds.

- (xii) Some changes have also been made in the grouping of the major heads into sections and the order of their arrangement. The section relating to Famine Relief and Insurance disappears; on the other hand, a separate section has been constituted for the operations of the Mints and the Currency Department and for the allied transactions relating to exchange.

7. In lettering the several sections of the major heads the capital letters of the letter which distinguishes the corresponding sections of the present

arrangement, a student of the Finance and Revenue Accounts of the Government of India finds considerable difficulty in getting a view of the entire transactions relating to Railways and Irrigation Works owing to the revenue and capital heads being placed in different sections. While it is necessary that the transactions which affect the revenue surplus or deficit should be kept separate in the accounts from those which do not, it is desirable at the same time, if possible, to show in one place the entire transactions relating to the commercial services. To attain both ends, the plan of double lettering has been adopted; it will supply a link between the revenue and capital sections of the commercial services, and though in the general accounts and estimates the capital transactions outside the revenue account will appear after all the transactions relating to the revenue account, the subsidiary statement relating to the former will in the Finance and Revenue Accounts, be shown immediately after those relating to the corresponding revenue heads.

8. The following changes will be made in the debt section of the accounts: (1) The Provincial Governments have been given the power to raise loans on the security of the revenues allocated to them and to show the operations connected with such borrowings, new heads will be opened under "Permanent and Temporary Debt". (2) The Provincial Governments may, in future, obtain advances from the Central Government and in order to show such loans and their repayments, a new central ledger head will be opened, designated "Loans between Central and Provincial Governments," immediately after the "Provincial Advance and Loan Account". (3) The deposit head "Exchange on Remittance Accounts," which was discontinued in 1915, will be reintroduced in order that all gains and losses from exchange may first be shown under a single head pending distribution at the end of the year between the revenue, capital and debt sections. Transfers to the Revenue and Capital Accounts will be made in accordance with the procedure indicated in paragraph 5 above, and it will be considered in regard to each individual year whether the amount of exchange remaining undistributed under the deposit head should be kept in suspense or otherwise appropriated. (4) The head "Appropriation for Reduction or Avoidance of Debt" will be abolished as there will be no such appropriations in future and its place will be taken by a head "Famine Insurance Funds" to show the transactions relating to the funds to be maintained by Provincial Governments in future. This head will exhibit on the receipt side the sums out of each year's famine insurance provisions which are not required for outlay on relief measures or protective works, and on the expenditure side the transfer of sums at credit of the funds for expenditure on these objects or for the grant of advances to cultivators. In the case of transfers for outlay on relief measures, the corresponding credits will appear under the revenue head "Transfers from Famine Insurance Fund." In the case of advances to cultivators, however, the advances and recoveries will be booked in the first instance under the head "Loans and Advances by Provincial Governments," the net receipts or issues in each year in respect of the portion financed from the Famine Insurance Funds being transferred at the end of the year to the head prescribed to show the transactions of the funds. This head will be closed to balance in the Government books and the balance at the end of the year in each province will show the amount at credit of the Provincial Government concerned in respect of its Famine Insurance Fund. As the balance at credit of the fund can be devoted to expenditure chargeable to revenue as well as to advances to cultivators which will be brought to account in the debt section, it is not possible to show the application of the fund in a single head or group of heads in the regular accounts, but a *pro forma* account will be maintained for this purpose and included in the Finance and Revenue Accounts. (5) The head "Loans to District Boards for Railway Construction" will be abolished as a separate head is not required for the small transactions recorded under this head which can conveniently be included in the general heads for loans by the Central and Provincial Governments. (6) The designation of the head "Balances of Provincial Allotments" will be changed to "Balances of Provincial Governments".

9. It is necessary that in of the accounts should in future permit discrimination of expenditure of Provincial Governments between reserved and transferred subjects, and for purposes of financial

Voted and non voted and transferred and reserved

control that they should also distinguish between voted and non-voted expenditure in the case of expenditure of both the Central and Provincial Governments. The Comptroller and Auditor-General will issue separate instructions to the Accounts Officers to secure these objects.

10. The changes in the financial system referred to in paragraphs 2 and 3 above necessitate some alterations in the form of the opening statements in the Finance and Revenue Accounts. These have been settled in consultation with the Secretary of State and the Comptroller and Auditor-General will give effect to them in the Accounts for the year 1921-22.

It has also been decided to make a general revision of the detailed statements in these Accounts so as to make them more intelligible to the general public and to append notes explaining the figures included in each statement or group of statements. The revision necessary in the statements relating to the Railway Accounts has been settled in consultation with the Secretary of State and will be given effect to in the accounts for the year 1920-21. The more important of these changes are: (a) that the distinction hitherto shown in the accounts between railways worked by companies which have undergone the process of purchase by the State and those which by their constitution have been "State" Railways worked by companies from the first will be abolished, and (b) that the Finance and Revenue Accounts will in future bring out clearly the actual expenditure incurred each year against the sanction accorded by the Secretary of State to the railway programme. The revision of the remaining statements in these Accounts is under consideration.

ORDERED that copies be forwarded to the several departments of the Government of India (including the Board of Industries and Munitions); to all Local Governments and Administrations; to the Financial Adviser, Military Finance; to the heads of departments subordinate to the Finance Department; to the Deputy Controller of the Currency, Bombay; Comptroller and Auditor-General; to the Controller of the Currency; to all Accountants General and to the Comptroller, Assam; to all Chief Auditors of State Railways; to the Examiner of Accounts, Military Works Services; to the Examiner of Press Accounts; to the Examiner of Customs Accounts; to all Government Examiners of Railway Accounts; to the Private and Military Secretaries to the Viceroy; and to the Audit Officer, Delhi Province.

ORDERED also that it be published in the supplement to the *Gazette of India*.

### RESOLUTION.

PENSIONS AND GRATUITIES.

*Delhi, the 14th January 1921.*

THE question of ameliorating the condition of those pensioners in India who are dependent on small pensions has been engaging the attention of the Government of India for some time past and careful consideration has been given to various appeals for aid received from pensioners individually and from pensioners' associations. From the outset it has been recognised that those same economic conditions which necessitated a revision of pay in the case of Government servants must press hardly upon the class of pensioners with small pensions though other considerations are often present to mitigate in the latter case the immediate hardship of high prices. At the same time the Government of India were forced to recognise that an increase of pensions on a comprehensive scale was a matter of the greatest difficulty owing to the large numbers of pensioners affected and the heavy increase of expenditure thus involved. It was therefore necessary to consult local Governments whose resources were already depleted by the heavy charges for revision of pay, as upon them would fall a very considerable part of the contemplated expenditure. The local Governments are unanimous in their opinion that some relief should be given to poorer pensioners, although they are equally impressed with the difficulty of providing for the consequent expenditure even though that relief is strictly confined to cases of greatest necessity. After the most careful consideration of all the interests involved, the Government of India have reached a decision to which the approval of the Secretary of State has been accorded and they are therefore pleased to announce the following scheme which will be applicable to pensioners in receipt of pensions granted under the Civil Service Regulations.

At the outset, it is necessary to consider the effect upon pensions of recent revisions of pay and it is provided that the scheme shall not apply to pensioners in receipt of superior pension who retire after three years from the date of introduction of revised rates in the establishments to which they belong. These pensioners will receive the full pensionary consequences of the revised rates of pay in the shape of an enhanced pension and it is therefore not considered necessary to grant them any relief. In the case of establishments which have been sanctioned since 1914 the local Governments will decide which of them should be treated as establishments the pay of which has been revised. Any establishment, the pay of which has been fixed either on the analogy of the revised rates of pay sanctioned for similar establishments or after taking into account the increased cost of living, should be treated as an establishment the pay of which has been revised.

2. (1) For purposes of the scheme pensioners will be divided into the following classes:—

(i) *Class A.*—Pensioners in receipt of a superior pension who have retired before the introduction of revised rates of pay. Those who were on long leave on the date of the introduction of the revised rates of pay and have retired on a pension calculated on the old rates [*vide* article 60, and rule 1 (a) under article 487 of the Civil Service Regulations] should be treated as having retired before the pay of the establishments, in which they were employed, was revised.

(ii) *Class B.*—Pensioners in receipt of a superior pension who have retired after the date of the introduction of the revised rates of pay but who, not having since that date put in 3 years' service qualifying for pension, have not received the full pensionary benefit of the revision.

(iii) *Class C.*—Pensioners in receipt of an inferior pension.

(iv) *Class D.*—Pensioners in receipt of a pension granted under the rules in Part VI of the Civil Service Regulations or under articles 679, 684 and 685 of the same Regulations.

(2) (a) Pensions of those in Class A will be raised on the following scale:—

(i) Pensions up to Rs. 10 a month by Rs. 2.

(ii) Pensions over Rs. 10 and up to Rs. 20 a month by Rs. 3.

(iii) Pensions over Rs. 20 and up to Rs. 30 a month by Rs. 4.

(iv) Pensions over Rs. 30 and up to Rs. 40 a month by Rs. 5.

(v) Pensions over Rs. 40 and up to Rs. 45 a month by an amount which will bring the pension up to Rs. 45 a month.

(b) Pensions of those in Class B will be raised on the scale given in clause (a) above reduced by one-sixth for every completed six months of service qualifying for pension from the date of the introduction of the revised rates of pay.

(c) Pensions of those in Class C who retired before the introduction of the revised rates of pay, as well as of those who retired after the introduction of the revised rates of pay, but on pension calculated on the old rates, will be raised on the scale given in clause (a) above. In the case of those retiring after the introduction of the revised rates of pay the maxima limits of pensions in article 481 (b) of the Civil Service Regulations will be enhanced in accordance with the same scale.

(d) Pensions of those in Class D will be enhanced on the scale given in clause (a) above.

(3) In cases in which a portion of the pension has been commuted the increase will be calculated on the original amount of the pension as it existed before commutation.

3. The scheme will apply to pensions beginning with those falling due for payment on the 1st December 1920 and will be subject to reconsideration at the end of 3 years. Political and Literary pensioners may be granted, at the discretion of the local Governments, an increase on the scale given in clause 2 (a) of paragraph 2 above, provided that their pensions have not already been increased in consequence of the rise in prices.

4. The Government of India regret that in view of the very heavy financial commitments involved it has been found impracticable to sanction relief on a larger scale or with retrospective effect.

ORDERED that the Resolution be communicated to the several Departments of the Government of India (including the Financial Advisers and the Board of Industries and Munitions), all Provincial Governments and Minor local Governments, the Comptroller and Auditor General, the Heads of Departments subordinate to the Finance Department, all Accountants General, the Comptroller, Assam, the Chief Auditors of State Railways and Government Examiners of Railway Accounts, the Examiner of Accounts, Military Works Services, the Examiner, Government Press Accounts, the Controller of War Accounts, the Audit Officer, Delhi Province, the Examiner of Customs Accounts, and the Deputy Accountant General, Central Revenues, Delhi.

##### PROMOTIONS.

##### INDIAN MEDICAL SERVICE.

No. 71.—The promotion to present rank of Major Robert Knowles is antedated from 1st February 1920 to 1st August 1919.

## FURLOUGH AND LEAVE.

## INDIAN MEDICAL SERVICE.

No. 76.—Pending revision of the "Regulations regarding the grant of study leave to officers of the Indian Medical Service," paragraph 10 of those Regulations, as revised by Army Department Gazette Notification No. 572 of 1913, and further amended by Army Department Gazette Notification No. 532 of 1916, is *reconstructed* as follows with the approval of the Right Hon'ble the Secretary of State for India:—

10. For the course of study, as well as for the period covered by any examination at the end of the course of study, lodging allowance, which is not intended to cover the entire cost of living and which for the present has been fixed at 12s. a day irrespective of rank but is liable to revision, will be granted on the production of the certificates required by Rule 12. It is to be understood that, in order to qualify for the grant of study leave, or for the receipt of lodging allowance, a definite course of study at a recognised institution, which will occupy the time of the officer for five or six days a week, must be pursued. Lodging allowance will be admissible up to 14 days for any period of vacation. A period during which an officer interrupts his course for his own convenience cannot be considered as vacation.

In no case will subsistence allowance be granted in addition to lodging allowance, and ordinarily travelling expenses will not be paid, but in exceptional cases claims will be considered on their merits.

In the case of an officer retiring from the service without returning to India after a period of study leave, the lodging allowance will be forfeited. If the officer is under civil leave rules, the study leave will be converted into furlough to the extent of the furlough standing to his credit at the date of retirement. Any balance of the period of study leave mentioned above, which cannot be so converted, will be excluded in reckoning service for pension.

#### RESOLUTION.

PENSIONS AND GRATUITIES.

*Delhi, the 1st February 1921.*

THE Government of India have had under consideration for some time past the question of the rate of exchange at which pensions and annuities fixed in sterling, whether paid from general revenues or from family pension funds, should be converted into rupees when paid in India. Before the war the majority of these pensions were paid at a fixed rate of 1s. 4d. to the rupee, which was the rate of exchange for the adjustment of financial transactions between the British and the Indian Exchequers. When the rate of exchange first rose during the war to 1s. 6d., this rate was adopted for the adjustment of financial transactions between the British and the Indian Exchequers; but as regards pensions fixed in sterling, it was decided that for so long as the exchange value of the rupee for internal transactions remained at 1s. 4d., they should continue to be paid at that rate. They have accordingly been paid at that rate ever since. The Government of India are of opinion that the time has now come when temporary arrangements of this kind should cease and matters should be placed upon a more regular basis. They have accordingly reconsidered the whole question in consultation with

the Secretary of State and are pleased to lay down, with his approval, the rules, a copy of which is appended to this resolution, governing the rate of exchange at which pensions fixed in sterling, including Indian Civil Service annuities, shall in future be converted into rupees.

2. It is requested that the provisions of rule 8 may be brought prominently to the notice of all persons appointed hereafter by local Governments to posts which qualify for pensions expressed in sterling.

3. A copy of the necessary amendments which will be made in the Civil Service Regulations is appended to this resolution.

Ordered that the Resolution be published in the *Gazette of India*.

J. E. C. JUKES,

*Joint Secretary to the Government of India.*

#### NOTIFICATIONS.

*Delhi, the 8th February 1921.*

No. 261R.—The following Royal Proclamation by His Imperial Majesty the King-Emperor, dated the 8th February 1921, is published for general information:—

#### BY THE KING-EMPEROR.

#### A ROYAL PROCLAMATION.

George the Fifth, by the Grace of God of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India.

To My Viceroy and Governor General, and to the Princes and Rulers of the Indian States: Greeting.

1. In My Royal Proclamation of December 1919 I gave earnest of My affectionate care and regard for the Ruling Princes and Chiefs of the Indian States by signifying My assent to the establishment of a Chamber of Princes. During the year that has since passed My Viceroy and many of the Princes themselves have been engaged in framing for My approval a constitution for the Chamber and the rules and regulations necessary to ensure the smooth and efficient performance of its important functions. This work is now complete, and it remains for Me to take the final steps to bring the Chamber into being, in the confident hope that the united counsels of the Princes and Rulers assembled in formal conclave, will be fruitful of lasting good both to themselves and their subjects, and by advancing the interests that are common to their territories and to British India, will benefit My Empire as a whole. It is in this hope that I have charged My revered and beloved Uncle, His Royal Highness the Duke of Connaught and Strathearn, to perform on My behalf the ceremony of the inauguration of the Chamber of Princes.

2. It is My firm belief that a future full of great and beneficent activities lies before the Chamber thus established. To the Princes, long versed in the arte of government and statesmanship, it will open still wider fields of Imperial Service. It will afford them opportunities, of which I am convinced, they will be prompt to avail themselves, of comparing experience, interchanging ideas, and framing mature and balanced conclusions on matters of common interest. Nor will less advantage accrue to My Viceroy and the officers serving under him, to whom the prudent counsels and considered advice of the Chamber cannot fail to be of the greatest assistance. The problems of the future must be faced in a spirit of co-operation and mutual trust. It is in this spirit that I summon the Princes of India to a larger share in My Councils. I do so in full reliance upon their devotion to My Throne and Person, proved as it has been both in long years of peace and in the terrible ordeal of the Great War, and in the confident anticipation that by this means the bonds of mutual understanding will be strengthened and the growing identity of interest between the Indian States and the rest of My Empire will be fostered and developed.

3. In My former Proclamation I repeated the assurance, given on many occasions by My Royal Predecessors and Myself, of My determination ever to maintain unimpaired the privileges, rights and dignities of the Princes of India. The Princes may rest assured that this pledge remains inviolate and inviolable. I now authorise My Viceroy to publish the terms of the Constitution of the new Chamber. My Viceroy will take its counsel freely in matters relating to the territories of the Indian States generally, and in matters that affect those territories jointly with British India, or with the rest of My Empire

It will have no concern with the internal affairs of individual States or their Rulers or with the relations of individual States to My Government, while the existing rights of the States and their freedom of action will be in no way prejudiced or impaired. It is my earnest hope that the Princes of India will take regular part in the deliberations of the Chamber; but attendance will be a matter of choice, not of constraint. There will be no obligation upon any member to record his opinion, by vote or otherwise, upon any question that may come under discussion; and it is further My desire that, at the discretion of My Viceroy, an opportunity shall be given to any Prince who has not taken a part in the deliberations of the Chamber to record his views on any question that the Chamber has had under its consideration.

4. I pray that the blessing of Divine Providence may rest upon the labours of the Chamber; that its deliberations may be inspired by true wisdom and moderation; and that it may seek and find its best reward in promoting the general weal and in increasing the strength and unity of the mighty Empire over which I have been called upon to rule.

By order,

J. B. WOOD,

*Political Secretary to the Government of India  
in the Foreign and Political Department.*

6. Every member or representative member will rise when he speaks and will address the President or the Princes collectively.

7. Speeches will ordinarily be made in English. In case of a member or representative member being unable to express himself in English, he may depute another member or representative member to read his speech, or it may be taken as read and recorded with the proceedings of the Chamber.

If the latter procedure is desired, a sufficient number of printed copies of the speech should be sent to the Secretary of the Chamber, for distribution to the members and representative members, two clear days before the day fixed for the discussion.

In special cases explanations may be given in the vernacular with the leave of the President.

8. When, for the purpose of explanation during discussion, or for any other sufficient reason, a member or representative member has occasion to ask a question of another member or representative member or any matter then under the consideration of the Chamber, he will ask the question through the President. When a member or representative member rises to offer an explanation, the speaker must resume his seat until the member or representative member offering such an explanation has finished speaking. Interruptions, except for the purpose of explanation or on a point of order, should be avoided.

9. All matters included in the agenda will be submitted for discussion by the Chamber and any member or representative member may give notice of his intention to move a resolution thereon in specified terms. Such notice may be given either orally in the Chamber during the discussion, or by letter to the Secretary of the Chamber.

10. As soon as may be convenient after such notice has been given the resolution shall be set down in the List of Business for the day, provided that, except with the leave of the President, no resolution shall be moved until the expiration of one day after the day upon which such notice was given.

11. When notice of a resolution has been given, any member or representative member may give notice of his intention to move an amendment or amendments thereto in specified terms. Such notice may be given either orally in the Chamber, or by letter to the Secretary of the Chamber.

12. Amendments will ordinarily be discussed with the resolution to which they refer and in the order of the clauses (if any) of the resolution, provided that, except with the leave of the President, no amendment shall ordinarily be moved of which less than 24 hours' clear notice has been given.

13. The President may, if he thinks fit, adjourn the discussion of any resolution in order to allow an amendment to be moved, but no amendment shall be moved or discussed after the resolution has been put to the vote.

14. When a resolution on any matter is being considered by the Chamber, any member or representative member may propose that it may be referred to a Select Committee to be nominated by a vote of the Chamber.

15. A Select Committee may, if the Chamber so directs, include persons not being members or representative members of the Chamber whose advice may be required.

16. Select Committees will present their reports to the Chamber for consideration, and any member or representative member may move that the report be adopted or rejected either wholly or in part or may, subject to the provisions of Rule 12, move amendments thereto.

17. With the leave of the President a resolution may also be moved upon a matter not arising out of the agenda. The provisions of Rules 9 to 16 shall apply so far as may be to a resolution so moved.

18. (1) On every motion before the Chamber the question will be put by the President and will be decided by a majority of votes.

(2) Votes will be taken by a show of hands.

19 Where a substantial difference of opinion is disclosed, or where any member or representative member so desires, the names of members or representative members voting for or against a resolution or an amendment, and of those abstaining from voting, will be recorded in the Book of Proceedings.

20. All proceedings of the Chamber shall be submitted to the Viceroy. This will ordinarily be done at the end of each session unless any member or representative member desires earlier submission.

21. The proceedings of the Chamber may, if the President so directs, be held *in camera*. Any member or representative member may move the President at a meeting of the Chamber for a direction to this effect.

22. The Secretary of the Chamber shall be in attendance at every meeting and shall be entitled with the leave of the President to address the Chamber upon any specified subject. In case of the illness or unavoidable absence of the Secretary his place shall be taken by some other person approved by the President.

23. With the leave of the President any other officer of the Government may attend a meeting of the Chamber and may address the Chamber upon any specified subject.

Admission to the proceedings of the Chamber will be by ticket, for which application must be made to the Secretary.

### PRESS COMMUNIQUÉ.

In paragraph 12 of the Home Department Resolution No. 2559 (Establishments), dated the 1st December 1920, it was stated that the number of Indians required to be recruited to the Indian Civil Service in 1921 according to the approved percentages would be obtained by nomination as in 1919: also that a portion of the total number of vacancies for Indians in 1920 had already been filled in 1919. With the approval of the Secretary of State, the Government of India have decided to appoint twelve Indians to the Indian Civil Service by nomination this year in order to fill up all vacancies for Indians up to 1921. The rules under which these appointments will be made are reproduced below:—

### INDIAN CIVIL SERVICE.

#### Appointments (In India) otherwise than by Open Competitive Examination.

The Secretary of State for India in Council, in pursuance of the powers conferred upon him by section 1 of the Indian Civil Service (Temporary provisions) Act, 1915 (5 & 6 Geo. V., c. 87), hereby makes with the advice and assistance of the Civil Service Commissioners, the following provisional rules for the appointment during the year 1921 to the Indian Civil Service otherwise than by the annual Open Competition (which will still continue to be held) of natives of India and Burma. It will rest with the Government of India to determine whether candidates are qualified in respect of nationality, age, character and education, as defined in the following Regulations:—

1. (a).—Every candidate must be either a British subject or a ruler or subject of any State in India in respect of whom the Governor-General in Council has made a declaration under section 96 (a) of the Government of India Act, 1915, as amended by section 3 of the Government of India (Amendment) Act, 1916.

(b) If the candidate (being a British subject) or his father or his mother was not born within His Majesty's Dominion and allegiance, the father must at the time of the candidate's birth have been a British subject or the subject of a State in India and still be (or have continued to be until his death) a British subject or a subject of such State.

2. Every candidate must have been born on or after the 2nd August 1896, and on or before the 1st August 1900.

3. Every candidate must be of good moral character and sound physique.

4. Every candidate must produce satisfactory evidence that he possesses a degree in Arts or Science of an Indian or British University, or has passed the examination for the higher diploma of the Mayo College, Ajmer, or the diploma of the Aitchison Chiefs' College at Lahore.

5. Any person who possesses the qualifications prescribed in the foregoing rules is eligible to apply for nomination, whether he be already in Government service or not.

6. Every candidate, being a British subject, must submit to the local Government of the Province in which he resides, an application in the form annexed to these rules, together with the fee prescribed in that form.

7. Every candidate, being a ruler or subject of a State in India who is qualified under rule 1, must submit his application through the Durbar of the State to the local Government of the Province in which he wishes to serve.

8. Candidates will be nominated by the Government of India on the recommendation of the local Government.

9. Candidates nominated by the Government of India will be accepted by the Secretary of State for India in Council as Selected Candidates for the Indian Civil Service, subject to any further enquiries that he may find it necessary to institute, and will be required to undergo a period of probation for two years at a College or University in the United Kingdom approved by the Secretary of State. Selected candidates will be entitled to free passages to and from the United Kingdom and will be paid an allowance at the rate of £200 sterling per annum during the period of probation, subject to good conduct. At the end of this period of probation they will be tested by the Civil Service Commissioners, or by an authority in India specially empowered in this behalf, in such subjects as may be prescribed and in riding. They will not be appointed to the Indian Civil Service until they have been certified to have fulfilled these tests.

10. Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Spontaneous recommendations from persons who are not themselves acquainted with the candidate's work at School, or at the University, or otherwise, will be disregarded.

11. In pursuance of section 2 of the Rules Publication Act, 1893 (56 & 57 Vict., c. 66), the Secretary of State for India in Council certifies that on account of urgency, the foregoing rules are made as provisional rules to come into operation forthwith.

II. A candidate who is qualified under the foregoing rules and who desires to apply should obtain the requisite form from the Chief Secretary to the Local Government in whose jurisdiction he resides (or in the case of a candidate residing in an Indian State, to the local Government under which he wishes to serve) and submit his application to that officer as prescribed in rules 6 and 7 so as to reach him not later than the 31st March 1921.

2. All claims, answers and other written proceedings must be delivered or sent by post to the Tribunal Secretariat, at 21 St. James's Square, London, S. W. 1.

### GENERAL RULES RELATING TO WRITTEN PROCEEDINGS.

#### MEMORIAL.

3. The claims shall be typewritten or printed and shall state:—

(a) The name, nationality, domicile and address of the Claimant.

(b) In cases where the Claimant is not claiming in his own right and on his own behalf, in what right he claims and the name, nationality, domicile and address of the person on whose behalf he is claiming.

(c) In cases where the claim is made by a company or body corporate, its name, nature and domicile and place of incorporation (if any), and the address of its office or chief offices; and in cases where the claim is made by an association not being a company or body corporate (whether recognised by the law of the country where it is domiciled as a legal entity or not), in addition to the above, the names and nationality of all persons who are partners of such association or interested therein.

(d) Whether the claim is brought against a Government or national, and in the latter case giving the name and last known address of such national, or if such national be a company, body corporate or other association, the address of its chief office, if known, or if the address of the chief office be not known, of the office of which the address is known to the Claimant.

(e) The nature of the claim, the relief sought and, where the relief sought is pecuniary, the amount claimed.

(f) Under which article and paragraph of the Treaty the claim is made.

(g) The name and address of the solicitor or other authorised representative (if any) of the Claimant.

(h) The person to whom, and address at which, all communications are to be sent on behalf of the Claimant.

4. The claim shall be accompanied by a concise statement of the facts and an exhibit of copies of any documents relied upon in support thereof.

5. The claim accompanied by such statement and exhibit shall be known as and is hereinafter referred to as the memorial.

6. Six true copies of the memorial shall be supplied with the memorial. The memorial shall, unless otherwise agreed by the parties and permitted by the Tribunal, be in English; and if the memorial be not in English, it shall be accompanied by an English translation and at least three of the copies shall be copies of such translation.

7. On receipt of the memorial and six copies thereof, the Secretariat will acknowledge such receipt to the Claimant, and will transmit one copy to the Government Agent of the Claimant and two copies of the memorial to the Government Agent of the Respondent. Such last-mentioned Agent shall acknowledge the receipt thereof to the Secretariat and shall cause one copy of the memorial to be served on the Respondent.

8. Except in cases provided for in Rule 35 (a), the receipt of the memorial by such Agent shall be sufficient notice to the Respondent of the claim made against him, and the Respondent shall, within sixty days after the receipt of the memorial by such Agent, present his answer to the Tribunal. If no answer be presented, the case may be proceeded with in the absence of the Respondent as provided in Rule 33.

#### RESPONSE.

9. Rule 3 (a), (b), (c), (g) and (h) and Rule 4 shall apply *mutatis mutandis* to the answer; and in addition the Respondent must in his statement of facts accompanying the answer, if he desires to dispute the allegations in the memorial, expressly deny or otherwise answer or explain the same. Any facts not dealt with by the Respondent will be treated as admitted. The answer shall be accompanied by an exhibit of copies of documents relied on.

10. The answer accompanied by such statement and exhibit shall be known as and is hereinafter referred to as the response.

11. Six true copies of the response shall be supplied with the response to the Tribunal and the provisions of Rule 6 shall apply to the response.

12. On receipt of the response and the six copies thereof, the Secretariat will acknowledge such receipt to the Respondent and will transmit one of such copies of the response to the Claimant (who shall acknowledge the receipt thereof to the Secretariat), and one to the Government Agent of the Claimant and one to the Government Agent of the Respondent.

13. Should the Respondent desire to make a claim against the Claimant, he must do so by a separate claim, and not by a counter-claim, but the Tribunal may, if it thinks fit, hear both claims at the same hearing.

14.—(a) If the Respondent objects to the jurisdiction of the Tribunal to entertain the claim or any part thereof, he shall specifically take such objection in his answer, and the Tribunal may, if it thinks fit, consider and decide the point before further dealing with the case.

(b) If the Tribunal should be of opinion that under the provisions of the Treaty its jurisdiction may be excluded, or if a Respondent objects to the jurisdiction of the Tribunal to entertain the claim or any part thereof, the Tribunal may, if it thinks fit, require the party raising this objection to satisfy the Tribunal that its jurisdiction is excluded, or may require evidence on the point to be forthcoming from an expert of the law of the country concerned, or may make such other order as may seem just, and may, if it thinks fit, adjourn the case until such evidence has been obtained or until the order has been carried out.

(c) It shall be the duty of the respective Government Agents to inform the Tribunal if they have grounds for believing that the jurisdiction of the Tribunal is excluded.

#### REPLY AND REJOINDER.

15. If the Claimant desires merely to deny the facts alleged in the response it is not necessary for him to present a reply, but, if the Claimant desires to answer the facts alleged in the response otherwise than by way of denial, a reply must be sent to the Tribunal within thirty days from the receipt of the response by the Claimant, who shall with the reply supply six copies thereof to the Tribunal. The Secretariat will acknowledge receipt thereof to the Claimant and will transmit one copy of the reply to the Respondent, who shall acknowledge the receipt thereof to the Secretariat, and one copy to each of the Government Agents. Except in such cases, no reply shall be allowed.

If the Respondent desires merely to deny the facts alleged in the reply it is not necessary for him to present a rejoinder, but if the Respondent wishes to answer the facts alleged in the reply otherwise than by way of denial, a rejoinder must be presented to the Tribunal within thirty days from the receipt of the reply by the Respondent, who shall with the rejoinder supply six copies to the Tribunal. The Secretariat will acknowledge the receipt thereof to the Respondent and will transmit one copy of the rejoinder to the Claimant and one copy to each of the Government Agents.

Except in such cases no rejoinder shall be allowed and no further written proceedings after the rejoinder shall be allowed, other than the written argument provided for by Rule 28, except by special leave of the Tribunal.

The provisions of Rule 6 shall apply to the reply and to the rejoinder.

#### JOINT CLAIMS AND JOINDER OF PARTIES.

16. Where two or more persons are jointly interested in the same claim, they shall present a joint claim, and where the relief sought is sought against two or more persons jointly, the claim shall be made against them jointly.

17.—(a) If the Respondent contends that any person not joined as Claimant ought to be so joined in accordance with the preceding rule, he may within twenty days of receipt of the memorial send in, in duplicate, a notice to the Secretariat naming such person and requiring the Claimant to join such person as Claimant and stating the reason why he requires such joinder. The Secretariat will forward such notice to the Claimant, who shall within thirty days from the receipt thereof state whether he consents to and will effect such joinder, in which case all proceedings shall be stayed until it is effected, or whether he refuses or is unable to effect such joinder, stating his reasons for such refusal or inability.

(b) If the Claimant consents to and is willing to effect such joinder, the written consent of the person to be joined shall be sent to the Tribunal within twenty-one days, and the Secretariat shall thereupon amend the memorial by adding the names of such person as Claimant, and notice of such joinder will be sent to the Respondent and the Government Agent of the Claimant and Respondent, and all further proceedings shall be continued as if such joinder had been made from the commencement.

(c) If the Claimant fails to answer the notice as provided by rule 17(a) or refuses or states that he is unable to effect such joinder or if the written consent is not sent as provided by Rule 17(b), notice thereof shall be given by the Secretariat to the Respondent, who may within ten days apply to the

Tribunal to stay all proceedings until such joinder be effected. The Secretariat shall give notice of such application to the Claimant, and such application shall be heard by the Tribunal on a date to be fixed by the Tribunal not less than fourteen days after notice of such application has been sent to the Claimant.

18. If the Tribunal is satisfied that any person refuses to join as Claimant, although he ought to join, the Tribunal may allow the case to proceed without such joinder, but in that case the Tribunal may refuse to entertain any claim in the future by such person with respect to the subject-matter of the claim in the presenting of which he ought to have joined.

19. If any person proceeds against some only of the persons jointly liable to him on the same claim and the Tribunal decides the case whether in favour of or against the Claimant, the Tribunal may refuse to entertain any claim in the future by such person against the other person or persons so jointly liable.

20.—(a) If a Respondent contends that some other person who is not joined as Respondent is jointly liable with him to answer the claim, he may within twenty days after the receipt of the memorial send a notice to the Secretariat that he requires such person to be joined as Respondent, giving his name and address, and stating the reasons why he requires him to be joined; and with such notice shall send a sufficient number of copies to enable the Secretariat to send one to the Claimant and to each of the persons whom the Respondent requires to be joined. The Secretariat will thereupon send such notice to the Claimant and to each of the persons named by the Respondent, and the claimant and each of the said persons shall reply within ten days whether they consent to such joinder or not. In the event of the Claimant and each of such persons consenting to the joinder, the Secretariat will amend the memorial by adding them as parties, and the Claimant shall cause copies of the memorial to be served on each of such persons, and all future proceedings shall be continued as if such joinder had been made from the commencement.

(b) If either the Claimant or any of such persons do not consent to the joinder within ten days, the Secretariat shall notify the Respondent accordingly, and the Respondent may within ten days apply to the Tribunal to stay all proceedings until such joinder be effected. The Secretariat shall give notice of such application to the Claimant and such other person or persons, and such application shall be heard by the Tribunal on a date to be fixed by the Tribunal not less than fourteen days after notice of such application has been sent to the Claimant and such person or persons as aforesaid.

21.—(a) If any person not being a party claims to have a legitimate interest in prosecuting or resisting the claim, he may apply to the Tribunal to be joined as Claimant or Respondent as the case may be, or to be allowed to intervene in the case in such manner as the Tribunal may direct.

(b) If a Respondent contends that he is entitled to some right over against some other person in reference to the claim brought against him he may give such person notice of his claim against him and at the same time serve him with a copy of the memorial. Such person may thereupon apply to the Tribunal to be joined as Respondent or to be allowed to intervene in the case in such manner as the Tribunal may direct. If such person does not intervene and the Tribunal should be of opinion at the hearing that there are grounds for coming to the conclusion that the Respondent may succeed in his claim against such person, the Tribunal may, if it decides in favour of the Claimant, stay execution in order to enable the Respondent to prosecute his claim against such person, upon such terms as to security and otherwise as the Tribunal may think just.

#### SPECIAL RULES FOR PARTICULAR CASES.

22. In addition to the above general rules, the following rules shall be observed in the undermentioned cases:—

##### (1) Cases under article 305.

The person alleging that he is prejudiced by the decision shall be the Claimant and the other party to the cause or proceeding in which the decision was given or, if there be no such party, the Government shall be

Respondent. The claim shall be accompanied by a copy of the decision and shall state in what respect the decision is impugned, with which Section or Sections of the Treaty it is alleged to be inconsistent and in what respect and what relief is claimed. The Claimant may also accompany his claim by copies of any essential written proceedings of the case in which the decision was given, authenticated in the manner prescribed by the law of the country to which the Court belongs. The Tribunal may of its own motion require the record of the Court to be transmitted to the Tribunal and it shall then be open to the inspection of the parties and their agents.

(2) *Appeals under Article 296, Annex, paragraph 20.*

The Appellant shall be Claimant, and the party in whose favour the decision was given and the two clearing offices shall be Respondents. The claim shall state the grounds of the appeal and shall be accompanied by a copy of the decision appealed against and of all documents in the possession of the Claimant relevant to the case, and by a reasoned argument by the Claimant in support of his appeal. Together with the claim and documents, three copies thereof shall be supplied to the Tribunal, and the Claimant shall serve copies thereof on the opposite party and the Agents of the two clearing offices.

The Agent of the clearing office of which the Respondent is a national shall within thirty days of receipt of the claim supply to the Tribunal four copies of all documents relating to the case which are in his possession or power, unless the Claimant has already supplied them with his claim, and a statement of any facts found by the clearing offices. In addition, the Respondent or the clearing offices may supply a reasoned argument in writing in support of the decision of the two clearing offices.

Any of the parties (including the Agents of the clearing offices) may apply to the Tribunal to hear arguments before it, but in the absence of such application the Tribunal shall be at liberty to determine the case on the written proceedings without further argument, or to notify to the parties if it desires to hear an argument.

The Secretariat on receipt of the claim shall inform the Claimant what is the amount of deposit to be paid or security to be given, and such deposit shall be paid or security given within ten days, and in default the claim may be dismissed.

(3) *Cases under Article 296, Annex, paragraph 16.*

Where cases are referred to the Tribunal under the above provision, the procedure laid down elsewhere in these rules shall not apply. The parties shall present a case jointly to the Tribunal, or each may present a case separately. In either event the contentions of the parties shall be set out in the case or cases, which shall be accompanied by all relevant documents. Six true copies of the case or cases and documents shall be prepared and lodged with the Secretariat. The matter will be determined by the Tribunal as laid down by Article 296, Annex, paragraph 18. The limitations of time imposed by these rules shall not apply to such cases; but where the two clearing offices are unable to agree whether a debt claimed is due, or in case of a difference between an enemy debtor and an enemy creditor or between the clearing offices, and the parties to the dispute do not desire to present a case jointly, either clearing office may, within ten days after giving notice to the other clearing office of such intention, refer the case to the Tribunal under the conditions provided for by Article 296, Annex, paragraph 16. The enemy creditor or the enemy debtor may similarly, after giving twenty days' notice to the two clearing offices, refer the case to the Tribunal, unless the case shall have been referred to the Tribunal meanwhile by the clearing offices or either of them. The case shall proceed as if it had been referred to the Tribunal by the clearing offices.

CLOSE OF WRITTEN PROCEEDINGS.

23. The Secretariat will inform the respective Government Agents and parties when the written proceedings are closed.

24.—(a) Within twenty days after the date of the notice that the written proceedings are closed, the parties shall send to the Secretariat a statement of the witnesses, if any, whose testimony they desire, giving in

each instance the name, nationality, occupation and address of such witness, and stating whether the party desires that the testimony of such witness shall be given at the hearing of the case or whether it is desired that the evidence shall be taken upon commission, and shall at the same time furnish all parties and the Government Agents with a copy. The Tribunal will thereupon determine whether the evidence shall be taken on commission or will make such other order as seems fit. The Tribunal will before making an order hear any party or Government Agent who may desire to be heard on the matter on his forthwith applying to be heard, and will fix a date for all parties to be heard if they desire.

(b) Where the Tribunal orders that the witness shall be heard at the hearing, the Government Agents shall be responsible for summoning the witness in accordance with the method applicable in each case unless the Tribunal otherwise directs. Travelling expenses and subsistence money must be supplied to the witness at the expense of the party at whose instance he is summoned. The amount of the same will be fixed by the Tribunal, and must be paid in advance to the Secretariat. If the subsistence money so paid should prove insufficient, the party at whose instance the witness was summoned must pay any further amount necessary, otherwise the witness will be allowed by the Tribunal to depart.

(c) Where the Tribunal directs that evidence shall be taken on commission the evidence shall be returnable to the Tribunal and copies shall be supplied by the Secretariat to any party or either Government Agent or any other person interested, and in the opinion of the Tribunal entitled to the same, on application and payment.

(d) Where it is desired that books, documents or other objects in the possession or power of any person should be produced for the use of the Tribunal, application may at any time after the close of the written proceedings be made to the Tribunal to obtain their production. The Tribunal will thereupon, if it thinks fit, endeavour to obtain possession of such books, documents or other objects by direct request addressed to such person, and, if such request is not complied with, will take such other steps as may be requisite and desirable to ensure production. Books, documents or other objects so coming into the custody of the Tribunal shall, if the Tribunal thinks fit, be open to inspection by such persons and at such times as the Tribunal shall direct.

25. Should a party or either of the Government Agents desire to inspect any books or documents in the possession, power or control of any party or of either Government Agent he shall make application to that party or Agent to produce such books or documents for inspection; and if such production is refused, application therefor may be made to the Tribunal upon ten days' notice being given to that party or Agent, and the Tribunal may make such order thereon as it thinks fit.

26. The Tribunal may of its own motion at any stage of the proceedings require evidence on any point.

27. The Tribunal may of its own motion at any stage of the proceedings require any party or either Government Agent to produce any book or document before it, or to allow any person designated by the Tribunal to examine and take extracts from any book or document in the possession of such party or Agent.

28. If in cases other than those under Article 296 any party or either of the Government Agents desires to submit a reasoned argument in writing, he may do so at any time after the written proceedings are closed, and not less than ten days before the date fixed for the hearing of the case, but such argument in writing shall be based only on facts alleged in the memorial, response, reply or rejoinder.

The submission of such written argument shall not preclude the parties or Agents submitting it from also adducing oral argument. The Tribunal reserves the right, if it shall think fit, to require in addition oral argument in cases where only written argument has been submitted.

29. The President will on the conclusion of all preliminary matters fix the date and place of hearing, and the Secretariat will inform the respective Government Agents and parties of his decision.

30. The hearing shall be in public, and the parties shall either by themselves or by counsel or other recognised advocate present their cases. In cases connected with patents the parties may by leave of the Tribunal be represented by patent agents and *Patentanwälte*. Unless otherwise ordered, the Claimant shall begin and have the right to reply.

31.—(a) The parties shall have the right themselves to give evidence, and shall, if required by the Tribunal, do so. Each party may call such witnesses as he pleases before the Tribunal and may question them by himself or his counsel or admitted representative. Each party shall have the right to question any witness called by the other party (including the opposite party himself) whether before the Tribunal itself or elsewhere, by himself or by counsel or other admitted representative.

• If the party who does not call the witness questions him, the party who has called him may thereupon put further questions to the witness on matters arising out of the questions put to the witness by the other party. Unless the Tribunal shall otherwise order, no further questions shall be put to the witness by or on behalf of the parties. The Tribunal, however, will at any stage put any questions that it may think fit:

Provided always that a party to a case shall not be summoned or compelled to give evidence unless the Tribunal shall have given leave for such witness to be summoned or to give evidence or unless the Tribunal shall have required of its own motion that such party shall attend and give evidence.

(b) No oath shall be required from or administered to any witness before the Tribunal or on any Commission ordered by the Tribunal, unless the Tribunal otherwise directs.

32. The Tribunal may at any stage of the proceedings obtain a report from any person on any particular point, such person to be agreed upon by the parties or in default of agreement to be appointed by the Tribunal. The Tribunal may view any premises, locality or object if it deem such a view necessary.

33. If any party fail to appear, the case may be proceeded with in his absence, but the Agent of the Government of such party may intervene and himself take up the case, and the Tribunal may on the application of such Agent or on its own motion adjourn the case.

34. It shall be permissible for either Government to conduct the case of its national through its Agent, and such Agent may appear either in person or by counsel or other recognised advocate. Either Agent may also appear independently of the parties by himself or by counsel or other recognised advocate, and may intervene in the proceedings in such manner and at such time as the Tribunal may direct.

35.—(a) If the Government Agent of the Respondent after making all reasonable efforts shall be unable to cause the memorial to be served upon the Respondent as provided by Rule 7 at the expiration of twenty-one days from the receipt of the memorial by such Agent, he shall forthwith report such failure to the Secretariat, giving the reasons for such failure and stating the steps he has taken to effect service, and the Secretariat shall inform the Claimant that the Respondent has not been served.

(b) On the application of the Claimant, the Tribunal may thereupon, if it thinks fit, allow the claim to be proceeded with or may make such other order in the matter as it thinks fit. The Government Agent of the Respondent shall be entitled to intervene on such application being made, and the Claimant shall give ten days' notice to such Agent of such application.

36. If at any stage of the proceedings a party requires to prove any specific fact it shall be open to the party to give a notice to the other party to admit or dispute such fact. If the party to whom notice is so given disputes the fact, and such fact is subsequently established, the Tribunal may in its discretion order the party who had disputed such fact to pay the costs of proof and any other costs occasioned thereby, whatever may be the result of the case, provided always that any such admission shall only be binding upon the parties.

37. Where a claim is made against either Government, and such claim is admitted by the Government in question, it shall be competent to the parties to agree upon a form of decision setting out with sufficient detail the claim which is admitted and the payment and restitution or other remedy or relief agreed upon, and to submit the same to the Tribunal, who,

if it thinks fit, and if the Government Agent of the national claiming has not objected, will register the same as a decision, and the same shall, when registered, be deemed for all purposes to be a decision of the Tribunal: Provided that the Tribunal will not register any such decision unless the Government prove that he has submitted a true copy of the same to his Government Agent at least ten days previously. The same procedure with any necessary modification may be adopted where the claim is made against a national of either Government, provided that in such a case the Agent of neither Government has objected, and it is proved to the satisfaction of the Tribunal that the respective Government Agents have had true copies of the form of decision submitted to them at least ten days previously.

38. If in any case the parties agree upon the facts and desire the determination of the Tribunal on those facts, they shall submit an agreed statement of facts to the Tribunal and it shall be competent to the Tribunal, with or without argument, according to the desire of the parties, to determine the questions at issue, provided that the Tribunal may in any case require arguments to be presented to them:

Provided also that in all cases the assent of the Government Agents, in writing, to the correctness of the facts as stated shall be obtained, except where the claim is against a Government.

#### DECISION.

39. The decision of the Tribunal will in all cases be drawn up in writing and registered, and copies thereof will be sent by the Secretariat to the parties and Government Agents. The decision will also deal with costs and expenses.

40. The Tribunal reserves to itself the power to correct an error in any decision or other order arising from a slip or accidental omission, or to explain any ambiguity or other doubtful expression appearing in the decision. It shall be open to the parties or to the Government Agents to give notice of application to the Tribunal for any such correction or for any such explanation within thirty days of the publication of the decision. No such application will be heard after the expiration of that period.

41. The Tribunal reserves the right to stay execution on its decisions in any case where it appears proper to do so.

42.—(a) The Tribunal may require to be satisfied that all notices and communications prescribed by these Rules have been duly received. The production of a receipt from the postal authority of the posting of a registered postal packet shall be conclusive evidence of the receipt of a notice or communication by the person to whom it is addressed until the contrary is proved. In cases in which delivery by registered post is not practicable, heavy books and documents may be sent by ordinary post and unregistered or by public carrier, and, on proof of such posting or delivery to such carrier, the books or documents shall be deemed to have been received by the person to whom they were addressed, unless and until the contrary is proved.

(b) All communications to the parties shall be delivered at or sent to the address and to the person named by them as provided by rule 3 (h).

(c) If service or delivery as above provided should prove impracticable, the Tribunal will, upon application, give such directions as it may think fit, or may dispense with services.

43. In cases where any person is not residing in Europe, the additional time taken for any postal communications to reach or to arrive from the country in which such person is residing shall not be taken as included in the time prescribed by these rules; and further time may be granted on the application of any party where, owing to difficulties of communication or other good cause, such extension appears desirable.

Party shall include any person who has intervened in or has been allowed to take part in the case.

44. The proper expenses of witnesses will be allowed, and may be advanced by the Tribunal if called in pursuance of its order.

45. The Tribunal will permit amendments of written proceedings, extensions of time, and grant other dispensations from these rules in all such

cases as may be necessary in the interests of justice and equity, and the Tribunal reserves power from time to time to alter, abrogate, or add to these rules as experience may require.

46. These rules are supplemental to the rules of procedure relating to the Mixed Arbitral Tribunal laid down in Sections III to VII of Part X of the Treaty, and must be read in conjunction with such rules of procedure.

#### ANNOUNCEMENT BY THE BOARD OF TRADE.

The Mixed Arbitral Tribunal to be established between the United Kingdom on the one hand and Germany on the other hand under Article 304 of the Treaty of Versailles has been constituted and is about to begin work in London. The President of the Tribunal is Professor Eugène Borel, a Swiss jurist and Professor of Public and International Law in the University of Geneva. The British and German members are respectively Mr. R. E. L. Vaughan Williams, K.C., of Lincoln's Inn, and Dr. jur. Adolph Nicolaus Zacharias, Senatspräsident of the Hanseatic Oberlandesgericht.

A great part of the work of the Tribunal is to decide as to debts under Article 296 of the Treaty where a difference has arisen between an enemy debtor and an enemy creditor or between the British and German clearing offices. Under Article 297 the Tribunal can determine compensation to be borne by Germany in respect of damage or injury inflicted on the property, rights or interest of British Nationals in German territory as they existed on August 1, 1914, by the exceptional war measure or measures of transfer mentioned in the Annex to that Article. The other matters within the jurisdiction of the Tribunal are set out in Articles 299, 300, 302, 304, 305 and 310 of the Treaty.

The Procedure before the Tribunal is to some extent regulated by Sections III to VII of Part X of the Treaty, but the Tribunal has settled further and more detailed rules dealing with the manner in which claims must be submitted. Printed copies of these Rules of Procedure, which have been issued in the Series of Statutory Rules and Orders (No. 2062), may be purchased, price threepence, through any bookseller, or may be obtained on application to the Secretariat of the Tribunal. They should be read in conjunction with the provisions of the Treaty of Peace Order, 1919 (Statutory Rules and Orders, 1919, No. 1517, published by H. M. Stationery Office. Price 2d.).

The British Government has provided a Court for the meetings of the Tribunal, and an office for the Secretariat at 21, St. James Square, London, S. W. 1. Mr. Harold Russel, Barrister-at-Law, has been appointed by the Foreign Office to act as British Secretary and the German Government is also appointing a Secretary, the two to act together as joint Secretaries of the Tribunal.

The High Contracting Parties under the Treaty have agreed that their courts and authorities shall render the Mixed Arbitral Tribunal, direct, all the assistance in their power as regards transmitting notices and collecting evidence. The decisions of the Tribunal are final and conclusive. The place and time of sitting will be determined by the President of the Tribunal, and may be in London, Germany or elsewhere as the convenience of the parties or witnesses may require. The sittings will be public.

ORDERED that a copy of the Resolution be published in the *Gazette of India* and that copies of the Rules be placed on sale at the Government Press, 8, Hastings Street, Calcutta.

#### RESOLUTION.

*Delhi, the 15th February 1921.*

By the Resolution of the Government of India, Department of Commerce and Industry, No. 1711-D., dated the 26th February 1920, a Board of Industries and Munitions was constituted as a temporary organization designed to close the war commitments of the Indian Munitions Board, to take over from the Commerce and Industry Department and the Public Works Department certain items of work, and to undertake the initial work of industrial organization, and in particular to frame detailed proposals for a new Department of Industries.

2. Proposals formulated by the Board of Industries and Munitions for the creation of a Department of the Government of India to deal with industrial questions have now received the approval of His Majesty's Secretary of State for India, and the Governor-General in Council is accordingly pleased to announce the creation of a permanent Department of Industries. The new department, which will come into existence with effect from the date of this resolution, will deal for the present with the heads of business detailed in the Government resolution quoted above. It will be under the charge of the Hon'ble Sir Thomas Holland, K.C.S.I., K.C.I.E., F.R.S., Member of the Governor-General's Executive Council.

3. Concurrently with the creation of the permanent Department of Industries, the Board of Industries and Munitions will cease to exist. The work connected with the closing of the war commitments of the late Indian Munitions Board and the disposal of surplus stores on behalf of His Majesty's Government has been entrusted to a separate temporary organization under an officer designated Chief Controller (Surplus Stores) responsible to the Member-in-charge of Industries.

### THE INDIA TREATY OF PEACE (AUSTRIA) ORDER IN COUNCIL 1921.

PRESENT :

**The King's Most Excellent Majesty.**

LORD PRESIDENT.  
LORD CHAMBERLAIN.  
VISCOUNT MILNER.

SIR FEEDERICK PONSONBY.  
MR. BURDETT-COUTTS.

WHEREAS at Saint Germain-en-Laye on the tenth day of September, nineteen-hundred and nineteen, a Treaty of Peace (hereinafter referred to as "the Treaty") was signed on behalf of His Majesty :

AND WHEREAS by the Treaties of Peace (Austria and Bulgaria) Act, 1920, it was provided that His Majesty might make such appointments, establish such Offices, make such Orders in Council and do such things as appeared to Him to be necessary for carrying out the Treaty, and for giving effect to any of the provisions of the Treaty, and that any Order in Council made under that Act might provide for the imposition by summary process or otherwise of penalties in respect of breaches of the provisions thereof :

AND WHEREAS the Treaty contained the sections set out in the Schedule to this Order, and it is expedient that for giving effect thereto the provisions hereinafter contained should have effect :

AND WHEREAS by treaty, grant, usage, sufferance or other lawful means His Majesty has power and jurisdiction in territories and in regard to persons in India outside British India, and is pleased by virtue and in exercise of the powers vested in Him by the Foreign Jurisdiction Act, 1890, and all other powers enabling Him in this behalf to extend the provisions of this Order to such territories and persons :

NOW, THEREFORE, His Majesty, by and with the advice of His Privy Council, is pleased to order, and it is hereby ordered, as follows :—

1. The Sections of the Treaty set out in the Schedule to this Order shall have full force and effect as law, and for the purpose of carrying out the said sections the following provisions shall have effect :

(i) There shall be established in India at such place as the Governor General in Council may determine a Local Clearing Office under the control and management of such person (hereinafter referred to as the Administrator) as the Governor-General in Council may appoint for the purpose and there shall be attached thereto such officers and servants on such salaries or other remuneration as the Governor-General in Council may determine.

(ii) It shall not be lawful for any person to pay or accept payment of any enemy debt except in cases where recovery thereof in a court of law is allowed as hereinafter provided, otherwise than through or by leave of the Clearing Office established for the purpose of the Treaty in the United Kingdom or the Local Clearing Office established under this Order (which leave may be granted subject to such conditions including conditions as to the payment of fees, as the Clearing Office in the United Kingdom or the Local Clearing Office, as the case may be, may think fit to impose), and no person interested in any such debt as debtor or creditor shall have any communications with any other person interested therein as creditor or debtor except through or by leave of either of such offices. Any person contravening this provision shall on conviction be punished with imprisonment for a term which may extend to two years, or with fine, or with both :

Provided that—

(a) in case of any company contravening this provision, every director, manager, secretary or other officer of the company who is knowingly a party to the transaction shall be deemed guilty of the offence :

(b) a prosecution for such offence shall not be instituted except with the sanction of the Governor-General in Council.

(iii) It shall not be lawful for any person to take proceedings in any court for the recovery of any enemy debt except in the circumstances provided under paragraphs 16, 23 and 25 of the Annex to section III of Part X of the Treaty.

(iv) The Local Clearing Office shall have power to enforce the payment of any enemy debt against the person by whom the debt is due, together with such interest as is payable under paragraph 22 of the Annex to the said section III, and for that purpose shall have all such rights and powers as if it

were the creditor; and if the debt has been admitted by the debtor or the debt or amount thereof has been found by arbitration or by the Mixed Arbitral Tribunal or by a court of law in manner provided by paragraph 16 of the Annex to the said section III, the Local Clearing Office may certify the amount so admitted or found due together with such interest as aforesaid and on application by it in the principal civil court of original jurisdiction of the place in which the debtor resides, the certificate shall be filed in such court and thereafter all proceedings may be taken thereon, as if the certificate was a decree obtained in that court for the recovery of a debt of the amount specified in the certificate and signed on the date of such filing, and all reasonable costs and charges attendant upon the filing of such certificate shall be recoverable in like manner as if they were part of such decree.

- (v) It shall be lawful for the Local Clearing Office to recover from any person by whom a fine is payable under paragraph 10 of the Annex to the said section III the amount of such fine and for this purpose the Administrator may certify the amount of such fine and the person by whom it is due to the nearest Magistrate who shall have all power to recover the same as if it were a fine realisable under the Code of Criminal Procedure (Act V of 1898).
- (vi) If any creditor refuses or fails to give such notice or to furnish such documents or information as are mentioned in paragraph 5 of the Annex to the said section III, he shall, on conviction before a Magistrate, be liable to a fine not exceeding one hundred rupees.
- (vii) If any person collusively gives notice of or admits any debt which is not due or furnishes any false information with respect to any debt, he shall, on conviction before a Magistrate, be punishable with imprisonment which may extend to three months, or with fine, or with both.
- (viii) If His Majesty so agrees with any of the other Allied or Associated Powers the provisions of this Order, so far as they relate to enemy debts shall apply to debts due to or from the nationals of that Power resident in any part of India in like manner as they apply to debts due to or from British nationals so resident.
- (ix) All property, rights and interests within India belonging to nationals of the former Austrian Empire at the date when the Treaty came into force (not being property, rights or interests acquired under any general licence issued by or on behalf of His Majesty), and the net proceeds of their sale, liquidation or other dealings therewith, are hereby charged—
  - (a) in the first place, with payment of the amounts due in respect of claims by British nationals in India with regard to their property, rights and interests (including companies and associations in which they are interested) in the territories of the former Austrian Empire, or debts owing to them by Austrian nationals, and with payment of any compensation awarded by the Mixed Arbitral Tribunal or by an arbitrator appointed by that Tribunal in pursuance of paragraph (c) of Article 249 of the Treaty, and with payment of claims growing out of acts committed by the former Austro-Hungarian Government or by any Austrian authorities since the twenty-eighth day of July, and before the twelfth day of August, nineteen hundred and fourteen;
  - (b) secondly, with payment of the amounts due in respect of claims by British nationals in India with regard to their property, rights and interests in the territories of Germany, Hungary, Bulgaria and Turkey, in so far as those claims are not otherwise satisfied; and

Provided that any particular property, rights or interests so charged may at any time be released from the charge so created by order of the Governor General in Council.

(x) With a view to making effective and enforcing such charge as aforesaid—

- (a) the Administrator shall have such powers and duties as are hereinafter provided;
- (b) no person shall, without the consent of the Administrator, acting under the general directions of the Governor General in Council, transfer, part with or otherwise deal in any property, rights or interests subject to the charge; any person who contravenes this provision shall, on conviction before a Magistrate, be punishable with imprisonment which may extend to three months, or with fine, or with both;
- (c) every person owing or having the control or management of any property, rights or interests in India subject to the charge (including where the property, rights or interests consist of shares, stocks or other securities issued by a company, municipal authority or other body, or any right or interest therein such company, authority or body) shall, unless particulars thereof have already been furnished to the Custodian in accordance with the Indian Enemy Trading Acts, 1915-1916, within two months from the date of the making of the Order by notice in writing communicate the fact to the Administrator and shall furnish the Administrator with such particulars in relation thereto as the Administrator may require, and if any person fails to do so or furnishes any false information he shall on conviction before a Magistrate be liable to fine;
- (d) where the property charged consists of inscribed or registered stock, shares or other securities, any company, municipal authority or other body by whom the securities were issued or are managed shall, on application being made by the Administrator, notwithstanding any regulation or stipulation of the company or other body and notwithstanding that the Administrator is not in possession of the certificate, scrip, or other document of title relating to the shares, stock or securities to which the application relates, enter the Administrator in the books in which the securities are inscribed or registered as the proprietor of the securities subject to the charge, and the Administrator shall, subject to the consent of the Governor General in Council, have power to sell or otherwise deal with the securities as proprietor of which he is so registered or inscribed;
- (e) where the property charged consists of property transferable on delivery, any person having the possession, control or management of the property shall, on being so required by the Administrator, deliver the property to him, and the Administrator shall, subject to the consent of the Governor General in Council, have power to sell or otherwise deal with the property so delivered to him;
- (f) the Governor General in Council may by order vest in the Administrator any property, rights or interests subject to the charge, or the right to transfer the same, and for that purpose sub-sections (1) to (4) of section 7 of the Indian Enemy Trading Act, 1916, shall in relation to nationals of the former Austrian Empire continue in force and apply as if property, rights and interests subject to the charge were property belonging to an enemy or enemy subject, and as if for references to the Custodian therein there were substituted references to the Administrator;

- (g) a Chief Presidency Magistrate or a District Magistrate, may on application of the Administrator, require any person known or suspected to have in his possession or under his control any property, right or interest subject to the charge, (including any person known or suspected to owe a debt to a national of the former Austrian Empire) or any person whom he may consider capable of giving information with respect to the same to attend as a witness to give evidence or produce documents before him or before such Magistrate subordinate to him as he may appoint in this behalf. The Chief Presidency Magistrate or District Magistrate or other Magistrate so appointed shall, for the purpose of this sub-section, have all the powers of a criminal court under the Code of Criminal Procedure (Act V of 1898); and
- (h) if any person called upon to pay any money or to transfer or otherwise to deal with any property, right or interest has reason to suspect that the same is subject to such charge as aforesaid he shall before paying, transferring or dealing with the same report the matter to the Administrator and shall comply with any directions that the Administrator may give with respect thereto.
- (xi) There shall be paid to the Administrator such surplus proceeds of property, rights and interests charged under section 1 (xvi) of the India Treaty of Peace Order, 1920, as may be allocated in accordance with section 1 (xvi) (b) of that Order to the payment of amounts due in respect of claims by British nationals in India with regard to their property, rights and interests in the territories of the former Austrian Empire.
- (xii) The Administrator shall apply the sums received by him in satisfaction of the claims, debts and compensation mentioned in sub-section (ix) of this Article.
- (xiii) The Governor General in Council may, by notification in the *Gazette of India*, make rules for all matters incidental to, or consequential on, the provisions of this Order and may by such rules prescribe forms for carrying into effect its provisions and prescribe the time (not being less than six months after the coming into force of the Treaty) within which proofs of claims in order to rank must be made and the manner of making and proving the same.
- (xiv) The Local Clearing Office, out of the money collected by it and the Administrator, out of the property, rights, interests, or proceeds thereof vested in or collected or received by him under this Order, shall retain such sums as, subject to the consent of the Governor General in Council, the Local Clearing Office or Administrator may consider necessary to cover risks, expenses and commissions.
- (xv) Proceedings by and on behalf of the Local Clearing Office and proceedings by the Administrator may be taken by and in the name of the Administrator, who may by the name of the Administrator (India) of Austrian property sue and be sued, and costs may be awarded to or against the Administrator.
- (xvi) Every document purporting to be an order or other instrument issued by the Local Clearing Office and to be signed by the Administrator or other person authorised by the Administrator, and every document purporting to be an order or other instrument issued by the Administrator and to be signed by him or other person authorised by him shall be received in evidence and shall be deemed to be such order or instrument without further proof unless the contrary is shown; and in any proceeding by the Local Clearing Office, or by the Administrator to recover a debt or fine, a report purporting to be signed by the Administrator or other person authorised by him shall be evidence of the facts therein stated.

- (xvii) A certificate signed by the Administrator that an order or other instrument purporting to be made or issued by the Local Clearing Office or by the Administrator is so made or issued shall be conclusive evidence of the facts so certified.
- (xviii) The Administrator shall be deemed to be a public officer and any document forming part of the acts or records of the acts of the Local Clearing Office or the Administrator, shall be deemed to be public documents for the purpose of Chapter V of the Indian Evidence Act, 1872.
- (xix) All decisions of the Mixed Arbitral Tribunal constituted under section VI of Part X of the Treaty, if within the jurisdiction of that Tribunal, shall be final and conclusive and binding on all courts.
- (xx) For the purpose of enforcing the attendance of witnesses before the Mixed Arbitral Tribunal, whether sitting in India or not, and compelling the production before the Tribunal or documents, a Secretary of the Government of India shall have power to issue orders which shall have the like effect as if the proceedings before the Tribunal were a suit in a court and the order were a formal process issued by that court in the due exercise of its jurisdiction, and disobedience to any such order shall be punishable under the Indian Penal Code (Act XLV of 1860).
- (xxi) The time at which the period of prescription or limitation of right of action referred to in article 252 of the Treaty shall begin again to run shall be at the expiration of six months after the coming into force of the Treaty, and the period to be allowed within which presentation of negotiable instruments for acceptance or payment and notice of non-acceptance or non-payment or protest may be made under article 253 shall be twelve months from the coming into force of the Treaty.

2. For the purposes of the foregoing provisions of this Order—

the expression "nationals of the former Austrian Empire" does not include persons who, within six months of the coming into force of the Treaty, show to the satisfaction of the Administrator that they have acquired *ipso facto* in accordance with its provisions nationality of an Allied or Associated power, including those who under Article 72 or 76 of the Treaty obtained such nationality with the consent of the competent authorities, or who under Articles 74 or 77 thereof acquired such nationality by virtue of previous rights of citizenship; and

### SCHEDULE.

#### SECTIONS III TO VII OF PART X OF THE TREATY.

#### Section III—Debts.

#### ARTICLE 248.

There shall be settled, through the intervention of Clearing Offices to be established by each of the High Contracting Parties within three months of the notification referred to in paragraph (c) hereafter, the following classes of pecuniary obligations:—

(1) Debts payable before the war and due by a national of one of the Contracting Powers residing within its territory, to a national of an Opposing Power, residing within its territory;

(2) Debts which became payable during the war to nationals of one Contracting Power residing within its territory and arose out of transactions or contracts with the nationals of an Opposing Power, resident within its territory, of which the total or partial execution was suspended on account of the existence of a state of war;

(3) Interest which was accrued due before and during the war to a national of one of the Contracting Powers in respect of securities issued or taken over by an Opposing Power provided that the payment of interest on such securities to the nationals of that Power or to neutrals has not been suspended during the war;

(4) Capital sums which have become payable before and during the war to nationals of one of the Contracting Powers in respect of securities issued by one of the Opposing powers, provided that the payment of such capital sums to nationals of that Power or to neutrals has not been suspended during the war.

In the case of interest or capital sums payable in respect of securities issued or taken over by the former Austro-Hungarian Government, the amount to be credited and paid by Austria will be the interest or capital in respect only of the debt for which Austria is liable in accordance with part IX (Financial Clauses) of the present Treaty; and the principles laid down by the Reparation Commission.

The proceeds of liquidation of enemy property, rights, and interests mentioned in section IV and in the Annex thereto will be accounted for through the Clearing Offices, in the currency and at the rate of exchange hereinafter provided for in paragraph (d), and disposed of by them under the conditions provided by the said Section and Annex.

The settlements provided for in this article shall be effected according to the following principles and in accordance with the Annex to this Section :—

(a) Each of the High Contracting Parties shall prohibit, as from the coming into force of the present Treaty, both the payment and the acceptance of payment of such debts, and also all communications between the interested parties with regard to the settlement of the said debts otherwise than through the Clearing Offices;

(b) Each of the High Contracting Parties shall be respectively responsible for the payment of such debts due by its nationals, except in the cases where before the war the debtor was in a state of bankruptcy or failure, or had given formal indication of insolvency, or where the debt was due by a company whose business has been liquidated under emergency legislation during the war;

(c) The sums due to the nationals of one of the High Contracting Parties by the nationals of an Opposing State will be debited to the Clearing Office of the country of the debtor, and paid to the creditor by the Clearing Office of the country of the creditor;

(d) Debts shall be paid or credited in the currency of such one of the Allied and Associated Powers, their colonies or protectorates, or the British Dominions or India, as may be concerned. If the debts are payable in some other currency, they shall be paid or credited in the currency of the country concerned, whether an Allied or Associated Power, Colony, Protectorate, British Dominion, or India, at the pre-war rate of exchange.

For the purpose of this provision, the pre-war rate of exchange shall be defined as the average cable transfer rate prevailing in the Allied or Associated country concerned during the month immediately preceding the outbreak of war between the said country concerned and Austria-Hungary.

If a contract provides for a fixed rate of exchange governing the conversion of the currency in which the debt is stated into the currency of the Allied or Associated country concerned, then the above provisions concerning the rate of exchange shall not apply.

In the case of the new States of Poland and the Czecho-Slovak State the currency in which and the rate of exchange at which debts shall be paid or credited shall be determined by the Reparation Commission provided for in Part VIII, unless they shall have been previously settled by agreement between the States interested;

(e) The provisions of this Article and of the Annex hereto shall not apply as between Austria, on the one hand, and any one of the Allied and Associated Powers, their colonies or protectorates, or any one of the British Dominions or India, on the other hand, unless within a period of one month the deposit of the ratification of the present Treaty by the Power in question or of the ratification on behalf of such Dominion or of India, notice to that effect is given to Austria by the Government of such Allied or Associated Power or of such Dominion or of India as the case may be;

(f) The Allied and Associated Powers which have adopted this Article and the Annex hereto may agree between themselves to apply them to their respective nationals established in their territory so far as regards matters between their nationals and Austrian nationals. In this case the payments made by application of this provision will be subject to arrangements between the Allied and Associated Clearing Offices concerned.

#### ANNEX.

##### 1.

Each of the High Contracting Parties will, within three months from the notification provided for in Article 248, paragraph (e), establish a Clearing Office for the collection and payment of enemy debts.

Local Clearing Offices may be established for any particular portion of the territories of the High Contracting Parties. Such local Clearing Offices may perform all the functions of a central Clearing Office in their respective

districts, except that all transactions with the Clearing Office in the Opposing State must be effected through the central Clearing Office.

## 2.

In this Annex the pecuniary obligations referred to in the first paragraph of Article 248 are described as "enemy debts," the persons from whom the same are due as "enemy debtors," the persons to whom they are due as "enemy creditors," the Clearing Office in the country of the creditor is called the "Creditor Clearing Office" and the Clearing Office in the country of the debtor is called the "Debtor Clearing Office."

## 3.

The High Contracting Parties will subject contraventions of paragraph (a) of Article 248 to the same penalties as are at present provided by their legislation for trading with the enemy. They will similarly prohibit within their territory all legal process relating to payment of enemy debts, except in accordance with the provisions of this Annex.

## 4.

The Government guarantee specified in paragraph (b) of Article 248 shall take effect whenever, for any reason, a debt shall not be recoverable, except in a case where at the date of the outbreak of war the debt was barred by the laws of prescription in force in the country of the debtor, or where the debtor was at that time in a state of bankruptcy or failure or had given formal indication of insolvency, or where the debt was due by a company whose business has been liquidated under emergency legislation during the war. In such case, the procedure specified by this Annex shall apply to payment of the dividends.

The terms "bankruptcy" and "failure" refer to the application of legislation providing for such juridical conditions. The expression "formal indication of insolvency" bears the same meaning as it has in English law.

## 5.

Creditors shall give notice to the Creditor Clearing Office within six months of its establishment of debts due to them, and shall furnish the Clearing Office with any documents and information required of them.

The High Contracting Parties will take all suitable measures to trace and punish collusion between enemy creditors and debtors. The Clearing Offices will communicate to one another any evidence and information which might help the discovery and punishment of such collusion.

The High Contracting Parties all facilitate as much as possible postal and telegraphic communication at the expense of the parties concerned and through the intervention of the Clearing Offices between debtors and creditors desirous of coming to an agreement as to the amount of their debt.

The Creditor Clearing Office will notify the Debtor Clearing Office of all debts declared to it. The Debtor Clearing Office will, in due course, inform the Creditor Clearing Office which debts are admitted and which debts are contested. In the latter case, the Debtor Clearing Office will give the grounds for the non-admission of debt.

## 6.

When a debt has been admitted, in whole or in part, the Debtor Clearing Office will at once credit the Creditor Clearing Office with the amount admitted, and at the same time notify it of such credit.

## 7.

The debt shall be deemed to be admitted in full and shall be credited forthwith to the Creditor Clearing Office unless within three months from the receipt of the notification, or such longer time as may be agreed to by the Creditor Clearing Office, notice has been given by the Debtor Clearing Office that it is not admitted.

8.

When the whole or part of a debt is not admitted the two Clearing Offices will examine into the matter jointly and will endeavour to bring the parties to an agreement.

9.

The Creditor Clearing Office will pay to the individual creditor the sums credited to it out of the funds placed at its disposal by the Government of its country and in accordance with the conditions fixed by the said Government, retaining any sums considered necessary to cover risks, expenses or commissions.

10.

Any person having claimed payment of an enemy debt which is not admitted in whole or in part shall pay to the Clearing Office, by way of fine, interest at 5 per cent. on the part not admitted. Any person having unduly refused to admit the whole or part of a debt claimed from him shall pay, by way of fine, interest at 5 per cent. on the amount with regard to which his refusal shall be disallowed.

Such interest shall run from the date of expiration of the period provided for in paragraph 7 until the date on which the claim shall have been disallowed or the debt paid.

Each Clearing Office shall, in so far as it is concerned, take steps to collect the fines above provided for, and will be responsible if such fines cannot be collected.

The fines will be credited to the other Clearing Office, which shall retain them as a contribution towards the cost of carrying out the present provisions.

11.

The balance between the Clearing Offices shall be struck monthly and the credit balance paid in cash by the debtor State within a week.

Nevertheless, any credit balances which may be due by one or more of the Allied and Associated Powers shall be retained until complete payment shall have been effected of the sums due to the Allied or Associated Powers or their nationals on account of the war.

12.

To facilitate discussion between the Clearing Offices each of them shall have a representative at the place where the other is established.

13.

Except for special reasons all discussions in regard to claims will, so far as possible, take place at the Debtor Clearing Office.

14.

In conformity with Article 248, paragraph (b), the High Contracting Parties are responsible for the payment of the enemy debts owing by their nationals.

The Debtor Clearing Office will therefore credit the Creditor Clearing Office with all debts admitted, even in case of inability to collect them from the individual debtor. The Governments concerned will, nevertheless, invest their respective Clearing Offices with all necessary powers for the recovery of debts which have been admitted.

15.

Each Government will defray the expenses of the Clearing Office set up in its territory, including the salaries of the staff.

16.

Where the two Clearing Offices are unable to agree whether a debt claimed is due, or in case of a difference between an enemy debtor and an enemy creditor or between the Clearing Offices, the dispute shall either be

referred to arbitration, if the parties so agree under conditions fixed by agreement between them, or referred to the Mixed Arbitral Tribunal provided for in section VI, hereafter.

At the request of the Creditor Clearing Office the dispute may, however, be submitted to the jurisdiction of the Courts of the place of domicile of the debtor.

## 17.

Recovery of sums found by the Mixed Arbitral Tribunal, the Court, or the Arbitration Tribunal to be due shall be effected through the Clearing Offices as if these sums were debts admitted by the Debtor Clearing Office.

## 18.

Each of the Governments concerned shall appoint an agent who will be responsible for the presentation to the Mixed Arbitral Tribunal of the cases conducted on behalf of its Clearing Office. This agent will exercise a general control over the representatives or counsel employed by its nationals.

Decisions will be arrived at on documentary evidence, but it will be open to the Tribunal to hear the parties in person, or according to their preference by their representatives approved by the two Governments, or by the agent referred to above, who shall be competent to intervene along with the party or to reopen and maintain a claim abandoned by the same.

## 19.

The Clearing Offices concerned will lay before the Mixed Arbitral Tribunal all the information and documents in their possession, so as to enable the Tribunal to decide rapidly on the cases which are brought before it.

## 20.

Where one of the parties concerned appeals against the joint decision of the two Clearing Offices he shall make a deposit against the costs, which deposit shall only be refunded when the first judgment is modified in favour of the appellant and in proportion to the success he may attain, his opponent in case of such a refund being required to pay an equivalent proportion of the costs and expenses. Security accepted by the Tribunal may be substituted for a deposit.

A fee of 5 per cent. of the amount in dispute shall be charged in respect of all cases brought before the Tribunal. This fee shall, unless the Tribunal directs otherwise, be borne by the unsuccessful party. Such fee shall be added to the deposit referred to. It is also independent of the security.

The Tribunal may award to one of the parties a sum in respect of the expenses of the proceedings.

Any sum payable under this paragraph shall be credited to the Clearing Office of the successful party as a separate item.

## 21.

With a view to the rapid settlement of claims, due regard shall be paid in the appointment of all persons connected with the Clearing Offices or with the Mixed Arbitral Tribunal to their knowledge of the language of the other country concerned.

Each of the Clearing Offices will be at liberty to correspond with the other and to forward documents in its own language.

## 22.

Subject to any special agreement to the contrary between the Governments concerned debts shall carry interest in accordance with the following provisions:

Interest shall not be payable on sums of money due by way of dividend, interest or other periodical payments which themselves represent interest on capital.

The rate of interest shall be 5 per cent. per annum, except in cases where, by contract, law or custom, the creditor is entitled to payment of interest at a different rate. In such cases the rate to which he is entitled shall prevail.

Interest shall run from the date of commencement of hostilities (or, if the sum of money to be recovered fell due during the war, from the date at which it fell due) until the sum is credited to the Clearing Office of the creditor.

Sums due by way of interest shall be treated as debts admitted by the Clearing Offices and shall be credited to the Creditor Clearing Office, in the same way as such debts.

## 23.

Where by decision of the Clearing Offices or the Mixed Arbitral Tribunal a claim is held not to fall within Article 248, the creditor shall be at liberty to prosecute the claim before the Courts or to take such other proceedings as may be open to him.

The presentation of a claim to the Clearing Office suspends the operation of any period of prescription.

## 24.

The High Contracting Parties agree to regard the decisions of the Mixed Arbitral Tribunal as final and conclusive, and to render them binding upon their nationals.

## 25.

In any case where a Creditor Clearing Office declines to notify a claim to the Debtor Clearing Office, or to take any step provided for in this Annex intended to make effective in whole or in part a request of which it has received due notice, the enemy creditor shall be entitled to receive from the Clearing Office a certificate setting out the amount of the claim, and shall then be entitled to prosecute the claim before the courts or to take such other proceedings as may be open to him.

## SECTION IV.—PROPERTY, RIGHTS AND INTERESTS.

## ARTICLE 249.

The question of private property, rights and interests in an enemy country shall be settled according to the principles laid down in this Section and to the provisions of the Annex hereto.

(a) The exceptional war measures and measures of transfer (defined in paragraph 3 of the Annex hereto) taken in the territory of the former Austrian Empire with respect to the property, rights and interests of nationals of Allied or Associated Powers, including companies and associations in which they are interested when liquidation has not been completed, shall be immediately discontinued, or stayed and the property, rights, and interests concerned restored to their owners.

(b) Subject to any contrary stipulations which may be provided for in the present Treaty, the Allied and Associated Powers reserve the right to retain and liquidate all property, rights and interests which belong at the date of the coming into force of the present Treaty to nationals of the former Austrian Empire, or companies controlled by them, and are within the territories, colonies, possessions and protectorates of such Powers (including territories ceded to them by the present Treaty) or are under the control of those Powers.

The liquidation shall be carried out in accordance with the laws of the Allied or Associated State concerned, and the owner shall not be able to dispose of such property, rights or interests nor to subject them to any charge without the consent of that State.

Persons who within six months of the coming into force of the present Treaty show that they have acquired *ipso facto* in accordance with its provisions the nationality of an Allied or Associated Power, including those who under Article 72 or 76 obtain such nationality with the consent of the competent authorities, or who under Article 74 or 77 acquire such nationality in virtue of previous rights of citizenship (*perlinenza*) will not be considered as nationals of the former Austrian Empire within the meaning of this paragraph.

(c) The price or the amount of compensation in respect of the exercise of the right referred to in paragraph (b) will be fixed in accordance with the methods of sale or valuation adopted by the laws of the country in which the property has been retained or liquidated.

(d) As between the Allied and Associated Powers and their nationals on the one hand and nationals of the former Austrian Empire on the other hand, as also between Austria on the one hand and the Allied and Associated Powers and their nationals on the other hand, all the exceptional war measures, or measures of transfer, or acts done or to be done in execution of such measures as defined in paragraphs 1 and 3 of the Annex hereto shall be considered as final and binding upon all persons except as regards the reservations laid down in the present Treaty.

(e) The nationals of Allied and Associated Powers shall be entitled to compensation in respect of damage or injury inflicted upon their property, rights or interests, including any company or association in which they are interested, in the territory of the former Austrian Empire, by the application either of the exceptional war measures or measures of transfer mentioned in paragraphs 1 and 3 of the Annex hereto. The claims made in this respect by such nationals shall be investigated, and the total of the compensation shall be determined by the Mixed Arbitral Tribunal provided for in Section VI or by an arbitrator appointed by that Tribunal. This compensation shall be borne by Austria, and may be charged upon the property of nationals in the former Austrian Empire, or companies controlled by them, as defined in paragraph (b), within the territory or under the control of the claimant's State. This property may be constituted as a pledge for enemy liabilities under the conditions fixed by paragraph 4 of the Annex hereto. The payment of this compensation may be made by the Allied or Associated State, and the amount will be debited to Austria.

(f) Whenever a national of an Allied or Associated Power is entitled to property which has been subjected to a measure of transfer in the territory of the former Austrian Empire and expresses a desire for its restitution, his claim for compensation in accordance with paragraph (e) shall be satisfied by the restitution of the said property if it still exists in specie.

In such case Austria shall take all necessary steps to restore the evicted owner to the possession of his property, free from all encumbrances or burdens with which it may have been charged after the liquidation, and to indemnify all third parties injured by the restitution.

If the restitution provided for in this paragraph cannot be effected, private agreements arranged by the intermediation of the Powers concerned or the Clearing Offices provided for in the Annex to Section III may be made, in order to secure that the national of the Allied or Associated Power may secure compensation for the injury referred to in paragraph (e), by the grant of advantages or equivalents which he agrees to accept in place of the property, rights or interests of which he was deprived.

Through restitution in accordance with this Article, the price or the amount of compensation fixed by the application of paragraph (e) will be reduced by the actual value of the property restored, account being taken of compensation in respect of loss of use or deterioration.

(g) The rights conferred by paragraph (f) are reserved to owners who are nationals of Allied or Associated Powers within whose territory legislative measures prescribing the general liquidation of enemy property, rights or interests were not applied before the signature of the Armistice.

(h) Except in cases where, by application of paragraph (f), restitutions in specie have been made, the net proceeds of sales of enemy property, rights or interests wherever situated carried out either by virtue of war legislation, or by application of this Article, and in general all cash assets of enemies, other than proceeds of sales of property or cash assets in Allied or Associated countries belonging to persons covered by the last sentence of paragraph (b) above, shall be dealt with as follows:—

(1) As regards Powers adopting Section III and the Annex thereto, the said proceeds and cash assets shall be credited to the Power of which the owner is a national, through the Clearing Office established thereunder, any credit balance in favour of Austria resulting therefrom shall be dealt with as provided in article 189, Part VIII (Reparation) of the present Treaty.

(2) As regards Powers not adopting Section III and the Annex thereto, the proceeds of the property, rights and interests, and the cash assets, of the nationals of Allied or Associated Powers held by Austria shall be paid

immediately to the person entitled thereto or to his Government; the proceeds of the property, rights and interests, and the cash assets of nationals of the former Austrian Empire, or companies controlled by them, as defined in paragraph (b), received by an Allied or Associated Power shall be subject to disposal by such Power in accordance with its laws and regulations and may be applied in payment of the claims and debts defined by this Article or paragraph 4 of the Annex hereto. Any such property, rights and interests or proceeds thereof or cash assets not used as above provided may be retained by the said Allied or Associated Power, and, if retained, the cash value thereof shall be dealt with as provided in Article 189, Part VIII (Reparation) of the present Treaty.

(i) Subject to the provisions of Article 267, in the case of liquidations effected in new States, which are signatories of the present Treaty as Allied and Associated Powers, or in States which are not entitled to share in the reparation payments to be made by Austria, the proceeds of liquidations effected by such States shall, subject to the rights of the Reparation Commission under the present Treaty, particularly under Articles 181, Part VIII (Reparation), and 211, Part IX (Financial Clauses), be paid direct to the owner. If, on the application of that owner, the Mixed Arbitral Tribunal provided for by Section VI of this Part, or an arbitrator appointed by that Tribunal, is satisfied that the conditions of the sale or measures taken by the Government of the State in question outside its general legislation were unfairly prejudicial to the price obtained, they shall have discretion to award to the owner equitable compensation to be paid by that State.

(j) Austria undertakes to compensate her nationals in respect of the sale or retention of their property, rights, or interests in Allied or Associated States.

(k) The amount of all taxes or imposts on capital levied or to be levied by Austria on the property, rights and interests of the nationals of the Allied or Associated Powers from November 3, 1918, until three months from the coming into force of the present Treaty, or, in the case of property, rights or interests which have been subjected to exceptional measures of war, until restitution in accordance with the present Treaty, shall be restored to the owners.

#### ARTICLE 250.

Austria undertakes, with regard to the property, rights, and interests, including companies and associations in which they were interested, restored to nationals of Allied and Associated Powers in accordance with the provisions of article 249, paragraph (a) or (f):

(a) To restore and maintain, except as expressly provided in the present Treaty, the property, rights, and interests of the nationals of Allied or Associated Powers in the legal position obtaining in respect of the property, rights, and interests of nationals of the former Austrian Empire under the laws in force before the war;

(b) Not to subject the property, rights or interests of the nationals of the Allied or Associated Powers to any measures in derogation of property rights which are not applied equally to the property, rights and interests of Austrian nationals, and to pay adequate compensation in the event of the application of these measures.

#### ANNEX.

##### 1.

In accordance with the provisions of article 249, paragraph (d), the validity of vesting orders and of orders for winding up of business or companies, and of any other orders, directions, decisions or instructions of any court or any department of the Government of any of the High Contracting Parties made or given, or purporting to be made or given, in pursuance of war legislation with regard to enemy property, rights and interests is confirmed. The interests of all persons shall be regarded as having been effectively dealt with by any order, direction, decision or instruction dealing with property in which they may be interested, whether or not such interests are specially mentioned in the order, direction, decision or instruction. No question shall be raised as to the regularity of a transfer of any property, rights or interests dealt with in pursuance of any such order.

direction, decision or instruction. Every action taken with regard to any property, business or company, whether as regards its investigation, sequestration, compulsory administration, use, requisition, supervision or winding up, the sale or management of property, rights or interests, the collection or discharge of debts, the payment of costs, charges or expenses, or any other matter whatsoever, in pursuance of orders, directions, decision or instructions of any court or of any department of the Government of any of the High Contracting Parties, made or given, or purporting to be made or given, in pursuance of war legislation with regard to enemy property, rights or interests, is confirmed. Provided that the provisions of this paragraph shall not be held to prejudice the titles to property heretofore acquired in good faith and for value and in accordance with the laws of the country in which the property is situated by nationals of the Allied and Associated Powers.

The provisions of this paragraph do not apply to such of the above-mentioned measures as have been taken by the former Austro-Hungarian Government in invaded or occupied territory, nor to such of the above-mentioned measures as have been taken by Austria or the Austrian authorities since November 3, 1918, all of which measures shall be void.

2.

No claim or action shall be made or brought against any Allied or Associated Power or against any person acting on behalf of or under the direction of any legal authority or department of the Government of such a Power by Austria or by any Austrian national or by or on behalf of any national of the former Austrian Empire wherever resident in respect of any act or omission with regard to his property, rights or interests during the war or in preparation for the war. Similarly no claim or action shall be made or brought against any person in respect of any act or omission under or in accordance with the exceptional war measures, law or regulations of any Allied or Associated Power.

3.

In article 249, and this annex the expression "exceptional war measures" includes measures of all kinds, legislative, administrative, judicial or others, that have been taken or will be taken hereafter with regard to enemy property, and which have had or will have the effect of removing from the proprietors the power of disposition over their property, though without affecting the ownership, such as measures of supervision, of compulsory administration, and of sequestration; or measures which have had or will have as an object the seizure of, the use of, or the interference with enemy assets, for whatsoever motive, under whatsoever form or in whatsoever place. Acts in the execution of these measures include all detentions, instructions, orders, or decrees of Government departments or courts applying these measures to enemy property, as well as acts performed by any person connected with the administration or the supervision of enemy property, such as the payment of debts, the collecting of credits, the payment of any costs, charges or expenses, or the collecting of fees.

Measures of transfer are those which have affected or will affect the ownership of enemy property by transferring it in whole or in part to a person other than the enemy owner, and without his consent, such as measures directing the sale, liquidation or devolution of ownership in enemy property, or the cancelling of titles or securities.

4.

All property, rights and interests of nationals of the former Austrian Empire within the territory of any Allied or Associated Power and the net proceeds of their sale, liquidation or other dealing therewith may be charged by that Allied or Associated Power in the first place with payment of amounts due in respect of claims by the nationals of that Allied or Associated Power with regard to their property, rights and interests, including companies and associations in which they are interested, in territory of the former Austrian Empire or debts owing to them by Austrian nationals, and with payment of claims growing out of acts committed by the former Austro-Hungarian Government or by any Austrian authorities since July 28, 1914;

and before that Allied or Associated power entered into the war. The amount of such claims may be assessed by an arbitrator appointed by M. Gustave Ador, if he is willing, or if no such appointment is made by him, by an arbitrator appointed by the Mixed Arbitral Tribunal provided for in Section VI. They may be charged in the second place with payment of the amounts due in respect of claims by the nationals of such Allied or Associated Power with regard to their property, rights and interests in the territory of other enemy Powers, in so far as those claims are otherwise unsatisfied.

## 5.

Notwithstanding the provisions of Article 249, where immediately before the outbreak of war a company incorporated in an Allied or Associated State had rights in common with a company controlled by it and incorporated in Austria to the use of trade-marks in third countries or enjoyed the use in common with such company of unique means of reproduction of goods or articles for sale in third countries, the former company shall alone have the right to use these trade marks in third countries to the exclusion of the Austrian company, and these unique means of reproduction shall be handed over to the former company, notwithstanding any action taken under war legislation in force in the Austro-Hungarian Monarchy with regard to the latter company or its business, industrial property or shares. Nevertheless, the former company, if requested, shall deliver to the latter company derivative copies permitting the continuation of reproduction of articles for use within Austrian territory.

## 6.

Up to the time when restitution is carried out in accordance with Article 249, Austria is responsible for the conservation of property, rights and interests of the nationals of Allied or Associated Powers, including companies and associations in which they are interested, that have been subjected by her to exceptional war measures.

## 7.

Within one year from the coming into force of the present Treaty the Allied or Associated Powers will specify the property, rights and interests over which they intend to exercise the right provided in Article 249, paragraph (f).

## 8.

The restitution provided in Article 249 will be carried out by order of the Austrian Government or of the authorities which have been substituted for it. Detailed accounts of the action of administrators shall be furnished to the interested persons by the Austrian authorities upon request, which may be made at any time after the coming into force of the present Treaty.

## 9.

Until completion of the liquidation provided for by Article 249, paragraph (b), the property, rights and interests of the persons referred to in that paragraph will continue to be subject to exceptional war measures that have been or will be taken with regard to them.

## 10.

Austria will, within six months from the coming into force of the present Treaty, deliver to each Allied or Associated Power all securities, certificates, deeds or other documents of title held by its nationals and relating to property, rights or interests situated in the territory of that Allied or Associated Power, including any shares, stock, debentures, debenture stock or other obligations of any company incorporated in accordance with the laws of that Power.

Austria will at any time on demand of any Allied or Associated Power furnish such information as may be required with regard to the property, rights and interests of Austrian nationals within the territory of such Allied or Associated Power, or with regard to any transactions concerning such property, rights or interests effected since July 1, 1914.

## 11.

The expression "cash assets" includes all deposits or funds established before or after the existence of a state of war, as well as all assets coming from deposits, revenues or profits collected by administrators, sequestrators or others from funds placed on deposit or otherwise, but does not include sums belonging to the Allied or Associated Powers or to their component States, Provinces or Municipalities.

## 12.

All investments wheresoever effected with the cash assets of nationals of the High Contracting Parties, including companies and associations in which such nationals were interested, by persons responsible for the administration of enemy properties or having control over such administration, or by order of such persons or of any authority whatsoever, shall be annulled. These cash assets shall be accounted for irrespective of any such investment.

## 13.

Within one month from the coming into force of the present Treaty, or on demand at any time, Austria will deliver to the Allied and Associated Powers all accounts, vouchers, records, documents and information of any kind which may be within Austrian Territory, and which concern the property, rights and interests of the nationals of those Powers, including companies and associations in which they are interested, that have been subjected to have been exceptional war measure, or to a measure of transfer either in the territory of the former Austrian Empire or in territory occupied by that Empire or its allies.

The controllers, supervisors, managers, administrators, sequestrators, liquidators and receivers shall be personally responsible under guarantee of the Austrian Government for the immediate delivery in full of these accounts and documents, and for their accuracy.

## 14.

The provisions of Article 249 and this Annex relating to property, rights and interests in an enemy country, and the proceeds of the liquidation thereof, apply to debts, credits and accounts, Section III regulating only the method of payment.

In the settlement of matters provided for in Article 249 between Austria and the Allied or Associated Powers, their colonies or protectorates, or any one of the British Dominions or India, in respect of any of which a declaration shall not have been made that they adopt Section III, and between their respective nationals, the provisions of Section III respecting the currency in which payment is to be made and the rate of exchange and of interest shall apply unless the Government of the Allied or Associated Power concerned shall within six months of the coming into force of the present Treaty notify Austria that one or more of the said provisions are not to be applied.

## 15.

The provisions of Article 249 and this Annex apply to industrial, literary and artistic property which has been or will be dealt with in the liquidation of property, rights, interests, companies, or business under war legislation by the Allied or Associated Powers or in accordance with the stipulations of Article 249, paragraph (b).

## SECTION V.—CONTRACTS, PRESCRIPTIONS, JUDGMENTS.

## ARTICLE 251.

(a) Any contract concluded between enemies shall be regarded as having been dissolved as from the time when any two of the parties became enemies, except in respect of any debt or other pecuniary obligation arising out of any act done or money paid thereunder, and subject to the exceptions

and special rules with regard to particular contracts or classes of contracts contained herein or in the Annex hereto.

(b) Any contract of which the execution shall be required in the general interest, within six months from the date of the coming into force of the present Treaty, by the Government of the Allied or Associated Power of which one of the parties is a national, shall be excepted from dissolution under this article.

When the execution of the contracts thus kept alive would, owing to the alteration of trade conditions, cause one of the parties substantial prejudice, the Mixed Arbitral Tribunal provided for by Section VI shall be empowered to grant to the prejudiced party equitable compensation.

(c) Having regard to the provisions of the constitution and law of the United States of America, of Brazil, and of Japan, neither the present Article, nor Article 252, nor the Annex hereto shall apply to contracts made between nationals of these States and nationals of the former Austrian Empire; nor shall Article 257 apply to the United States of America or its nationals.

(d) The present Article and the Annex hereto shall not apply to contracts the parties to which became enemies by reason of one of them being an inhabitant of territory of which the sovereignty has been transferred, if such party shall acquire, under the present Treaty, the nationality of an Allied or Associated Power nor shall they apply to contracts between nationals of the Allied and Associated Powers between whom trading has been prohibited by reason of one of the parties being in Allied or Associated territory in the occupation of the enemy.

(e) Nothing in the present Article or the Annex hereto shall be deemed to invalidate a transaction lawfully carried out in accordance with a contract between enemies if it has been carried out with the authority of one of the belligerent Powers.

#### ARTICLE 252.

(a) All periods of prescription, or limitation of right of action, whether they began to run before or after the outbreak of war, shall be treated in the territory of the High Contracting Parties, so far as regards relations between enemies, as having been suspended for the duration of the war. They shall begin to run again at earliest three months after the coming into force of the present Treaty. This provision shall apply to the period prescribed for the presentation of interest or dividend coupons or for the presentation for repayment of securities drawn for repayment on repayable or any other ground.

(b) Where on account of failure to perform any act or comply with any formality during the war, measures of execution have been taken in the territory of the former Austrian Empire to the prejudice of a national of an Allied or Associated Power, the claim of such national shall, if the matter does not fall within the competence of the Courts of an Allied or Associated Power, be heard by the Mixed Arbitral Tribunal provided for by Section VI.

(c) Upon the application of any interested person who is a national of an Allied or Associated Power, the Mixed Arbitral Tribunal shall order the restoration of the rights which have been prejudiced by the measures of execution referred to in paragraph (b), wherever, having regard to the particular circumstances of the case, such restoration is equitable and possible.

If such restoration is inequitable or impossible, the Mixed Arbitral Tribunal may grant compensation to the prejudiced party, to be paid by the Austrian Government.

(d) Where a contract between enemies has been dissolved by reason either of failure on the part of either party to carry out its provisions or of the exercise of a right stipulated in the contract itself, the party prejudiced may apply to the Mixed Arbitral Tribunal for relief. The Tribunal will have the powers provided for in paragraph (c).

(e) The provisions of the preceding paragraphs of this Article shall apply to the nationals of Allied and Associated Powers who have been prejudiced by reason of measures referred to above taken by the authorities of the former Austrian Government in invaded or occupied territory, if they have not been otherwise compensated.

(f) Austria shall compensate any third party who may be prejudiced by any restitution or restoration ordered by the Mixed Arbitral Tribunal under the provisions of the preceding paragraphs of this Article.

(g) As regards negotiable instruments, the period of three months provided under paragraph (a) shall commence as from the date on which any exceptional regulations applied in the territories of the interested Power with regard to negotiable instruments shall have definitely ceased to have force.

#### ARTICLE 253.

As between enemies no negotiable instrument made before the war shall be deemed to have become invalid by reason only of failure within the required time to present the instrument for acceptance or payment or to give notice of non-acceptance or non-payment to drawers or indorsers or to protest the instrument, nor by reason of failure to complete any formality during the war.

Where the period within which a negotiable instrument should have been presented for acceptance or for payment, or within which notice of non-acceptance or non-payment should have been given to the drawer or indorser, or within which the instrument should have been protested, has elapsed during the war, and the party who should have presented or protested the instrument or have given notice of non-acceptance or non-payment has failed to do so during the war, a period not less than three months from the coming into force of the present Treaty shall be allowed within which presentation, notice of non-acceptance or non-payment or protest may be made.

#### ARTICLE 254.

Judgments given by the Courts of an Allied or Associated Power in all cases which, under the present Treaty, they are competent to decide, shall be recognised in Austria as final, and shall be enforced without it being necessary to have them declared executory.

If a judgment or measure of execution in respect of any dispute which may have arisen has been given during the war by a judicial authority of the former Austro-Hungarian Empire against a national of an Allied or Associated Power, or a company or association in which one of such nationals was interested, in a case in which either such national or such company or association was not able to make their defence, the Allied and Associated national who has suffered prejudice thereby shall be entitled to recover compensation to be fixed by the Mixed Arbitral Tribunal provided for in Section VI.

At the instance of the national of the Allied or Associated Power the compensation above mentioned may, upon order to that effect of the Mixed Arbitral Tribunal, be effected where it is possible by replacing the parties in the situation which they occupied before the judgment was given by the Austrian Court.

The above compensation may likewise be obtained before the Mixed Arbitral Tribunal by the nationals of Allied or Associated Powers who have suffered prejudice by judicial measures taken in invaded or occupied territories, if they have not been otherwise compensated.

#### ARTICLE 255.

For the purpose of Sections III, IV, V and VII the expression "during the war" means for each Allied or Associated Power the period between the commencement of the state of war between that Power and the former Austro-Hungarian Monarchy and the coming into force of the present treaty.

### ANNEX.

#### I.—GENERAL PROVISIONS.

##### 1.

Within the meaning of Articles 251, 252 and 253, the parties to a contract shall be regarded as enemies when trading between them shall have been prohibited by or otherwise became unlawful under laws, orders or regulations to which one of those parties was subject. They shall be deemed to have become enemies from the date when such trading was prohibited or otherwise became unlawful.

## 2.

The following classes of contracts are excepted from dissolution by Article 251, and, without prejudice to the rights contained in Article 249 (b) of Section IV, remain in force subject to the application of domestic laws, orders, or regulations made during the war by the Allied and Associated Powers and subject to the terms of the contracts:

(a) Contracts having for their object the transfer of estates or of real or personal property where the property therein had passed or the object had been delivered before the parties became enemies;

(b) Leases and agreements for leases of land and houses;

(c) Contracts of mortgage, pledge, or lien;

(d) Concessions concerning mines, quarries or deposits;

(e) Contracts between individuals or companies and States, provinces, municipalities or other similar juridical persons charged with administrative functions and concessions granted by States, provinces, municipalities or other similar juridical persons charged with administrative functions.

## 3.

If the provisions of a contract are in part dissolved under Article 251, the remaining provisions of that contract shall, subject to the same application of domestic laws as is provided for in paragraph 2, continue in force if they are severable, but where they are not severable the contract shall be deemed to have been dissolved in its entirety.

## II.—PROVISIONS RELATING TO CERTAIN CLASSES OF CONTRACTS.

*Stock Exchange and Commercial Exchange Contracts.*

## 4.

(a) Rules made during the war by any Exchange or Commercial Association providing for the closure of contracts entered into before the war by an enemy are confirmed by the High Contracting Parties, as also any action taken thereunder, provided:

(1) that the contract was expressed to be made subject to the rules of the Exchange or Association in question;

(2) that the rules applied to all persons concerned;

(3) that the conditions attaching to the closure were fair and reasonable.

(b) The preceding paragraph shall not apply to rules made during the occupation by Exchanges or Commercial Associations in the districts occupied by the enemy.

(c) The closure of contracts relating to cotton "futures," which were closed as on July 31, 1914, under the decision of the Liverpool Cotton Association, is also confirmed.

*Security.*

## 5.

The sale of a security held for an unpaid debt owing by an enemy shall be deemed to have been valid irrespective of notice to the owner if the creditor acted in good faith and with reasonable care and prudence, and no claim by the debtor on the ground of such sale shall be admitted.

This stipulation shall not apply to any sale of securities effected by an enemy during the occupation in regions invaded or occupied by the enemy.

*Negotiable Instruments.*

## 6.

As regards powers which adopt section III and the Annex thereto the pecuniary obligations existing between enemies and resulting from the issue of negotiable instruments shall be adjusted in conformity with the said Annex by the instrumentality of the Clearing Offices, which shall assume the rights of the holder as regards the various remedies open to him.

## 7.

If a person has either before or during the war become liable upon a negotiable instrument in accordance with an undertaking given to him by a person who has subsequently become an enemy, the latter shall remain liable to indemnify the former in respect of his liability notwithstanding the outbreak of war.

*III Contracts of Insurance.*

## 8.

Contracts of insurance entered into by any person with another person who subsequently became an enemy will be dealt with in accordance with the following paragraphs.

*Fire Insurance.*

## 9.

Contracts for the insurance of property against fire entered into by a person interested in such property with another person who subsequently became an enemy shall not be deemed to have been dissolved by the outbreak of war, or by the fact of the person becoming an enemy, or on account of the failure during the war and for a period of three months thereafter to perform his obligations under the contract, but they shall be dissolved at the date when the annual premium becomes payable for the first time after the expiration of a period of three months after the coming into force of the present Treaty.

As settlement shall be effected of unpaid premiums which became due during the war or of claims for losses which occurred during the war.

## 10.

Where by administrative or legislative action an insurance against fire effected before the war has been transferred during the war from the original to another insurer, the transfer will be recognised and the liability of the original insurer will be deemed to have ceased as from the date of the transfer. The original insurer will, however, be entitled to receive on demand full information as to the terms of the transfer, and if it should appear that these terms were not equitable they shall be amended so far as may be necessary to render them equitable.

Furthermore, the insured shall, subject to the concurrence of the original insurer, be entitled to retransfer the contract to the original insurer as from the date of the demand.

*Life Insurance.*

## 11.

Contracts of life insurance entered into between an insurer and a person who subsequently became an enemy shall not be deemed to have been dissolved by the outbreak of war, or by the fact of the person becoming an enemy.

Any sum which during the war became due upon a contract deemed not to have been dissolved under the preceding provision shall be recoverable after the war with the addition of interest at 5 per cent. per annum from the date of its becoming due up to the day of payment.

Where the contract has lapsed during the war owing to non-payment of premiums, or has become void from breach of the conditions of the contract, the assured or his representatives or the persons entitled shall have the right at any time within twelve months of the coming into force of the present Treaty to claim from the insurer the surrender value of the policy at the date of its lapse or avoidance.

Where the contract has lapsed during the war owing to non-payment of premiums the payment of which has been prevented by the enforcement of measures of war, the assured or his representative or the persons entitled shall have the right to restore the contract on payment of the premiums with interest at 5 per cent. per annum within three months from the coming into force of the present Treaty.

## 12.

Where contracts of life insurance have been entered into by a local branch of an insurance company established in a country which subsequently became an enemy country, the contract shall, in the absence of any stipulation to the contrary in the contract itself, be governed by the local law, but the insurer shall be entitled to demand from the insured or his representatives the refund of sums paid on claims made or enforced under measures taken during the war, if the making or enforcement of such claims was not in accordance with the terms of the contract itself or was not consistent with the laws or treaties existing at the time when it was entered into.

## 13.

In any case where by the law applicable to the contract the insurer remains bound by the contract notwithstanding the non-payment of premiums until notice is given to the insured of the termination of the contract, he shall be entitled, where the giving of such notice was prevented by the war, to recover the unpaid premiums with interest at 5 per cent. per annum from the insured.

## 14.

Insurance contracts shall be considered as contracts of life assurance for the purpose of paragraphs 11 to 13 when they depend on the probabilities of human life combined with the rate of interest for the calculation of the reciprocal engagements between the two parties.

*Marine Insurance.*

## 15.

Contracts of marine insurance, including time policies and voyage policies entered into between an insurer and a person who subsequently became an enemy, shall be deemed to have been dissolved on his becoming an enemy, except in cases where the risk undertaken in the contract had attached before he became an enemy.

Where the risk had not attached, money paid by way of premium or otherwise shall be recoverable from the insurer.

Where the risk had attached effect shall be given to the contract notwithstanding the party becoming an enemy, and sums due under the contract either by way of premiums or in respect of losses shall be recoverable after the coming into force of the present Treaty.

In the event of any agreement being come to for the payment of interest on sums due before the war to or by the nationals of States which have been at war and recovered after the war, such interest shall in the case of losses recoverable under contracts of marine insurance run from the expiration of a period of one year from the date of the loss.

## 16.

No contract of marine insurance with an insured person who subsequently became an enemy shall be deemed to cover losses due to belligerent action by the Power of which the insurer was a national or by the Allies or associates of such Power.

## 17.

Where it is shown that a person who had before the war entered into a contract of marine insurance with an insurer who subsequently became an enemy entered after the outbreak of war into a new contract covering the same risk with an insurer who was not an enemy, the new contract shall be deemed to be substituted for the original contract as from the date when it was entered into, and the premiums payable shall be adjusted on the basis of the original insurer having remained liable on the contract only up till the time when the new contract was entered into.

*Other Insurances.*

## 18.

Contracts of insurance entered into before the war between an insurer and a person who subsequently became an enemy, other than contracts dealt

with in paragraphs 9 to 17, shall be treated in all respects on the same footing as contracts of fire insurance between the same persons would be dealt with under the said paragraphs.

*Reinsurance.*

19.

All treaties of reinsurance with a person who became an enemy shall be regarded as having been abrogated by the person becoming an enemy, but without prejudice in the case of life or marine risks which had attached before the war to the right to recover payment after the war for sums due in respect of such risks.

Nevertheless if, owing to invasion, it has been impossible for the reinsured to find another reinsurer, the treaty shall remain in force until three months after the coming into force of the present Treaty.

Where a reinsurance treaty becomes void under this paragraph, there shall be an adjustment of accounts between the parties in respect both of premiums paid and payable and of liabilities for losses in respect of life or marine risks which had attached before the war. In the case of risks other than those mentioned in paragraphs 11 to 17 the adjustment of accounts shall be made as at the date of the parties becoming enemies without regard to claims for losses which may have occurred since that date.

20.

The provisions of the preceding paragraph will extend equally to reinsurances, existing at the date of the parties becoming enemies, of particular risks undertaken by the insurer in a contract of insurance against any risks other than life or marine risks.

21.

Reinsurance of life risks effected by particular contracts and not under any general treaty remain in force.

22.

In case of a reinsurance effected before the war of a contract of marine insurance, the cession of a risk which had been ceded to the reinsurer shall, if it had attached before the outbreak of war, remain valid and effect be given to the contract notwithstanding the outbreak of war; sums due under the contract of reinsurance in respect either of premiums or of losses shall be recoverable after the war.

23.

The provisions of paragraphs 16 and 17 and the last part of paragraph 15 shall apply to contracts for the reinsurance of marine risks.

SECTION VI.—MIXED ARBITRAL TRIBUNAL.

ARTICLE 256.

(a) Within three months from the coming into force of the present Treaty, a Mixed Arbitral Tribunal shall be established between each of the Allied and Associated Powers on the one hand and Austria on the other hand. Each such Tribunal shall consist of three members. Each of the Governments concerned shall appoint one of these members. The President shall be chosen by agreement between the two Governments concerned.

In case of failure to reach agreement, the President of the Tribunal and two other persons, either of whom may in case of need take his place, shall be chosen by the Council of the League of Nations, or, until this is set up, by M. Gustave Ador if he is willing. These persons shall be nationals of Powers that have remained neutral during the war.

If in case there is a vacancy a Government does not proceed within a period of one month to appoint as provided above a member of the Tribunal, such member shall be chosen by the other Government from the two persons mentioned above other than the President.

The decision of the majority of the members of the Tribunal shall be the decision of the Tribunal.

(b) The mixed Arbitral Tribunals established pursuant to paragraph (a) shall decide all questions within their competence under sections III, IV, V and VII.

In addition, all questions, whatsoever their nature, relating to contracts concluded before the coming into force of the present Treaty between nationals of the Allied and Associated Powers and Austrian nationals shall be decided by the Mixed Arbitral Tribunal, always excepting questions which, under the laws of the Allied, Associated or Neutral Powers, are within the jurisdiction of the National Courts of those Powers. Such questions shall be decided by the National Courts in question, to the exclusion of the Mixed Arbitral Tribunal. The party who is a national of an Allied or Associated Power may nevertheless bring the case before the Mixed Arbitral Tribunal if this is not prohibited by the laws of his country.

(c) If the number of cases justifies it, additional members shall be appointed and each Mixed Arbitral Tribunal shall sit in divisions. Each of these divisions will be constituted as above.

(d) Each Mixed Arbitral Tribunal will settle its own procedure except in so far as it is provided in the following Annex, and is empowered to award the sums to be paid by the loser in respect of the costs and expenses of the proceedings.

(e) Each Government will pay the remuneration of the member of the Mixed Arbitral tribunal appointed by it and of any agent whom it may appoint to represent it before the Tribunal. The remuneration of the President will be determined by special agreement between the Governments concerned; and this remuneration and the joint expenses of each Tribunal will be paid by the two Governments in equal moieties.

(f) The High Contracting Parties agree that their courts and authorities shall render to the Mixed Arbitral Tribunals direct all the assistance in their power, particularly as regards transmitting notices and collecting evidence.

(g) The High Contracting Parties agree to regard the decisions of the Mixed Arbitral Tribunal as final and conclusive, and to render them binding upon their nationals.

#### ANNEX.

##### 1.

Should one of the members of the Tribunal either die, retire or be unable for any reason whatever to discharge his functions, the same procedure will be followed for filling the vacancy as was followed for appointing him.

##### 2.

The Tribunal may adopt such rules of procedure as shall be in accordance with justice and equity and decide the order and time at which each party must conclude its arguments, and may arrange all formalities required for dealing with the evidence.

##### 3.

The agent and counsel of the parties on each side are authorised to present orally and in writing to the Tribunal arguments in support or in defence of each case.

##### 4.

The Tribunal shall keep record of the questions and cases submitted and the proceedings thereon, with the dates of such proceedings.

##### 5.

Each of the Powers concerned may appoint a secretary. These secretaries shall act together as joint secretaries of the Tribunal and shall be subject to its direction. The Tribunal may appoint and employ any other necessary officer or officers to assist in the performance of its duties.

6.

The Tribunal shall decide all questions and matters submitted upon such evidence and information as may be furnished by the parties concerned.

7.

The High Contracting Parties agree to give the Tribunal all facilities and information required by it for carrying out its investigations.

8.

The language in which the proceedings shall be conducted shall, unless otherwise agreed, be English, French, Italian or Japanese, as may be determined by the Allied or Associated Power concerned.

9.

The place and time for the meetings of each Tribunal shall be determined by the President of the Tribunal.

## ARTICLE 257.

Whenever a competent court has given or gives a decision in a case covered by Section III, IV, V or VII, and such decision is inconsistent with the provisions of such Sections, the party who is prejudiced by the decision shall be entitled to obtain redress which shall be fixed by the Mixed Arbitral Tribunal. At the request of the national of an Allied or Associated Power, the redress may, whenever possible, be effected by the Mixed Arbitral Tribunal directing the replacement of the parties in the position occupied by them before the judgment was given by the court of the former Austrian Empire.

## SECTION VII.—INDUSTRIAL PROPERTY

## ARTICLE 258.

Subject to the stipulations of the present Treaty, rights of industrial, literary and artistic property, as such property is defined by the International Conventions of Paris and of Berne, mentioned in Articles 237 and 239, shall be re-established or restored, as from the coming into force of the present Treaty, in the territories of the High Contracting Parties, in favour of the persons entitled to the benefit of them at the moment when the state of war commenced, or their legal representatives. Equally, rights which, except for the war, would have been acquired during the war in consequence of an application made for the protection of industrial property, or the publication of a literary or artistic work, shall be recognised and established in favour of those persons who would have been entitled thereto, from the coming into force of the present Treaty.

Nevertheless, all acts done by virtue of the special measures taken during the war under legislative, executive or administrative authority of any Allied or Associated Power in regard to the rights of nationals of the former Austrian Empire in industrial, literary or artistic property shall remain in force and shall continue to maintain their full effect.

No claim shall be made or action brought by Austria or Austrian nationals or by or on behalf of nationals of the former Austrian Empire in respect of the use during the war by the Government of any Allied or Associated Power, or by any persons acting on behalf or with the assent of such Government of any rights in industrial, literary or artistic property, nor in respect of the sale, offering for sale or use of any products, articles or apparatus whatsoever to which such rights applied.

Unless the legislation of any one of the Allied or Associated Powers in force at the moment of the signature of the present Treaty otherwise directs, sums due or paid in respect of the property of persons referred to in Article 249(b) and in virtue of any act or operation resulting from the execution of the special measures mentioned in the second paragraph of this Article shall be dealt with in the same way as other sums due to such persons are directed to be dealt with by the present Treaty; and sums produced by any special measures taken by the Government of the former

Austrian Empire in respect of rights in industrial, literary or artistic property belonging to the nationals of the Allied or Associated Powers shall be considered and treated in the same way as other debts due from Austrian nationals.

Each of the Allied and Associated Powers reserves to itself the right to impose such limitations, conditions or restrictions on rights of industrial, literary or artistic property (with the exception of trade-marks) acquired before or during the war, or which may be subsequently acquired in accordance with its legislation, by Austrian nationals, whether by granting licences, or by the working, or by preserving control over their exploitation, or in any other way, as may be considered necessary for national defence, or in the public interest, or for assuring the fair treatment by Austria of the rights of industrial, literary and artistic property held in Austrian territory by its nationals, or for securing the due fulfilment of all obligations undertaken by Austria in the present Treaty. As regards rights of industrial, literary and artistic property acquired after the coming into force of the present Treaty, the right so reserved by the Allied and Associated Powers shall only be exercised in cases where these limitations, conditions or restrictions may be considered necessary for national defence or in the public interest.

In the event of the application of the provisions of the preceding paragraph by any Allied or Associated Power, there shall be paid reasonable indemnities or royalties, which shall be dealt with in the same way as other sums due to Austrian nationals are directed to be dealt with by the present Treaty.

Each of the Allied or Associated Powers reserves the right to treat as void and of no effect any transfer in whole or in part of or other dealing with rights of or in respect of industrial, literary or artistic property effected after July 28, 1914, or in the future, which would have the result of defeating the objects of the provisions of this Article.

The provisions of this Article shall not apply to rights in industrial, literary or artistic property which have been dealt with in the liquidation of businesses or companies under war legislation by the Allied or Associated Powers, or which may be so dealt with by virtue of Article 249, paragraph (b).

#### ARTICLE 259.

A minimum of one year after the coming into force of the present Treaty shall be accorded to the nationals of the High Contracting Parties, without extension fees or other penalty, in order to enable such persons to accomplish any act, fulfil any formality, pay any fees, and generally satisfy any obligation prescribed by the laws or regulations of the respective States relating to the obtaining, preserving or opposing rights to, or in respect of, industrial property either acquired before July 28, 1914, or which, except for the war, might have been acquired since that date as a result of an application made before the war or during its continuance, but nothing in this Article shall give any right to re-open interference proceedings in the United States of America where a final hearing has taken place.

All rights in, or in respect of, such property which may have lapsed by reason of any failure to accomplish any act, fulfil any formality, or make any payment, shall revive, but subject in the case of patents and designs to the imposition of such conditions as each Allied or Associated Power may deem reasonably necessary for the protection of persons who have manufactured or made use of the subject-matter of such property while the rights had lapsed. Further, where rights to patents or designs belonging to Austrian nationals are revived under this Article, they shall be subject in respect of the grant of licences to the same provisions as would have been applicable to them during the war, as well as to all the provisions of the present Treaty.

The period from July 28, 1914, until the coming into force of the present Treaty shall be excluded in considering the time within which a patent should be worked or a trade mark or design used, and it is further agreed that no patent, registered trade mark or design in force on July 28, 1914, shall be subject to revocation or cancellation by reason only of the failure to work such patent or use such trade mark or design for two years after the coming into force of the present Treaty.

## ARTICLE 260.

The rights of priority provided by Article 4 of the International Convention for the Protection of Industrial Property of Paris of March 20, 1883, revised at Washington in 1911, or by any other Convention or Statute, for the filing or registration of applications for patents or models of utility and for the registration of trade marks, designs and models which had not expired on July 28, 1914, and those which have arisen during the war or would have arisen but for the war, shall be extended by each of the High Contracting Parties in favour of all nationals of the other High Contracting Parties for a period of six months after the coming into force of the present Treaty.

Nevertheless, such extension shall in no way affect the right of any of the High Contracting Parties or of any person who before the coming into force of the present Treaty was *bona fide* in possession of any rights of industrial property conflicting with rights applied for by another who claims rights of priority in respect of them, to exercise such rights by itself or himself personally, or by such agents or licensees as derived their rights from it or him before the coming into force of the present Treaty; and such persons shall not be amenable to any action or other process of law in respect of infringement.

## ARTICLE 261.

No action shall be brought and no claim made by nationals of the former Austrian Empire or by persons residing or carrying on business within the territory of that Empire, on the one part, and on the other part by persons residing or carrying on business in the territory of the Allied or Associated Powers, or persons who are nationals of such powers respectively, or by any one deriving title during the war from such persons, by reason of any action which has taken place within the territory of the other party between the date of the existence of a state of war and that of the coming into force of the present Treaty, which might constitute an infringement of the rights of industrial property or rights of literary and artistic property, either existing at any time during the war or revived under the provisions of Articles 259 and 260.

Equally, no action for infringement of industrial, literary or artistic property rights by such persons shall at any time be permissible in respect of the sale or offering for sale for a period of one year after the signature of the present Treaty in the territories of the Allied or Associated Powers on the one hand or Austria on the other, of products or articles manufactured, or of literary or artistic works published, during the period between the existence of a state of war and the signature of the present Treaty, or against those who have acquired and continue to use them. It is understood, nevertheless, that this provision shall not apply when the possessor of the rights was domiciled or had an industrial or commercial establishment in districts occupied by the Austro-Hungarian armies during the war.

This Article shall not apply as between the United States of America on the one hand and Austria on the other.

## ARTICLE 262.

Licences in respect of industrial, literary or artistic property concluded before the war between nationals of the Allied or Associated powers or persons residing in their territory or carrying on business therein, on the one part, and nationals of the former Austrian Empire, on the other part, shall be considered as cancelled as from the date of the existence of a state of war between the former Austro-Hungarian Monarchy and the Allied or Associated Power. But, in any case, the former beneficiary of a contract of this kind shall have the right, within a period of six months after the coming into force of the present Treaty, to demand from the proprietor of the rights the grant of a new licence, the conditions of which, in default of agreement between the parties, shall be fixed by the duly qualified tribunal in the country under whose legislation the rights had been acquired, except in the case of licences held in respect of rights acquired under the law of the former Austrian Empire. In such cases, the conditions shall be fixed by the Mixed Arbitral Tribunal referred to in Section VI of this Part. The tribunal

may, if necessary, fixed also the amount which it may deem just should be paid by reason of the use of the rights during the war.

No licence in respect of industrial, literary or artistic property, granted under the special war legislation of any Allied or Associated Power, shall be affected by the continued existence of any licence entered into before the war, but shall remain valid and of full effect, and a licence so granted to the former beneficiary of a licence entered into before the war shall be considered as substituted for such licence.

Where sums have been paid during the war in respect of the rights of person referred to in Article 249 (b) by virtue of a licence or agreement concluded before the war in respect of rights of industrial property or for the reproduction or the representation of literary, dramatic or artistic works, these sums shall be dealt with in the same manner as other debts or credits of such persons as provided by the present Treaty.

This Article shall not apply as between the United States of America on the one hand and Austria on the other.

### Part B.

#### JUDICIAL.

No. 541.—In exercise of the powers conferred by section 113 of the Indian Army Act, 1911 (VIII of 1911), the Governor General in Council is pleased to direct that the following further amendments shall be made in the Indian Army Act Rules, namely:—

1. In sub-rule (A) of rule 154 of the said rules, for the words "corporal punishment", wherever they occur, the words "field punishment" and for the word "infliction" the word "completion" shall be substituted.

2. For rule 155 of the said rules, the following shall be substituted, namely:—

##### "SECTION 7—FIELD PUNISHMENT.

155. (1) A court-martial or an officer exercising authority under section 20 of the Act may, for the purpose of awarding field punishment under the Act, sentence an offender for a period not exceeding, in the case of a court-martial, three months, and in the case of such an officer, twenty-eight days, to one of the following punishments, namely:—

- (a) Field punishment No. 1.  
(b) Field punishment No. 2.

(2) Where an offender is sentenced to field punishment No. 1, he may, during the continuance of his sentence, unless the court-martial or the officer, as the case may be, otherwise directs, be punished as follows:—

- (a) He may be kept in irons, that is to say, in fetters or handcuffs or both fetters and handcuffs, and may be secured so as to prevent his escape.

- (b) When in irons, he may be attached for a period or periods not exceeding two hours in any one day to a fixed object, but he must not be so attached during more than three out of any four consecutive days, nor during more than twenty-one days in all.

**Explanation.** (1) The offender must be attached so as to be standing firmly on his feet which, if tied, must not be more than twelve inches apart, and it must be possible for him to move each foot at least three inches. If he is tied round the body there must be no restriction of his breathing. If his arms or wrists are tied, there must be six inches of play between them and the fixed object. His arms must hang either by the side of his body or behind his back.

(2) For the purpose of this punishment, irons should be used when available, but straps or ropes may be used in lieu of them when necessary. Any straps or ropes used for this purpose must be of sufficient width to inflict no bodily harm, and leave no permanent mark on the offender.

- (c) He may be subjected to the like labour, employment and restraint, and dealt with in like manner as if he were undergoing a sentence of rigorous imprisonment.

(3) Where an offender is sentenced to field punishment No. 2, the provisions of sub-rule (2) with respect to field punishment No. 1 shall apply in his case except that he shall not be liable to be attached to a fixed object as provided in clause (b) of that sub-rule.

(4) Every portion of a field punishment shall be inflicted in such a manner as is calculated not to cause injury or to leave any permanent mark on the offender; and a portion of a field punishment must be discontinued upon a report by a responsible medical officer that the continuance of that portion would be prejudicial to the offender's health.

(5) Field punishment will be carried out regimentally when the unit to which the offender belongs or is attached is actually on the move, but when the unit is halted at any place where there is a provost marshal the punishment will be carried out under the orders of that officer.

(6) When the unit to which the offender belongs or is attached is actually on the move, an offender awarded field punishment No. 1 shall be exempt from the operation of clause (b) of sub-rule (2), but all offenders awarded field punishment shall march with their unit, carry their arms and accoutrements, perform all their military duties as well as extra fatigue duties, and be treated as defaulters."

3. In the Third Appendix to the said rules, under the heading "Forms of Proceedings of Court Martial"—

## RESOLUTION.

The Government have had recently under consideration the question of the right of Government officers to explain and defend in public the policy of the Government. The existing orders on this subject are contained in rules 20, 22 and 23 of the Government Servants' Conduct Rules. Under rule 20 a Government servant may not publish in the press any statement of fact or opinion which may embarrass the relations between the Government and any section of the people; under rule 22 he may not take part in any political movement, nor attend any political meeting at which his presence is likely to be misconstrued; and under rule 23 he may not interfere or use his influence in any way in an election to a legislative council, except that he may record a vote, if he is qualified to do so. These rules were framed many years ago; in the interval the conditions have greatly altered; and in the Report on the Indian Constitutional Reforms it was recommended that in view of these changes there should be a greater liberty of action to the European public servant in India. "He ought not," it was urged and of course the same considerations apply to the Indian public servant, "to leave the task of political education solely to the politicians. He too must explain and persuade and argue and refute." This view was endorsed by the Joint Committee in their Report on the Government of India Bill.

2. The Government of India realise the objections to the participation in politics of Government officers. They recognise that it is the clear duty of their officers to refrain from any action that might lay them open to the charge of attempting to influence the course of an election. They recognise too that in the main the defence of the policy of Government is the concern of the Government itself, and in regard to most matters of public interest they do not desire that their officers should embark on vigorous propaganda in their interests. But, in the conditions now obtaining, there are subjects on which Government officers cannot be prohibited from expressing their views merely because by so doing they will run counter to the tenets of a political party. The non-co-operation movement is a clear instance in point. A campaign is being carried on at the present moment by the adherents of this movement which has for its object the paralysis of the Government, and which seeks to attain this object by seditious and unscrupulous propaganda amongst the masses of the people. In regard to movements of this kind Government officers cannot be required to maintain an attitude of silence and aloofness. They must be permitted, indeed it is their duty, to counter and refute such propaganda; and if their action in this direction is to be fully effective, it may be necessary on occasions for them to address public meetings.

3. The Government of India have therefore decided, with the approval of the Secretary of State, that in future, and subject to certain clear limitations, Government officers will be allowed to explain and defend in public the policy of the Government. The action taken must be for the purpose of removing misapprehensions, correcting misstatements, or refuting disloyal and seditious propaganda; so far as possible there should be no reference to the personality of parties or individuals who may be in opposition to the Government; and when elections are impending Government officers must be careful that they give no ground for the suggestion that statements of facts or views made by them have been made with the object of influencing the electors in favour of, or against, any party or an individual candidate. Further, no statement of facts or opinion on public matters may be published by a Government servant in the press under his own name without the permission of the local Government. But subject to these conditions Government officers will be at liberty to defend and explain the policy of Government either in interviews with the members of the public, at local Durbars, or on the platform. Rules 22 and 23 of the Government Servants' Conduct Rules have accordingly been redrafted and a copy of the revised rules is appended to this Resolution.

*Order.*—Ordered that the Resolution be published in the *Gazette of India* and that copy be forwarded to all local Governments and Administrations and Departments of the Government of India for information.

*Amendments in the Government Servants' Conduct Rules.*

*Rule 22.*—(1) A Government servant may, for the purpose of removing misapprehensions, correcting misstatements and refuting disloyal and seditious propaganda, defend and explain in public the policy of the Government. Save, however, as provided in rules 17, 18, 19 a Government servant may not make any communication to the press in regard to the policy or acts of the Government without the sanction of the local Government or such superior authority as the local Government may prescribe.

(2) In any action taken by them under sub-paragraph (1) Government servants should, so far as possible, refrain from making any reference to the personality of parties or individuals who may be in opposition to the Government, and when elections are impending, they must give no ground for the suggestion that any statements of facts or views made by them have been made with the object of influencing electors in favour of or against any party or individual candidate.

*Rule 23.*—(1) Save as provided in rule 22 or when acting under the express instructions of the local Government a Government servant may not take part in, or subscribe in aid of, any political movement in India or relating to Indian affairs. Where there is room for doubt whether any action which a Government servant proposes to take will contravene this provision, he should refer the matter to the local Government to which or to the Government servant to whom he is immediately subordinate.

(2) A Government servant, who is a whole-time Government servant, may not, by canvassing or otherwise, interfere or use his influence in any way, in an election to a legislative council except that he may record a vote, if he is qualified to do so, and in that case he should, as far as possible, avoid giving any indication beforehand of the direction in which he intends to vote.

(3) A Government servant, who is a whole-time Government servant, may not, save to the extent permissible in the case of elections to Legislative Councils or unless he is himself a candidate, who is legally eligible and has obtained from proper authority such permission, if any, as is required to enable him to stand for election, take part in elections to Municipal Committees, District Boards and Local Boards.

#### RESOLUTION.

The Government of India have had under their consideration the question of extending the use of adhesive stamps on the instruments known as “Policies of Insurance” which are chargeable with stamp duty under article 47 of Schedule I of the Stamp Act, 1899. Under Finance Department notification No. 1140-F., dated the 14th August 1914, these instruments should either be written on stamped paper or be presented to the “proper officer” for the purpose of affixing special adhesive labels. It has been represented that this procedure causes inconvenience to the commercial public and after consulting certain Local Governments, the Government of India have decided to extend further the use of adhesive stamps to these instruments. This decision has been given effect to in the accompanying notification No. 901-F., of to-day’s date, which permits the use of adhesive stamps. New stamps of the denominations of 2, 3, 4, 6, 8 and 12 annas and 1, 3, 6 and 10 rupees have been ordered from England and will be of the same pattern as the existing “agreement” and “brokers’ notes” stamps. Pending the receipt of the new stamps special adhesive stamps, overprinted with the word “Insurance,” will be issued for sale to the public.

Ordered that it may be published in the *Gazette of India*.

*Delhi, the 29th March 1921.*

AGREEMENT BETWEEN THE BRITISH AND GERMAN GOVERNMENTS RESPECTING ARTICLE 297 OF THE TREATY OF VERSAILLES OF JUNE 28 1919 (PROPERTY, RIGHTS AND INTERESTS).

#### RESOLUTION.

The following agreement between the British and German Governments respecting Article 297 of the Treaty of Versailles of June 28, 1919, signed at London on the 31st December 1920, is republished for general information. The Government of India have agreed to be a party to the agreement.

AGREEMENT BETWEEN THE BRITISH AND GERMAN GOVERNMENTS RESPECTING  
ARTICLE 297 OF THE TREATY OF VERSAILLES OF JUNE 28, 1919 (PROPERTY, RIGHTS AND INTERESTS).

*London, December 31, 1920.*

The Government of His Britannic Majesty and the German Government, with a view to the settlement of certain matters arising under Article 297 of the Treaty of Peace between the Allied and Associated Powers and Germany signed at Versailles on the 28th June 1919, have agreed as follows:—

ARTICLE 1.

The Departments established in the United Kingdom and Germany for the settlement of matters relating to property, rights and interests will mutually appoint a representative or representatives in Berlin and London, through whose intervention communications may be exchanged between the respective Departments. These representatives will constitute in London and Berlin respectively offices which shall be established at the earliest possible date.

ARTICLE 2.

Property, rights and interests in Germany of British nationals which have been subjected to exceptional war measures, but have not been completely liquidated, shall be restored to them immediately upon application, in accordance with the provisions of Article 297 (a), free of any private lien in respect of any of the matters referred to in Article 4, or of any costs, charges or expenses of liquidation, administration or supervision, or any deduction whatsoever. The right of private persons to make such claims in respect of maintenance, safe keeping or administration as are provided for under Article 4 is however recognised. This application may be made by the owner or his agent direct to the "Landeszentralbehörde" concerned, or if it is not known in what part of Germany the property is situated, to the "Reichsministerium für Wiederaufbau." It shall be in writing and shall be signed by the applicant, whose signature shall be duly authenticated, and, if the applicant is the agent of the owner, it shall be accompanied by duly authenticated proof of his authorization.

It shall state—

1. The name and address of the owner.
2. The name of his agent (if any) and the address at which the property, rights or interests, or the documents of title shall be delivered.
3. A list, as complete as possible, of the property, rights and interests to be restored. If this list cannot be made complete by the owner, it shall be completed by the German authorities from the information in their possession.
4. A detailed statement as to the locality where the property to be restored was left by the owner, or, in the case of real property or business undertakings, a statement of the locality in which such property or undertakings was situated.

Applications should be signed by the applicant, under whose signature a justice of the peace, barrister or commissioner for oaths should certify—

- (a) That the applicant is well known to him.
- (b) That the signature is the signature of the applicant.

The person so certifying shall give his description and address.

Such a certificate shall be regarded as sufficient proof of the authenticity of the applicant's signature.

Alternatively, the application shall be accompanied by a statutory declaration, declared before a justice of the peace or a commissioner for oaths by the applicant, to the effect that he is the owner of the property in question. In any special case, such as that of inheritance, in which the ownership of the property has been altered since the taking effect of the exceptional war measure, the German authority shall, in addition to the certified application, be entitled to call for production of a statutory declaration setting out the title to the property of the claimant.

## ARTICLE 3.

Where any prohibition or restriction exists upon the exportation from Germany of British property detained in Germany during the war, a licence to export such property, free of all conditions, shall be issued by the competent German authority immediately upon application by the British Office through the "Reichsministerium für Wiederaufbau."

## ARTICLE 4.

Claims by private persons in respect of expenses incurred in maintenance, safe-keeping and administration of British property in Germany will be settled in the following ways: the property in question shall be restored immediately upon application by the owner, free of any private lien in connection with such expenses.

(a) In the case of claims constituting debts within the scope of the Clearing Office, the British Clearing Office will guarantee to credit to the German Clearing Office such sums as may be admitted or found due, without taking advantage of the exceptions contained in paragraph (b) of article 296 and paragraph 4 of the Annex thereto.

(b) Claims in respect of the period up to the 10th January, 1920, not falling within the scope of the Clearing Offices will be met by the German Government under paragraph (i) of article 297. Any amounts admitted or found due from British nationals by the Mixed Arbitral Tribunal, to whose decision they shall in case of dispute be submitted, in respect of such claims will be credited to the German Government in the account relating to German property, rights and interests.

(c) Claims in respect of the period after the 10th January 1920, if not admitted by the owner, will be submitted for decision to the Mixed Arbitral Tribunal, and the British Clearing Office will guarantee payment of any amounts admitted or found due from British nationals by the Tribunal.

The obligation of the German Government under article 2 and the present article to restore property free of any private lien shall not apply to any property in respect of which the British Office declines to apply the provisions of the present article.

## ARTICLE 5.

A statement of the condition of the property, rights or interests restored shall be drawn up in writing in quadruplicate at the time of restitution and signed by the German administrator, liquidator or supervisor (as the case may be), a representative of the German State Department ("Landeszentralbehörde") and the owner; one copy to be retained by the owner, one by the State Department, one by the administrator, liquidator or supervisor, and one to be transmitted by the State Department to the British Office in Berlin.

## ARTICLE 6.

Without prejudice to the rights of His Majesty's Government or the owner under paragraphs 8 and 13 of the Annex to Section 4 of Part X of the Treaty of Versailles, delivery of the documents referred to under article 1 of the Annex relating to property, rights and interests falling within article 297(a) shall not ordinarily be required until the restitution of the property, rights or interests. Nevertheless the final report of the liquidator, administrator or supervisor and any further summary information required by the owner shall be handed or sent to him at his request at any time, whether before or after application for restitution, and he shall be given free access to all the documents referred to above. Where property has been completely liquidated all the documents shall be handed to the British national concerned, or to his representative, or if so desired by him, sent to him or to such person as he may direct, at his expense and risk immediately upon his application by the Landeszentralbehörde, or the Reichsministerium.

## ARTICLE 7.

In all relations with the German authorities under the preceding Articles, British nationals may act personally or through the British Clearing Office or other authorised agent. If the British Clearing Office is appointed agent to act on behalf of a British national, it shall furnish the German Office with a certificate to that effect. Delivery to the British Clearing Office or other authorised agent shall be equivalent to delivery to the owner.

## ARTICLE 8.

In so far as it is not otherwise expressly agreed by the claimant, the signature by the claimant or his agent to any kind of document in connection with the restitution to him direct of his property, rights or interests, whether affixed before or after the signing of this Agreement, shall in no way prejudice any right to compensation which the claimant may have under the provisions of the Treaty of Versailles.

## ARTICLE 9.

Any entries in Public Registers and Land Registers necessary in order to effect, complete or validate the restitution of property, rights or interests referred to in this Agreement to the British national concerned, will be made by the German authorities without delay and free of cost, in accordance with the provisions of the local law.

## ARTICLE 10.

Claims by British nationals for compensation under article 297(e) may, notwithstanding their notification to the Mixed Arbitral Tribunal, be submitted through the British Office in Berlin to the German authorities concerned for the purpose of effecting settlement of the claims by agreement, and the State Department concerned may transmit to the British Office the terms of settlement proposed by them in respect of any claim. If a settlement is arrived at as a result of negotiations thus originated, the German Government shall transmit to the British Office in Berlin a consent to such settlement, which shall be submitted to the Mixed Arbitral Tribunal for formal judgment.

## ARTICLE 11.

The British Government will be prepared, on application through the German Office in London, to release from the charge established under the Treaty of Peace household furniture and effects, personal belongings and family souvenirs, and implements of trade belonging to German nationals with the exception of articles of special value, up to an amount of 500L., in addition to the amount of the charges for their conservation and insurance incurred after the 4th August 1914, and up to the date of their release, in any case where the competent German authority certifies that the income of the applicant does not exceed the equivalent of 400L. a year at current rate of exchange. The value of the property to be released, unless otherwise agreed, shall be determined by a licensed valuer to be appointed by the British Clearing Office, and the charge for such valuation shall be paid by the owner of the property prior to its release. Applications for such release must be made within a period of six months from the ratification of this Agreement.

Subject to the right of the British authorities to refuse permission in any particular case, and to the laws for the time being in force, German nationals will be permitted, on request conveyed to the British Clearing Office, to bid at any sale by auction of their property in the United Kingdom. The date of any sale of property in respect of which such a request is made shall be notified to the German Office.

## ARTICLE 12.

Property released under the provisions of the first paragraph of the preceding Article will be placed at the disposal of the claimant, or the German Office in London, upon payment of any expenses incurred by the British authorities, and of any other charges on the property, notwithstanding the fact that such charges or expenses may constitute debts within the meaning of Article 296.

## ARTICLE 13.

The British Clearing Office will furnish the German Office in London with summaries in respect of German property, rights and interests liquidated in the United Kingdom.

The existing books of account of German businesses liquidated in the United Kingdom, or other parts of the British Empire above referred to, except where they have been transferred to the purchaser of a business, will be preserved and ultimately handed to the German authorities. In the meantime the former German owner will be permitted access to the said books on payment of any incidental expenses, and where such books are in the custody of a purchaser, an endeavour will be made to procure access thereto for the former German owner on the like terms.

The British Clearing Office will also furnish summary particulars, if in its possession, of the results of sales by auction or tender and also summary particulars of property registered with the British custodian in individual cases at the request of the German Office in London.

## ARTICLE 14.

Where property, rights or interests of German nationals or the proceeds thereof, not being debts within Article 296, are or have been released from the charge created under section 4 of Part X, the German Office in London will be notified by the British Clearing Office and the property or proceeds will not be accounted for through the Clearing Offices.

## ARTICLE 15.

This Agreement shall be ratified, and the ratifications shall be exchanged at London as soon as possible. Pending the ratification, both parties shall bring into application the provisions of the Agreement, so far as it is possible to apply them administratively, it being understood, however, that the actual release of German property from the charge established under the Treaty of Peace, provided for in Article 11, will not take place until after ratification.

In witness whereof the undersigned, duly authorised by their respective Governments, have signed the present Agreement and have affixed thereto their seals.

*Secretary to the Government of Bengal.*

**Regulations for the grant of State scholarships for the purpose of obtaining veterinary diplomas in the United Kingdom.**

Applications are invited for State scholarships to be granted to enable young men to visit the United Kingdom with the object of gaining a Veterinary diploma and thereby rendering themselves eligible for appointment to the Imperial branch of the Indian Civil Veterinary Department. A candidate must be a person born and domiciled within the dominions of His Majesty in India or within the territory of Indian Princes tributary to, or in alliance with, His Majesty, of parents habitually resident in India and not established there for temporary purposes only. Candidates of European or Anglo-Indian descent must be unmarried, and, if selected as State scholars, must remain unmarried until completion of the prescribed course of training and their return to India.

2. Applicants, who should not be more than 23 nor less than 19 years of age on the 30th June 1921, must possess an honours degree in science of a University incorporated by law in British India.

3. Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for the grant of a scholarship. Testimonials or other recommendations should not be attached to the applications.

4. Applications, which should be addressed direct to the Secretary to the Government of India, Department of Revenue and Agriculture, Simla, must be in the form\* attached to these regulations, and must reach Simla not later than the

\*Appendix II.

20th June 1921. Copies of the regulations and of the forms of applications may be obtained from the Secretary to the Government of India, Department of Revenue and Agriculture, but applications may be made in manuscript form if desired.

5. Applications must be accompanied by a preliminary medical certificate of fitness for service in the Civil Veterinary Department signed by a Presidency Surgeon or the Civil Surgeon of the district or Agency in which the applicant resides. This certificate is intended to prevent applications from candidates who are obviously physically unsuited for the veterinary service and will not exempt candidates from appearance before the final Medical Board.

6. Applications from officers already in the public service, whether as probationers or on a permanent establishment, will not be entertained.

7. Candidates who from their papers appear *prima facie* to be suitable for appointment to the Department will be summoned by the Government of India to undergo a strict medical examination when, if passed as fit for the work of the Veterinary Department, they will be interviewed by a Selection Board appointed by the Government of India. The names of those candidates who are provisionally selected will then be forwarded to the local Government or Administration or Political Officer or Agent concerned for the necessary verification of their qualifications and character, on receipt of which the final selection will be made.

8. Candidates will not be entitled to any travelling allowance for journeys performed in connection with these regulations, with the exception that those summoned to appear for the medical examination and interview, who come from a greater distance than 200 miles for the purpose, will be paid half the cost of a 2nd class fare [by rail or (and) by sea] for the journeys.

9. Those candidates who are finally selected will be granted scholarships of the annual value of £250, in addition to the cost of fees, at a Veterinary College in the United Kingdom selected by the Secretary of State for the purpose of training. This sum, however, is unlikely to be sufficient to meet all the needs of a scholar, who should be in a position to provide himself with at least a further £100 per annum from other sources. The period of training in the United Kingdom is ordinarily four years. Free second-class passages will ordinarily be given, though first-class passages may be allowed if second-class passages are not likely to be available within a reasonable time. The cost of travelling to the port of embarkation will not be paid. Scholars will be required to leave for England early in September 1921 and on their obtaining the diploma of the Royal College of Veterinary Surgeons and undergoing successfully the prescribed post-graduate course, they will be given a preferential claim to employment in the Indian Civil Veterinary Department, provided (a) they are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Civil Veterinary Department, and (b) they satisfy the Secretary of State by any tests, including riding, which he may determine, of their fitness for employment in the department.

10. Scholars will be required to defray all expenses of lodging and board in the United Kingdom.

11. The grant of scholarships is subject to the following conditions:—

(a) that the progress of the scholar in his studies is satisfactory;

(b) that the scholar gives security† to refund the payments in the event of his failing to qualify for an appointment in the Indian Civil Veterinary Department or to embark for India when directed by the Secretary of State or to join the Indian Civil Veterinary Department in due course or to sign the articles of agreement as specified in paragraph 13.

† Scholarship-holders will be required to give security to the local Government or Administration or Political Officer or Agent concerned. If this condition is not satisfied, they will not be permitted to leave for England.

12. Every scholar is required to conduct himself during the period of training in a manner satisfactory to the Secretary of State and to give evidence of satisfactory progress in his studies, in such a manner as may be required, failing which, or in the event of serious misconduct, he is liable to have his scholarship forfeited.

13. A scholar is required, on qualifying for appointment to the Indian Civil Veterinary Department, to sign articles of agreement setting forth the terms and conditions of his appointment.

14. Each scholar on appointment to the Indian Civil Veterinary Department will be provided with a free passage to India.

15. The scale of pay in force for officers of Indian domicile is given in Appendix I to these regulations.

16. Pension is governed by the regulations laid down by the Government of India, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government.

### RESOLUTION.

### ESTABLISHMENTS.

*Simla, the 16th May 1921.*

IN connection with the recommendation made by the Public Services Commission in the concluding sentence of paragraph 44 of Annexure X to their Report, the Government of India have had under consideration the question of pensions to be granted to Barristers, Vakils and Advocates of High Courts, and Pleaders of Chief Courts who, under the orders announced in paragraph 11 of the Home Department Resolution No. 2559, dated the 1st December 1920, may be directly appointed to judicial posts ordinarily held by members of the Indian Civil Service. With the approval of the Secretary of State, they are now pleased to direct that the pensions of these officers shall be regulated under articles 465-A, 474, 474-A, and 475-A of the Civil Service Regulations. In the case of superannuation pensions, officers with not less than ten years' actual qualifying service will also be allowed as a special case the concession of adding to their qualifying service the actual period not exceeding ten years by which their age at recruitment exceeds 25 years. This concession will in almost every case enable officers recruited at the age of 35 years to earn a full pension, and those recruited at the age of 40 to earn the 25 years' pension by the time they reach the ordinary age of superannuation, and the maximum pension if they are allowed to serve until they are 60 years of age. The ordinary rules which will apply to other forms of pension coupled with the special concession mentioned above for superannuation pensions will, the Government of India

hope, be sufficiently attractive, specially as these officers will invariably be able to obtain, in the case of invalid and superannuation pensions, benefits from the additional pensions admissible under article 475-A of the Civil Service Regulations.

The necessary additions and corrections to the Civil Service Regulations will be issued in due course.

ORDER.—Ordered that a copy of this Resolution be forwarded to all local Governments and Administrations for information and guidance, and to the Finance Department for information and the issue of necessary additions and corrections to the Civil Service Regulations.

Ordered also that it be published in the Supplement to the *Gazette of India* for general information.

Payment at post offices may also be made by the withdrawal of sums at the credit of the applicant in the Post Office savings banks.

11. Brokerage will be paid to recognized bankers and brokers on applications for the Bonds bearing their stamp. The rate will be  $\frac{1}{8}$ th per cent. when payment is made in the form of Treasury Bills and  $\frac{1}{4}$ th per cent. in other cases.

12. Application for stock or promissory notes will also be received at the London Office, of the Imperial Bank of India, 2 Princes Street, E. **No. 1075.**—The Hon'ble Mr. Justice P. L. Buckland, Barrister-at-Law, a Judge of the High Court of Judicature at Fort William in Bengal, is granted privilege leave for one month, with effect from the 28th July 1921.

**No. 1082.**—The following statement of the Reasons for the Revision of the Rules of the Appellate Side of the High Court of Calcutta, is published for general information at the request of the Honourable the Chief Justice and Judges of the High Court:—

**Statement of Reasons for the Revision of the Rules [of the High Court, Appellate Side, relating to the preparation of paper-books, and of action taken by the High Court in connection therewith.**

It is desirable to explain for the benefit of those who are unacquainted with the subject, what "Paper-books" are and the necessity for them.

As most people are aware, the cases in which no appeal is allowed by the law of India are comparatively few. In cases of small value, appeals are allowed to the District Courts or to the Courts of Subordinate Judges, as the case may be, and a further appeal known as a Second Appeal is permitted to the High Court on points of law. In suits of greater value, the appeal lies to the High Court direct, such appeals being known as First Appeals, and where the value of the suit is greater still, there is a further appeal to His Majesty in Council, generally known as an appeal to the Privy Council. Though this memorandum deals only with the rules of the Appellate Side of the High Court, that is to say, with rules relating to appeals in cases tried by the Mofussil Courts, it may be stated that as regards suits tried on the Original Side of the High Court an appeal lies to two or more Judges of the Court and from them, in cases of appropriate value, to the Privy Council.

In the Court of first instance the record consists of the pleadings, affidavits, etc., prepared by the parties or their pleaders, the depositions of witnesses recorded by the trial Judge in his own hand, the documents, which may be of every kind and description, filed in the course of the trial, the orders made from time to time by the Judge and recorded by him on the order sheet, and finally the judgment (also a manuscript or possibly a typed document), signed by the Judge. For the purpose of First Appeals (in Second Appeals only the pleadings, the judgments and the memoranda of appeal are ordinarily printed) this mass of papers, generally voluminous, always inconvenient to handle, has to be placed in some suitable form before the Judges of the appellate tribunal, omitting such papers as are not essential to the hearing of the appeal. In the High Court, both Judges require to be provided with copies of all necessary papers, while in the Privy Council, the number of Judges is usually three at the least. In addition to the Judges hearing the appeal, the Counsel or Pleaders of the parties require to be furnished with copies of the record for the purpose of arguing the case and further copies are required for purposes of record. It is, therefore, clear that the initial record is wholly insufficient for the proper conduct of the proceedings. It has, accordingly, been the practice, now for very many years past, to collect and print, in book-form, copies of so much of the record as may be required. Where documents are in the vernacular, they are translated, and copies of the translations are included in the record. These

books have come to be known by the name of "paper-books," and it is with preparation of these "paper-books" that the revised rules to which this statement relates are concerned.

In the case of appeals to the Calcutta High Court, the paper-books in appeals other than First Appeals have always been prepared under the direct supervision of the office of the Court, but as regards First Appeals, until the recent revision of the Appellate Side Rules, the paper-books were usually prepared by the Vakils for the appellants. The latter were responsible for the elimination of unnecessary matter from the paper-book, the translation of all vernacular documents to be included therein, the editing and arrangement of papers, the selection of a suitable press, the passing of the material through the press, the correction of the proofs, and the final production of the paper-book in proper form.

For twenty years or more the Privy Council at intervals have complained, sometimes in scathing terms, of the paper-books supplied to them. These complaints having passed unheeded and no general improvement having occurred, their Lordships in 1916 addressed a formal communication on the subject to the Secretary of State, of which a copy was duly forwarded to the High Court with a covering letter from the Government of India.

Their Lordships drew attention in the first instance to the delay in the conduct of Indian appeals and particularly to the time which often elapsed between the date of the decree appealed from and the arrival of the printed record in England. They stated that in appeals received in England in 1915 the average delay in the latter respect was two years eight months. They viewed "such a state of things as a public scandal" and were of opinion that "its existence often converted the right of appeal to the Sovereign into an instrument of oppression."

Coming from such a source, these were strong words but they were hardly stronger than the comments to be found in some of their Lordships' published judgments, accessible to all the world in the current Law Reports.

(Banga Chandra Dhur Biswas vs. Jagat Kishore Chowdhuri, L. R. 43, I. A. 248 at page 255.)  
(Madhu Sudan Chowdhuri vs. Mussett. Chandrabati Chowdhraia, 21 C. W. N. 897 at page 902.)  
(Deonandan Prasad Singh vs. Ramdhari Chowdhuri, L. R. 44, I. A. 80 at page 84.)

Attention was drawn in one case to a delay of seven years and in another to a delay of ten years, subsequent to the date of the decree of the High Court. In a third case, their Lordships said:—

"Delay in litigation means to every one concerned, in whatever country he may be, needless expense, anxiety and disappointment, and to the poor and honest suitor it is an oppression hard to be borne."

(Haradas vs. The Secretary of State for India in Council, 26, C. L. J. 590, at page 601.)

In a fourth case this passage occurs:—

"It is now seventy years since Lord Macaulay pointed out that the delay in Indian litigation constituted a reproach to our administration and their Lordships feel with regret that this reproach has not been taken away. A period of fifteen years is needlessly long for the determination of any suit and more than that period has elapsed since the plaints in these proceedings were issued."

Such observations arrest attention. The subject had to be examined, and no thinking person, at all cognisant of the evils of excessive delays in litigation, would say that, if a remedy could be devised, things should be left as they were.

These cases above referred to led to a proposal that the law should be altered so as to empower a High Court to refuse leave to appeal to the Privy Council in cases where no substantial point of law was involved even though the High Court reversed the decision of the Lower Court. But the High Court repelled the proposal on the ground that it would give greater weight to the High Court's decision on facts than to that of the Court which saw the witnesses and heard the evidence.

No more was heard of this proposal and it is noticed only for the purpose of showing how far the search for a remedy was carried.

Something was done by amending the Civil Procedure Code and the Limitation Act to abbreviate some of the stages through which suits and appeals are wont to pass. But such legislation did not touch the principal source of delay in appeals to His Majesty, namely, the time occupied in the preparation of the paper-books.

Delay, however, was not the only ground on which the Privy Council founded their complaints regarding paper-books. Their Lordships, it was stated, are also of opinion that "sufficient control is not exercised by the Courts (i.e., the High Courts) (1) in eliminating from the record unnecessary documents and (2) in providing that the documents which are included are printed in proper order." Reference was made to the fact that paper-books frequently contained hundreds of pages of unnecessary matter and as to arrangement it was said:—

"Often documents and depositions do not follow one another in any logical or even in any chronological order; they are often merely chaotic; and exhibits are introduced either at random or simply as they were put in at the trial."

It was, therefore, apparent that in the view of the Privy Council the state of things which existed constituted an intolerable public scandal and called for an effective remedy. As the Government of India said in their covering letter (dated October, 1916), "drastic and radical measures" were necessary to terminate "a long existing evil."

Though under the system in force at the time in the Calcutta High Court, the paper-books in First appeals to the Court had already been prepared, if in any case an appeal was subsequently taken to the Privy Council it was necessary to prepare a new paper-book.

The system was obviously in fault and the Government of India were not slow to put a finger on the weak spot. "In the majority of cases," they said, "all the material parts of a record in a Privy Council appeal are printed twice over, once for the High Court and again for the Privy Council." It was, accordingly, suggested that if all High Court appeals were printed in the form required by the Privy Council rules and a sufficient number of copies were struck off at the time, there would be no necessity for reprinting at all. It would then only be necessary to print the High Court's judgment, and all the materials for a Privy Council record would be ready and could be despatched within, at all events, three months from the date of the grant of the certificate by the Court.

The Judges replied to the Government of India in February 1917. The suggestion made by the Government was discussed but rather with reference to details of cost than with a view to a change of system. The admission which the Judges were compelled to make in the course of their letter was for that reason perhaps the more striking:—

"A reason for present delay," they wrote, "is the haphazard manner in which paper-books from which appeals to the Privy Council arose, are prepared by the Vakils, with the result that the Sworn Examiners have, in a large number of cases, practically to prepare a new paper-book and to refer to the original documents."

Even at that date, it may be added, one of the Judges was disposed to go further than the rest of the Court and to lay it down as a principle that in every case the Privy Council should have before them the paper-book used in the High Court with such additions as might be necessary. The correctness of that principle cannot be disputed.

It may be worth while noting that in May 1917, the High Court made certain amendments in the rules of the Appellate Side in order to expedite matters so far as they could be expedited without legislation or a complete change of system. No exception was taken to these amendments.

The Government of India had, of course, consulted all the High Courts in India. Having done so, they reported to the Secretary of State, and in April 1920, copies were received of correspondence which had passed.

In brief, the Privy Council accepted the recommendation ultimately made by the Government of India "that the record in all appeals to the Appellate Court in India of Rs. 10,000 (appealable amount) in value, where the record is ordinarily printed for the Appellate Court, should, unless the Court otherwise directs, be printed in Privy Council form. Their Lordships desired that the High Courts should be asked to frame a rule giving effect to this proposal.

In order to avoid reprinting in case of appeal to the Privy Council a sufficient number of copies were to be struck off to meet the requirements of both the Appellate Court and the Privy Council.

Their Lordships also directed that paper-books should be prepared under the direct supervision of officers of the High Court, in accordance with the practice in the Calcutta High Court in the case of Second Appeals.

Stress was laid on the necessity for accuracy in these terms :—

“ If the paper-book prepared for the use of the Appellate Court is to form part of the record in an appeal to the Privy Council, it is a matter of the utmost importance that it should be accurately prepared, more especially as the original documents, which are before the High Court for reference if required, are not transmitted to England.”

Lastly, their Lordships intimated that they had received with disapproval the information that records were generally retranslated. They considered that the practice was wasteful both of time and money, and that it should be discontinued wherever it existed.

An order in Council was issued on the 9th February 1920, rescinding the regulations in force for Appeals to His Majesty and making new regulations, two of which (Nos. 3 and 4) contemplate that the Registrar should exercise control over the documents to be included in a paper-book.

The Secretary of State in a despatch dated 29th January 1920, intimated to the Government of India that most of their proposals would be covered by the Order in Council (a draft of which had previously been sent out) and that he approved of the remainder of the proposals. He trusted that the Government would “ be able to have effect given to all at a very early date.”

The Government of India's forwarding letter concluded with a request that the Hon'ble the Chief Justice and Judges might be moved to take early steps to introduce certain rules of procedure including :—

- “ (ii) that the system of preparation and transmission of the record to England detailed in Part IV of the letter from the Registrar of the Privy Council dated the 27th November 1919, enclosed with the Secretary of State's despatch of the 29th January 1920, should be adopted, the system of retranslating records for the Privy Council being discontinued wherever it exists.”

It is unnecessary to emphasize again the importance of the subject-matter of these communications and the extent of the evil for which a remedy was required. It was also, unfortunately, common knowledge that most of the complaints which the Privy Council had made in individual cases related to appeals from the Calcutta High Court, this being the only Court in India where the paper-books were not originally prepared in the Court. The Judges of the Calcutta Court, therefore, felt that a special and imperative duty was imposed on them to put their house in order.

The Judges were confronted not only with the necessity for radical reform but also with the position that in future paper-books in appeals of over Rs. 10,000 in value were to be prepared in Privy Council form in the office of the High Court. The objections to the old system under which the paper-books were prepared by Vakils applied (as the Judges were too well aware) quite as much in the case of appeals under Rs. 10,000 in value as in the case of appeals over that value. Statistics showed that of the Regular Appeals to the High Court filed during 1917, 1918 and 1919, 43 per cent. were valued at Rs. 10,000 and more. Allowing for consolidation of appeals to the Privy Council in cases valued at less than Rs. 10,000, the Court expected that in compliance with the instructions of the Privy Council, they would have to undertake the preparation of about 50 or 55 per cent. of the paper-books in Regular Appeals. It is quite true that the Privy Council did not concern themselves with appeals valued at less than Rs. 10,000, but the line of demarcation is difficult to lay down. In appeals valued under Rs. 10,000 an appeal might lie to the Privy Council if the decree or final order involved, directly or indirectly, some claim or question to or respecting property of the value of Rs. 10,000 or upwards. It was also necessary to bear in mind that, speaking generally, all Regular or First Appeals must at any rate exceed Rs. 5,000 in value inasmuch as suits of which the value is Rs. 5,000 or less only come to the High Court in Second Appeal. Paper-books in Second Appeals have always been prepared in the office of the Court. The conclusion was obvious that there could not be two systems for the preparation of paper-books, one in First Appeals of Rs. 10,000

or more in value and in Second Appeals, and another for First Appeals exceeding Rs. 5,000 but less than Rs. 10,000 in value. Two systems and two sets of rules, when the work is identical, would be an anomaly giving rise to needless complication.

It is of interest, in this connection, to state that according to the statistics of the last three years the average number of First Appeals to the High Court formed only 8·8 per cent. of the total number of appeals. The figures are as follows:—

			First Appeals.	Second Appeals.	Miscellaneous Appeals.
1918	...	...	342	2,836	325
1919	...	...	316	2,810	379
1920	...	...	280	2,941	431
			<hr/>	<hr/>	<hr/>
	Total	...	938	8,587	1,135
			<hr/>	<hr/>	<hr/>
Average	...	...	313	2,862	378
Percentage	...	...	8·8	80·6	10·6
			<hr/>	<hr/>	<hr/>

It should also be mentioned that one of the difficulties of the old system lay in the handling of records and the divided responsibility for the safety of valuable documents, many of them old and easily injured. The ultimate responsibility of the Court for the custody of its records cannot be overlooked.

The cardinal principle was accepted generally, though subject to the preparation of detailed rules by a Committee of the Judges. The Committee, not forgetting the Vakils and their interests, recommended that if the change of system were adopted, "an endeavour should be made, so far as may be practicable, to employ the best of the Vakils now engaged in this work to assist the Court in the translation of documents and the preparation of paper-books." With that rider, they reported to the Full Court by whom the report was duly accepted.

In logical sequence, the existing rules were amended and the Government of India were addressed firstly, in a letter, dated 27th August 1920, for the purpose of obtaining the approval of the Governor-General in Council to such of the new rules as were considered by law to require his approval, and secondly, in a letter, dated the 30th August 1920, for the purpose of obtaining the sanction of the Government of India to the engagement and employment of the necessary additional staff.

In that letter, the Registrar wrote that, in order to deal with the anticipated increase in the volume of work in this section (the paper-book section), it was proposed—

- (1) to employ a number of Vakils as temporary Translators who would be paid by piecework from the translation fees deposited by the parties;
- (2) to employ a staff of Editors, with special qualifications, who would be permanent assistants of the Court;
- (3) to enlarge the staff of proof-readers who would also be permanent assistants of the Court.

Detailed proposals were then made, and it was stated that the Acting Chief Justice (establishments being in the sole charge of the Chief Justice) was "convinced that the adoption of the proposals outlined will result in a considerable improvement in this branch of the work of the Court."

The Government of India replied by telegram on the 11th November 1920, sanctioning the scheme provisionally subject to certain conditions.

The revised rules, therefore, came into force on the re-opening of the Court after the vacation of 1920.

At this point, the Vakils' Association (which it must, in fairness, be stated had had no previous opportunity of stating its views) addressed a letter dated 26th November 1920, to the Registrar taking certain exceptions to the revised rules. *Inter alia*, exception was taken to Chapter V, Rule 43 "which," it was stated, "deprives Vakils altogether of the right of preparing their clients' paper-books in their offices, which not only provided suitable occupation to a large number of Vakils, but was generally to the advantage of the litigants." "The Association," it was added, "is prepared to concede

that there was room for improving the conditions under which paper-books were prepared in Vakils' offices, but to take away the right altogether is quite another matter."

It is said that the Vakils have enjoyed the privilege for 40 years or more. But it seems clear that the system is inherently defective; moreover, it is not in vogue in any other High Court in India. The mere admission by the Vakils that the system was capable of improvement cannot be accepted as an adequate statement of the conditions which existed. The Judges have had experience of paper-books so abounding in misprints and other errors, and so 'chaotically' arranged that there might well be a danger of justice miscarrying.

Moreover, even if the preparation of the paper-books had been left in the hands of the Vakils, it would have been necessary, in order to give effect to the wishes of the Privy Council, to devise some complicated system of supervision by the officers of the Court. It can hardly be doubted that Vakils would have found such supervision extremely irritating.

Sympathy is due to the younger Vakils if, as is stated, the introduction of the new system deprives them of a source of profit. At the same time, this can hardly be regarded as the point of view from which the question should be approached, more specially as the work of preparing and editing paper-books can scarcely be regarded as the final objective of a course of legal training. The paper-books probably suffered in the past from so much of the work being delegated to young and inexperienced men. It is confidently anticipated that in the long run the new system will benefit litigants and generally further the administration of justice. That is a sufficient justification for the change; other considerations are secondary and must give way to the paramount purpose of all rules of this kind. It has also to be borne in mind that a considerable number of Vakils will receive employment in the Court's office in connection with the preparation of paper-books.

Reforms in procedure can seldom be carried out without temporary injury to some of those who are following the practice of the law at the time of their introduction, however beneficial they may be to their successors. No one has a vested interest in procedure and it is common knowledge how strongly excessive delays in litigation were denounced in England and how extensive were the reforms in procedure which were there carried out during the nineteenth century.

In reply to their letter of 26th November, the Vakils were informed that a further representation from the Association would be considered by the Court. They, accordingly, submitted the observations contained in their letter of 27th December last. That letter which is of great length conveyed a number of sound, able and valuable criticisms which deserved and received the most careful attention at the hands of the Judges. The rules were thoroughly overhauled and revised, and changes of great importance were made (see amendments notified on 2nd March 1921). The principal amendments are enumerated in the Registrar's letter to the Vakils' Association, dated the 28th February 1921, a copy of which is appended (Annexure I).

In regard to the criticisms directed against the revised rules on the ground that they increase the costs of litigation in First Appeals, no doubt page for page paper-books under the new system will cost more than paper-books under the old system. But against this must be set the saving which, it may justifiably be assumed, will be secured by the exclusion of useless matter and more generally by the introduction of system and method into the work. Properly prepared paper-books may also be expected to diminish the time occupied in hearing appeals. Any abbreviation of the total period occupied by a suit or appeal, from start to finish, will itself be an economy. The paper-book is seldom, if ever, the main source of expense in a contested case, and as the Privy Council point out, in the long run delay presses more hardly on the poor suitor than on the rich suitor.

In regard to the inclusion of unnecessary matter in paper-books, reference may be made to a recent letter received from the Registrar of the Privy Council a copy of which is appended (Annexure II).

It being at least conceded that the old system was capable of improvement, it must be evident that no improvement could have been effected in that system itself without some increase of expenditure. Better printing and better proof-reading mean greater cost. It is notorious that the price of paper and the wages of the compositors, etc., have risen everywhere by leaps

and bounds. Even before any change of system had been mooted, a representation had been received signed by sixty-six Vakils, asking for an increase of the printing costs allowed by the Court.

It is understood that as regards First Appeals to the Court, objection is taken (1) to the increase in the cost of printing and (2) to the increase in the cost of editing; and that as regards Second Appeals, the rules have been criticised, inasmuch as it is alleged that, although the paper-books are not now printed but typed, nevertheless, on the basis of estimates already received, there has been a substantial increase in the cost of the preparation of the paper-books. It is understood that as regards the increase in the charges for translation, no objection is raised by the Vakils.

The question of expense is, of course, one on which the Court will keep a close watch and the steps which the Court have taken and propose to take in this matter are indicated briefly in the following paragraphs.

As regards the cost of printing, in order, if possible, to introduce a lower scale of charges, the Court on the 31st January, 1921, invited eight of the leading private Presses in Calcutta to submit tenders for printing paper-books. The rates quoted by three of these firms were considerably in excess of those quoted by the Government of India Press; while the remaining firms which were addressed refused to undertake the work at all. The Court have since been in communication with some of the smaller private printing firms in Calcutta and have received quotations which are approximately 33½ per cent. lower than the rates quoted by the Government Press. By way of experiment, the Court have arranged to entrust the printing of a limited number of paper-books to some of these Presses. When these paper-books have been printed, the Court will be in a position to judge whether any further work might, without objection, be entrusted to these Presses in preference to the Government of India Press. If it is found that a group of these smaller private printing firms can do the work expeditiously and satisfactorily as regards cost and production—a matter with regard to which further experience is necessary—it is believed that the objections with regard to the cost of printing can be met.

As regards the cost of editing, it must be remembered that more competent editing of the paper-books may secure that, in spite of the additional cost of paper and printing, the total cost of the preparation of paper-books will on the average be reduced. The editing charge now leviable under the Appellate Side Rules amounts to Re. 1 a page in the case of printed paper-books and annas 8 a page in the case of typed paper-books. From the editing charges must be met the salaries of the staff, other than the Translators and the Copyists, directly concerned with the preparation of paper-books. These charges should also be sufficient to cover the cost of the stationery used in the Paper-book Department. The Judges will endeavour to reduce the cost of working this Department to the minimum consistent with the maintenance of efficiency, and they anticipate that they will shortly be in a position, on the basis of the work actually passing through the Department, to form a fairly accurate estimate of the permanent recurring expenditure necessary for its maintenance. Should it appear that the total estimated receipts on account of editing charges are likely to be in excess of the recurring expenditure on account of the Paper-book Department, the Court will reduce their scale of charges accordingly.

With regard to Second Appeals, a good deal of misapprehension has arisen owing to the fact that since the beginning of August last, full charges have been levied from the appellants on account of the preparation of paper-books in cases of Second Appeal, including the cost of printing or typing the judgments and the memoranda of appeal.

It is difficult to trace the origin of the practice in accordance with which a considerable share of the expenditure involved in preparing paper-books in Second Appeals was met from public funds, the fact being that copies of the judgments, remand orders and grounds of appeal were printed by the Government Press at public expense. The practice has obtained for more than forty years: its existence had been lost sight of until the revision of the rules was undertaken and, on investigation, the Court could not find any direct authority for the charge of this sum to Government. The Judges, therefore, felt themselves bound to report to the Government of India accordingly, but the modification of the former practice in this respect is in no way consequential on the recent revision of the Appellate Side Rules. Three tabular statements (Annexure III) are attached showing the

costs under the old rules and the revised rules respectively of the preparation of paper-books relating to three typical Second Appeals with regard to which the allegation has been made that in spite of paper-books now being typed, there has nevertheless been a substantial increase in the cost of the preparation of the paper-books. Inasmuch as there was no authority under the old rules for excluding from the total cost of the paper-book the costs of printing the judgments and the memoranda of appeal, the correct basis of comparison is between the 5th and the 7th columns. If these two columns be compared, it will be seen that with reference to all these appeals, there has been a very considerable decrease in expenditure on account of the preparation of the paper-books. Even if the charges in columns 1 and 3 be compared, it will be seen that the increase of cost in two of the cases is inconsiderable and in one of the cases, viz., No. 1122 of 1920, there has actually been a decrease of cost. In order to decrease the expenditure involved in the preparation of paper-books in Second Appeals, the Judges, in February last, decided to accept typed paper-books in Second Appeals. It is, of course, very desirable that the cost of litigation should be reduced to a minimum, more especially in the case of Second Appeals in which the poorer litigants are largely concerned. But the question whether aid can be given from the public revenues can only be decided by those who are responsible for the expenditure of those revenues.

#### ANNEXURE I

No. G.-972, dated the 28th February 1921.

From—N. G. A. EDGLEY, ESQ., Registrar, Appellate Side, High Court, Calcutta,

To—The Honorary Secretary, Vakils' Association, High Court, Calcutta.

I am directed to refer to the Court's letter No. 9870-G., dated the 14th December 1920, and to say that your Association's representation, dated the 26th November 1920, and the 27th December 1920, on the subject of the revised Appellate Side Rules, have been carefully considered by the Hon'ble the Chief Justice and the Judges. In this connection, I am to enclose for the information of your Association a list of amendments to the rules published in the *Calcutta Gazette* of the 15th September 1920. These amendments have been finally approved by the Hon'ble the Chief Justice and the Judges and they will come into operation immediately. Special attention is invited to the terms of the notification (copy enclosed) under which the amendments will appear in the *Calcutta Gazette* of the 2nd March 1921.

2. It will be seen from the list of amendments that the Hon'ble the Chief Justice and the Judges, while maintaining the principle that all paper-books in Civil Appeals should be prepared in the office of the Court, have in many matters made certain important modifications of the rules for the benefit of parties to appeals to this Court. The amendments are numerous, but I am to refer in particular to the following points in which the revised rules have been amended:—

(1) In Chapter V, Rule 12, it has been provided that the time taken by the Stamp Reporter in preparing his report may be excluded from the prescribed period of limitation; and further, in the case of a memorandum of appeal or application which is in order in all respects, that the date of delivery to the Stamp Reporter shall be deemed to be the date of presentation to the Deputy Registrar.

(2) The period within which the initial deposit should be paid as required by Rule 28, Chapter V, has been extended.

(3) The time Table prescribed in Chapter V, Rule 41, has been revised.

(4) With reference to Rule 57 of Chapter V, it has been provided that notices should be issued to the Vakils concerned as soon as decrees or orders are ready for perusal.

(5) The period allowed under Chapter VI, Rule 20, has been extended.

(6) It has been provided that marginal notes need only be printed in paper-books in the event of an appeal to the Privy Council.

(7) Typed paper-books will be prepared in First Appeals below Rs. 5,000 in value in which it appears that, if Parts I and III of the paper-book were printed the total number of pages contained in the paper-book would be 20 or less.

(8) A considerable reduction has been made in the cost of printing paper-books in Appeals, other than Second Appeals, but the printing rates quoted have been sanctioned for a period of six months only and are liable to revision if the cost of printing in the Government of India Press increases during that period.

(9) Provision has been made for the preparation of typed paper-books in all cases of Second Appeals, other than those which are now pending with the Press.

(10) Further facilities have been allowed for depositing the costs for the preparation of printed paper-books.

(11) The hours have been extended during which applications for copies, information and inspection may be made.

(12) The rules regarding Vakils' Clerks have been modified in certain respects, *etc.* it has been provided that a Vakil may, in certain circumstances, authorise the recognised clerk of another Vakil to transact business on his behalf.

(13) The prohibition against taking pen or ink into the Inspection Room has been withdrawn.

3. I am to add that the orders contained in paragraph 2 of the Court's letter No. 9870-G., dated the 14th December 1920, are withdrawn and that cases will now be put on the list as usual for final disposal in case of default in compliance with the provisions of the Appellate Side Rules as now modified.

4. The new Rules amended up to date, will be available in book form shortly.

5. In conclusion, I am to say that all the points raised in the representations submitted by your Association have received the most careful consideration of the Hon'ble the Chief Justice and the Judges, and the amendments have been framed with a view to the removal of all inconveniences to the Vakils and the parties. If, however, the working of the rules as now modified, discloses the necessity of any further amendments, the Hon'ble the Chief Justice and the Judges will be willing to receive a further representation on the subject after the expiry of six months.

## ANNEXURE II.

*Extract from letter, dated 16th February 1921, from the Registrar,  
Privy Council.*

"During the hearing of two consolidated Indian Appeals from your Court a few days ago (Bengal Appeals Nos. 34 and 37 of 1919), the Board drew attention to the amount of unnecessary matter that had been included in the record, and they suggested that I should communicate with you upon the subject. The pages to which their Lordships took exception were 379-510, 547-588 and 838-888.

"I think you will agree that the inclusion of 40 pages of what are apparently workmen's paysheets cannot be justified on any ground, and you will probably agree that as regards the chalang and dakhilas (pages 379-510) it would have been sufficient if one or two specimens had been printed, and if necessary the others might have been sent over in manuscript. If the cases had been old ones in which the record had been printed before the recent correspondence between this Department, the Indian Government and yourself respecting records generally, I should not perhaps have thought it worth while troubling you, but the order admitting these appeals was only made on the 25th August 1919, and the records were received here on the 8th April 1920, so I think the attention of the responsible official in your Department might be drawn to the fact that there is still too much license allowed to practitioners in expanding the records to unnecessary length.

"Referring to my letter of the 25th February 1920, enclosing a memorandum prepared in this Department for guidance in arranging records perhaps at your convenience you will let me know your views as to the scheme suggested, specially with regard to arranging exhibits. Up to the present it is noticed that Calcutta records are not arranged on the lines suggested, but it may be that sufficient time has not yet elapsed for any records printed since the date of my letter to reach us."

VII. In particular it is Our will and pleasure that the powers of superintendence, direction and control over the said local Governments vested in Our said Governor-General and in Our Governor-General in Council shall, unless grave reason to the contrary appears, be exercised with a view to furthering the policy of the local Governments of all Our Governors provinces, when such policy finds favour with a majority of the Members of the Legislative Council of the province.

VIII. Similarly, it is Our will and pleasure that Our said Governor-General shall use all endeavour consistent with the fulfilment of his responsibilities to Us and to Our Parliament for the welfare of Our Indian subjects, that the administration of the matters committed to the direct charge of Our Governor-General in Council may be conducted in harmony with the wishes of Our said subjects as expressed by their representatives in the Indian Legislature, so far as the same shall appear to him to be just and reasonable.

IX. For above all things it is Our will and pleasure that the plans laid by Our Parliament for the progressive realisation of responsible Government in British India as an integral part of Our Empire may come to fruition, to the end that British India may attain its due place among Our Dominions. Therefore We do charge Our said Governor-General by the means aforesaid and by all other means which may to him seem fit to guide the course of Our subjects in India whose governance We have committed to his charge so that, subject on the one hand always to the determination of Our Parliament, and, on the other hand, to the co-operation of those on whom new opportunities of service have been conferred, progress toward, such realisation may ever advance to the benefit of all Our subjects in India.

**DEPARTMENT OF MINES IN INDIA.**

**Regulations made by the Board of Examiners under Rule 30 of the rules applying to coal-mines made under section 20 of the Indian Mines Act, for the conduct of examinations for Colliery Managers' certificates of competency.**

(1) No member of the Board of Examiners shall act as a local examiner, except in emergent cases.

(2) When possible one or more members of the Board of Examiners shall attend every examination on at least one of the days.

(3) So far as is practicable, the local examiners for each examination shall be:—

(a) An Inspector of Mines, who shall be Secretary to the local examiners.

(b) Two Mining Engineers or Colliery Managers who must be the holders of first class certificates. Provided that a Mining Professor may be appointed instead of one of the Mining Engineers or Managers.

(4) The remuneration of each local non-official examiner shall be Rs. 150 for each examination, and a capitation fee of Rs. 2 for each first class candidate and Re. 1 for each second class candidate examined, and travelling expenses and halting allowances on the first class scale under the Civil Service Regulations; but an Inspector of Mines, acting as a local examiner, shall not be entitled to any fee or remuneration whatsoever, beyond the travelling expenses and halting allowances due to him in his official capacity.

(5) The examinations will be advertised at least four months before the date of the examinations and applications on the form prescribed by the Board of Examiners, supported by original certificates as to experience and character and fees will be received up to a date, duly advertised, not less than one month prior to the examinations. No application which is not in the prescribed form will be considered by the Board. No application which is not supported by the certificates and fees referred to above will be considered by the Board if submitted after the advertised date for receiving such applications and fees.

(6) The subjects for examination shall be:—

(a) *Arithmetic and handwriting.*

(b) *Practical and theoretical coal-mining*, including surface and underground arrangements, sinking, timbering, ventilation, gases met with in coal-mines, a knowledge of plans, surveying and levelling, and of the various instruments used in mining. Questions may also be asked upon geology, sanitation, hydraulics, explosives, safety lamps and similar subjects. Candidates may also be required to show how to arrange the ventilation and haulage of a mine on a given plan.

(c) *Practical mechanics*, including steam, steam-engines, steam-boilers, pumps, strength of materials; electricity and compressed air as applied to coal-mining.

(d) *The Indian Mines Act*, and rules made under the Act.

(7) The examination shall be both written and oral and the subjects and conditions shall be the same for candidates for both classes of certificates; but the examination questions shall be made suitable for each class of certificate.

The examiners shall have power to eliminate the oral examination in the case of candidates who do not reach a standard in the written examination to be prescribed by the Board of Examiners.

(8) The following shall be the maximum number of marks given for each subject :—

Subject.	FIRST CLASS.			SECOND CLASS.		
	Papers.	Viva voce.	Total.	Papers.	Viva voce	Total.
1	2	3	4	5	6	7
(a) Arithmetic and handwriting	50	...	50	50	...	50
(b) Mining ...	160	60	220	140	80	220
(c) Mechanics • ...	110	40	150	100	50	150
(d) Indian Mines Act ...	60	20	80	50	30	80
Total ...	380	120	500	340	160	500

(9) A candidate for a certificate of competency must qualify in each of the subjects for examination and must obtain 40 per cent. of the maximum marks obtainable for each paper, 40 per cent of the maximum marks obtainable for the oral examination and 60 per cent on the whole examination (written and oral) to qualify.

(10) A candidate for a first class certificate, who does not reach the necessary standard, may, nevertheless, at the discretion of the local examiners, be recommended, to the Board of Examiners for a second class certificate, if, in their opinion, he has done sufficiently well to deserve it.

(11) The Secretary to the local examiners shall submit a report, of the result of the examination giving the number of marks obtained by each candidate in each subject, to the President of the Board of Examiners within one month of the close of the examination.

(12) The questions which the local examiners intend to put in the examination papers shall be submitted in draft to the Board of Examiners, for approval, at least six weeks before the date of the examination. Answers to questions on arithmetic and those involving calculations and all plottings and levellings must be submitted to the Board of examiners along with the question papers.

(13) At least one examination for first class candidates and at least one examination for second class candidates shall be held annually in one of the Bengal or Bihar and Orissa coal-fields; and in other parts of India examinations will be held whenever, in the opinion of the Board of Examiners, the number of candidates in a coal-mining centre justifies the holding of an examination.

(14) No candidate will be allowed to take part in the examination until he has produced an authorization from the Board of Examiners.

(15) Every candidate before taking his seat must sign a register, in which he will be given a definite number. He must sign his name and write his registered number at the top of every page of the paper on which he writes the answers to the questions.

(16) The number of the questions must be given in bold figures before the answer to each question.

(17) The calculations and work by which a result is obtained must be clearly shown in immediate connection with the answer to each question.

(18) Answers must be strictly confined to the questions asked.

(19) Sketches may be made to make answers clear.

(20) When sketches are asked for, it should be understood that, unless otherwise stated, freehand sketches, with dimensions, are all that is necessary, and candidates should not spend time in making finished drawings.

(21) Any candidate speaking to any other candidate during the examination, or using any book, notes or private paper, or acting in any manner which the examiners consider improper will be liable to be disqualified at their discretion. The Board of Examiners may in such a case use their discretion as to allowing the candidate to sit at any future examination.

(22) When a candidate has completed the answers to the questions, or when the time allowed for answering the questions has elapsed, or he has been disqualified, he must hand the paper of questions and his answers to the examiners, and at once leave the examination room.

(23) A time table will be supplied to each candidate at the commencement of the first day's examination.

(24) The oral examination will be held at a subsequent date. Only those candidates who obtain a certain degree of proficiency in the written examination will be examined orally. Due notice of time and place will be sent to each candidate required by the examiners of oral examination.

(25) The number of marks given for each question will be shown in brackets at the end of the question.

(26) Ink and paper will be provided, and no paper other than the official paper provided may be used. Candidates must bring their own pens and pencils, drawing pens and drawing instruments, including a protractor.

These Regulations cancel all previous regulations and shall take effect from the 30th September 1921.

#### NOTIFICATION.

##### Post Graduate Research Scholarships to be awarded in 1921.

Three Post Graduate Scholarships will be awarded for the encouragement of original research to candidates who have high and special qualifications and appear to be likely to conduct original research with success. The value of each scholarship is Rs. 100 a month, and each is tenable for a maximum period of three years.

2. Ordinarily one scholarship will be awarded annually to a student who proposes to carry on original research in scientific subjects, including such branches as natural and physical science, chemistry, mathematical science, etc., and another scholarship will similarly be awarded for research in literary subjects, including such branches as languages, comparative philology, palæography, epigraphy, philosophy, history, archæology, anthropology, etc., and the third scholarship will be awarded for research either in scientific or in literary subjects. No application for a research scholarship will be considered unless a candidate submits certificates showing that he has the capacity for undertaking the research proposed and a programme of work indicating a definite course of enquiry.

3. Election will be made in the first instance for one year only, with effect from 1st July 1921, but a scholarship may be renewed from year to year, up to the limit of three years, provided the scholar has throughout the year vigorously prosecuted original research in the subject selected by him.

4. Each candidate for a scholarship should submit his application, through the head of the institution in which he last studied to the Director of Public Instruction, Bengal, on or before 10th May next, and must produce evidence of having passed from a college or other institution in Bengal the M.A. or M.Sc. examination of Calcutta University or of having obtained some other equivalent or higher degree, such as Doctor in Science or Master in Engineering of Calcutta University in 1918 or 1919 or 1920. He must state as definitely as possible the subject or part of a subject in which he intends, if elected to a scholarship, to carry on his original investigation. He must also state the name of the institution in which he proposes to work with evidence that the authorities of the institution are able and willing to provide facilities for him, or if no institution is mentioned, the circumstances or conditions under which he proposes to work should be stated.

5. Applications for this year's scholarships should be submitted in prescribed forms which are obtainable from the Personal Assistant to the Director of Public Instruction, Bengal, Writers' Buildings, Calcutta.

I. GHOSH,  
for Executive Engineer, Dacca Division.

nominate six scholars, who, after 1918, must possess the I. Sc. pass certificate. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. Female students of Bengal, Bihar and Orissa, Assam and Burma, belonging to the Calcutta University, will be admitted to the College, provided they possess the requisite preliminary qualification and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

7. Failed students must apply for admission and pay fee before the 15th May, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, viz., Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. All Regular students, excepting the female students, must pay an annual fee of Re. 1 to the Medical College Athletic Club along with the fees for the Summer term.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M. B. and at the First M. B. Examinations shall pay Rs. 80 for the whole session in one instalment by the 1st June.

12. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

13. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

14. Students who fail at the Final M. B. Examination shall pay fees for the whole session at the following rates in one instalment by the 1st June:—

	Rs.
For one subject ... ..	25
For two subjects ... ..	50
For three or more subjects ... ..	75

15. In calculating the sum to be paid under rule 13 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, i.e., he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 13 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduates undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships, awarded by the Government of Bengal, are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, Local Bodies, or Dufferin Fund, shall pay the same fees as regular students.

20. The following are the curricula of the College:—

### **REGULAR STUDENTS.**

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the—

(a) "Regular Class" is the I. Sc. Pass certificate of the Calcutta University.

N.B.—This rule does not apply to female students.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, before the 25th May, except in the case of Biharis, Uriyas, Chota Nagpuris and Assamese students, who should apply to the Inspectors-General of Civil Hospitals of their respective provinces for admission within such date as the latter may prescribe.

N.B.—All candidates for admission whose applications have been officially acknowledged are requested to attend at the Office of the Medical College, Calcutta, to appear before a Selection Board each day between 1 and 3 p.m., subsequently to the 25th May.

Selected candidates must pay the following fees on or before the 10th June, failing which their names will be struck off the selected list:—

	Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	1	0
Total	83	8

5. The number of Regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

One-fourth of the total number to be admitted shall be Muhammadans. Twelve candidates will be nominated by the Inspector-General of Civil Hospitals of Bihar and Orissa and six candidates by the Inspector-General of Civil Hospitals of Assam. These candidates must possess the qualifications mentioned in rule 2(a). In addition, the Bihar and Orissa Government will

nominate six scholars, who, after 1918, must possess the I. Sc. pass certificate. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. Female students of Bengal, Bihar and Orissa, Assam and Burma, belonging to the Calcutta University, will be admitted to the College, provided they possess the requisite preliminary qualification and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

7. Failed students must apply for admission and pay fee before the 15th May, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, viz., Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. All Regular students, excepting the female students, must pay an annual fee of Re. 1 to the Medical College Athletic Club along with the fees for the Summer term.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M. B. and at the First M. B. Examinations shall pay Rs. 80 for the whole session in one instalment by the 1st June.

12. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

13. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

14. Students who fail at the Final M. B. Examination shall pay fees for the whole session at the following rates in one instalment by the 1st June:—

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

15. In calculating the sum to be paid under rule 13 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, i.e., he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 13 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduates undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships, awarded by the Government of Bengal, are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, Local Bodies, or Dufferin Fund, shall pay the same fees as regular students.

6. Female students of Bengal, Bihar and Orissa, Assam and Burma, belonging to the Calcutta University, will be admitted to the College, provided they possess the requisite preliminary qualification and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

7. Failed students must apply for admission and pay fee before the 15th May, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, viz., Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. All Regular students, excepting the female students, must pay an annual fee of Re. 1 to the Medical College Athletic Club along with the fees for the Summer term.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M. B. and at the First M. B. Examinations shall pay Rs. 80 for the whole session in one instalment by the 1st June.

12. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

13. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

14. Students who fail at the Final M. B. Examination shall pay fees for the whole session at the following rates in one instalment by the 1st June:—

	Rs.
For one subject ... ..	25
For two subjects ... ..	50
For three or more subjects ... ..	75

15. In calculating the sum to be paid under rule 13 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, i.e., he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 13 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduates undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships, awarded by the Government of Bengal, are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. G. C. MOOKERJEE,

*Secretary, State Medical Faculty, Bengal.*

GROSVENOR HOUSE, the 30th May 1921.

**BENGAL COUNCIL OF MEDICAL REGISTRATION.****NOTICE.**

It has been brought to the notice of this Council that medical certificates are sometimes obtained by personation and that sufficient precaution is not always taken by registered practitioners to guard against this fraudulent practice. The Council therefore desire to bring this matter to the notice of all registered practitioners and to advise them, in their own interest, to exercise all possible care and circumspection in granting medical certificates. Such certificates should, ordinarily, only be issued to individuals who are either personally known to the practitioner or of whose identity he has satisfied himself.

By order of the Council,

G. C. MOOKERJEE, *Registrar.*

They should produce proof that they have not attended any school for such period. They should also produce certificates of conduct and progress in studies from the authorities of the last school where they read and also a certificate from other reliable authorities regarding conduct and progress in studies after leaving school. The transfer certificates granted to them by the authorities of the schools in which they studied last or the Registrar's receipt for the fee paid in the case of those candidates who previously appeared at the Entrance or the Matriculation Examination must be submitted in original along with the application for permission to appear at the Text Examination. A statement of the antecedents of the candidate should accompany his application. He should state whether he has read in any unrecognised school, and if so, in what school and in what year. A student who failed to pass the annual examination for promotion to the first class at the end of the year 1920, and then left school will, in no circumstances, be allowed to appear at the Test Examination of 1921.

7. No private student will be admitted to the Test Examination unless he is satisfactorily identified.

8. Candidates who are sent up by this office must appear at the Calcutta examination centre.

9. Those who reside at a distance from Calcutta may, with special permission, present themselves at the Test Examination held by the headmaster of the nearest zilla or Government high school within the Presidency Division on condition that they appear at the centre selected by the candidates from that institution. The headmasters of such schools are hereby authorised to sign the applications, which must afterwards be countersigned by the undersigned. The fees and fines paid by these candidates as per paragraph 6 above should be utilized in meeting the cost of the examination.
